MEDICAL.

CONSUMPTION SUCCESSFULLY TREATED BY INHALATION OF MEDICATED VAPORS.

BY JOHNSON STEWART ROSE, M. D.,
Fellow of the Royal College of Physicians, and for years Senior Physician in the London Royal Infirmary for Diseases of the Lungs.

IN this age of progress, medical science has contributed her full share to the general welfare, and that which shines resplendent, the brightest jewel in her diadem, is her last and greatest gift,

MEDICATED VAPOR INHALATION,

in the treatment of Consumption and kindred affections.—The most absurd notions, narrow-minded prejudices, contemptible ignorance, and unblushing quackery, have long existed in the treatment of Consumption. Men of skill and reputation as physicians, have prescribed nauseous compounds to be taken into the stomach, to cure diseases of the lungs, while the brazen-faced quack held up his nostrum as the only star of hope for the consumptive—if only enough of it were swallowed. The stomach, where no disease exists, being the receptacle of all this, is soon rendered unfit to perform its functions, and the health thus materially injured. All must see the absurdity, the positive injury of such a course; the disease is in the lungs, not in the stomach; then why, in the name of common sense, do you not apply medicine directly to the lungs? The advantage of Inhalation in Consumption and Throat Diseases is, that medicines in the form of Vapor are applied directly to the lungs, where the disease exists; the stomach is thus left perfectly free to aid in restoring health, by administering to it healthy, life-giving food.—There is no case so hopeless that Inhalation will not reach. The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple, that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's effort.

The Inhaling method is soothing, safe, and speedy, and consists in the administration of medicines in such a manner that they are conveyed into the lungs in the form of vapor, and produce their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world, and establish the entire curability of Consumption.

I appeal to the common sense of all afflicted with lung diseases, to embrace at once the advantages of Inhalation, and no longer apply medicine to the unoffending stomach. I claim for Inhalation a place amongst the precious gifts that nature and art hath given us, that "our days may be long in the land," and as the only

ARK OF REFUGE FOR THE CONSUMPTIVE.

A method not only rational, but simple, safe and efficacious.

To many of my professional brethren throughout the Union, I tender my acknowledgements for their frank and manly course in testifying to the merits of Inhalation. I shall be pleased to co-operate with them in offering to the afflicted the blessings of Medicated Vapor Inhalation in the treatment of Consumption.

One word for myself, in answer to those claiming to have introduced the practice and to the tribe of imitators, who, with brazen impudence, claim it as their own. I both wrote in favor of Inhalation and practised it 16 years! The apparatus then used, with the medical agents employed, achieved only a partial success; I therefore did not claim for it then the miraculous powers which a long practice has since enabled me to give it. Proof of this may be found in my work published in 1840.

Applicants will please to state if they have ever bled from the Lungs, if they have lost any flesh, have a cough, night sweats and fever turns, what and how much they expectorate, what the condition of their stomachs and bowels. The necessary medicines, apparatus, &c., will be forwarded to any part.

TERMS—$5 consultation fee. Balance of fee payable when patients report themselves convalescent.

RECOMMENDATIONS BY PHYSICIANS.

We, the undersigned practitioners in medicine, cheerfully and heartily recommend Dr. Rose's method of treating diseases of the Lungs and Throat, as the best and most effectual ever introduced into medical practice. Our convictions are based upon having several of our own patients, confirmed consumptives, restored to vigorous health after a few months' treatment by Dr. Rose. In the above named diseases, the application of Medicated Vapors, inhaled directly into the Lungs, may be justly considered a great boon to suffering humanity, rendering Consumption a perfectly curable disease.

Dr. Rose deserves well of the profession for his unwearied labors in bringing the Inhaling method to such a degree of perfection.

THE GREAT AMERICAN REMEDY!!

AN INFALLIBLE CURE
For Chills and Fevers, Billiousness, Dyspepsia, Liver Complaint, Diarrhœa, Dysentery, Piles, and all Diseases of the Stomach and Bowels, and Impurities of the Blood.

CERTIFICATE.

July, 1855.

Dr. Hastatt:—Sir: Having analysed a bottle of your Wormwood Cordial, and tested its various qualities, I take great pleasure in giving my testimony in its favor, as the articles composing it, being entirely vegetable, are perfectly safe, and such as any unprejudiced Physician would not hesitate to prescribe to his patients. I have administered it to my wife, whose health for some time past has been exceedingly feeble, and it has strengthened and invigorated her greatly. I therefore recommend it with perfect confidence to the public in all cases of Dyspepsia, Debility, and all other diseases for which it is recommended.

Yours truly, J. W. Perkinson, M. D.,

GREAT VICTORY OVER ALL LINIMENTS!! J. B. Vondersmith's CHANG FHU, OR CHINESE LINIMENT.

