Patent Phosgene Gas,

FOR BURNINGINTHESAME.

This Lamp, for producting a portable Light, is, confidently recommended as seperior to any other now in use.

The Gas, which is emitted in beautiful jets from small perforations in Platina.

The Gas is generated as it is used, by the heat of its own combustion acting on the burner, connected with the Liquid in the Lamp. Thusit is a perfect and portable apparatus for creating and burning seriform Gas.

Its construction is such, that all possibility of accident from its use is entirely removed; and the great simplicity of its arrangement renders it less liable to get out of order than any other kind of Lami. It requires no cleaning and trimming, as do the Oil and Camphene Lamps, and burns equally well, either with or without a glass globe or shade, and perfectly free from smoke or odor.

The opinions of the scientific may be learned from the fact that at the Annual Fair of the American Institute, in 1846, a. SLLVER MEDAL was awarded to the Inventor, and a Dillyer.

Smallwood & Co., *beg leave to present a few of the schemes of "Maryland State Lofterfes," believing those we have selected the best to venture in. The lotterfes o-Maryland, are drawn under the supervision of Commist sioners elected by the State, and each ticket stamped by them, (none others being legal.)

To those who have not the means to venture largely or not disposed so to do, will find small lotteries drawing every week, and to those who may wish to venture more largely, will find some of greater magnitude, ranging in price, from \$1 to \$2.0, and larger ones from \$5 to \$2.0, and packages, as the most advantageous to the purchassers, as they may have about twice the amount of tickets in packages for the same cost, -vier for 26 tickets in a \$1 lottery, we charge \$16, and the owner of said package, entitled to all that may be drawn over the sum of \$10. Halves and quarters in proportion.

For ourselves as prize sellers, we will say nothing, but refer to the official accounts of the managers daily, for the many prizes sold by m, as we are acting only as 'Agents,' it is much to our advantage to make the best possible so lection for our correspondents, as we thereby gain credit, and on the renewal, or cashing prizes, make the most profit, and from an experience of 10 years in the business, flater ourselves our judgement in selection of some importance.