THIS superior preparation is presented to the American public with the greatest confidence in its efficient curative qualities excel any other known Liniment. Its action is certain, safe and uniform, failing in no case where an external application is appropriate. All who have tried it regard it as infallible in the following diseases: Rheumatism, Sprains, Bruises, Swelled Limbs, Weak Joints, White Swelling, Pains in the Back, Hips, Sides, the Breast, Face, or any other part of the body. It is an excellent remedy in Bruises, Scalds, Cuts, &c. The usefulness of this inestimable chemical compound is by no means confied to the human species, but is efficacious whenever applied to the diseases of the favorite domestic animal the horse. Among the many diseases and accidents occurring to the horse, for which it is the most certain cure, may be named the following: Cuts, Bruises, Sprains, in the Shoulders, Chaps, Scratches, Cracked Heels, Sweeney, Spine, Pator Joints, etc. For further particulars see direction on bottles.

TAKE NOTICE.

Many and just objections are made to all the ordinary Liniments of the day on account of their offensive smell, and the unsightly stains often left upon the skin. A wonderful fact which has been verified to the astonishment of the most profound chemists, and the delight of fastidious patients is that in addition to its surprising curative effects, it is the most healthful cosmetic and agreeable perfume. To any part of the skin to which it may be applied it imparts a rosy and natural glow which lasts for many hours, and leaves the velvety softness of healthy skin, instead of the erected and chapped appearance which is a common result of almost all other articles used for that purpose. Hence, every lady's toilet is supplied with it who knows its excellent qualities in this respect. To realize its agreeable odor you need but open one bottle and try for yourself.

ZANESVILLE, OHIO.

Mr. J. B. Vondersmith:

DEAR SIR:—I have been afflicted for three years with Rheumatism in my back, and for the last six months not able to get out of my bed without help, and your agent in our city insisted on my trying one bottle of Chang Fhu Liniment and try what effect it would have; and one bottle has relieved me so much that I was able to get out of my bed without difficulty. It has been a blessing to me: just try for yourself and you will be well pleased.

MEDICAL.

EAR AND EYE. Drs. LEBRUN & DUFTON, OCULISTS AND AURISTS.

DR. LEBRUN offers to those suffering from Deafness, his *infallible* aural remedies, which have been successful in nearly three thousand cases of confirmed deafness. The remedies have been pronounced by Drs. Ehramer, of Berlin, and Deleau, of Paris, and Curtis Pitcher, of London, as the most wonderful ever applied for diseases of internal and middle ear. They comprise different courses for the various diseases that effect the external and middle ear. If the disease is confined to the external ear, their effects are apparent on the fifth or sixth day. Dr. LEBRUN warrants *a cure in every case*, when the ear is perfect in its formation. He has eighteen certificates from those who have been deaf from infancy whose hearing is now completely restored, and they are now enabled to *learn the language!* Over twenty-seven hundred cases of deafness have been successfully treated by him. Certificates to that effect may be seen on application.

In all cases of deafness arising from *inflammation, thickening*, or even *perforation* of the "*membrana tympani*" usually called the "drum;" *inflammation of mucus membrane* of the *tympanum* and *eustachia tube*, with *accumulation of mucus; nervous affections*, *polypus growths*, or when the disease can be traced to Scarlet, Typhus, Bilious, Billious or Intermittent Fever, Colds, the use of Quinine or mercurial medicines, gatherings in the ears of childhood &c., the sense can, in *nearly every instance*, be restored.—Where a want of secretion is apparent, the "auditory canal" being dry and scaly; where the deafness is accompanied with noises in the ear, like rustling of leaves, chirping of insects, falling water, ringing of bells, pulsations, discharges of matter, when in a stooping position a sensation is felt as if a rush of blood to the head had taken place; when the hearing is perfectly acute where there is much noise, or is less acute in dull and cloudy weather, or when cold has been taken, the course pursued by DR. LEBRUN is considered *infallible.*

DR. DUFTON, the only practitioner in the United States who practises the new, painless, and successful method of treating all diseases to which the eye is subject. Where every other means have failed to afford relief, he asks from all such a fair and impartial trial. Patients, by sending a few particulars of their case, can have remedies sent to any part.

TESTIMONY.

"We, the undersigned practitioners of medicine in the city of New York, having had occasion to witness the practice of Drs. LeBrun and Dufton in diseases of the Ear and Eye, laying aside all personal jealousy and prejudice, freely admit the course pursued by them in treating diseases of these delicate organs, from the *unparalleled success which has attended it*, is well worthy the attention of our professional brethren throughout the United States. Their system of treating diseases of the middle and internal ear, by the use of "medicated vapors," particularly in chronic and complicated cases, forms a new era in the practice of aural surgery, and fills up a void which has long been felt by the general practitioner. In diseases of the eye, they seldom require to resort to an operation. As skillful aurists and oculists, and enthusiastically devoted to their profession, we cordially recommend them to such as may require their aid."
