JIM WILLIAMS.—The police, during several hours of yesterday, were in hot persuit of a man whom they supposed answered, in every respect, the published description of Jim Williams, accused of participation in the recent Washington and Allegheny Co. murders. They found their man, but he was somebody else.

LAND WARRANTS .- Land warrants are in mor active demand than at our last quotations. The following are Saturday's quotations, by Green & Sewell, New York:

FLOATING PALACE. -- Messrs. Spalding & Ro-

gers' grand combination of three circuses, as most of our readers are already aware, will be at our wharf on Thursday next, to entertain and amuse those who may patronize them. This company is said to be the best in the United States. Of course there will be a general turn out. Lots of fun may be expected.

ROBBERY .-- A young man named Keys, on Sunday night, stole \$175 from a gentleman at New Richmond, a few miles west of Steubenville, Ohio. Our police, who believe he is now in the city, are after him "with a sharp stick."

ANOTHER.-A deck hand on the steamer Empire City, was robbed on Sunday night, of \$75. His carpet sack, which he had secreted, was cut open by the theves.

CIRCUIT COURT .- The Court met on yesterday morning, and proceeded with the trial of Everett. Various points of law were raised and decided. The attorneys for Everett then asked a postponement of the trial to Thursday next, to btain witnesses from Baltimore, which was

A Long Than.-A train consisting of 102 long freight cars (says the Detroit Tribune,) filled with live stock, mostly cattle from Chicago and Joliet, was brought in over the Central Railroad on the 11th. The train was drawn by three engines, and the cars contained unwards of one thousand cattle, besides a large number of hogs. The train was one of the longest and heaviest on this or any other road.

CHILD DROWNED .- We learn that a child, about eight years of age, daughter of a man named Williamson, was drowned in Cross Creek, near Patterson's Mills, Washington county, Pa., on last Thursday. The creek was very full, and in attempting to cross, with her little brother, on a foot-log, both fell in. The little boy sucsecded in getting out. The neighbors had been dragging the creek, but the body had not yet

ORDWAY'S ÆDLIANS, failed to meet their ap pointment at Washington Hall, last night, in consequence of a slip on the Circumbendibus Railroad, elsewhere notices, by which they were detained. Although no blame could be attached to the company, it was quite a disappointment to those who had repaired to the hall .-There was quite a respectable audience in attendance, notwithstanding the night was wet and very disagreeable. They will, however, be on hand to-night, without fail. The Pittsburgh on hand to-night, without fail. The Pittsburgh Dispatch, in noticing their last performance in that city, says: that city, says:

Those who would see and hear a really excellent musical entertainment, and not a mere "ne-gro show" should not fail to attend this evening, as the company appear in Wheeling on Monday evening, to the press and public of which place we can cordially recommend them. 10 DOZ, Salad Oll, fresh and pure, for rule by

Day Goons.—The dry goods trade has almost altogether ceased at wholesale. The spring trade has come to a sudden close. Prices have given way. The jobbers have been buying cheaper from the importers; and consequently selling cheaper. Though the importers have been suffering, the public have been gainers by the reduction in prices. The westign sales are the reduction in prices. The fauction sales are becoming few. The stock of str ple goods has been much augmented, and being held over, will check the importers a little for the fall and attentive to every department of business, and will use every effort to deserve the patronage of the community. Our accounts will run to the 15th instant, and we hope our remorse. Black and staple silks are generated will aid us in specially closing up our out-standing learness. MAY 18.—The Daily Times says Charles
Mclivaine, nephew of Bishop Mclivaine, goes
private Secratary to Gov. Walker; also, that the War Department have assigned Major Deas Lieut. Carr, and Walker, his Military aid. Th Times also says Judge Drummond, now in Washington, D. C., will be tendered the Governorship of Utah, should McCulloch decline.

The Times Utah correspondence details great outrages in Salt Lake City, where a band ourmed Bandita entered the United States Cour

Room while Court was in session and by their personal violence compelled Judge Stiles to adjourn Court sine die. The Judge, previous to submitting, appealed to Brigham Young for protection. That functionary replied, he would not interfere, but let the boys have their own way. For the Courts had already given to much way, for the Courts had already given too much trouble. The greatest excitement existed and the Mormons are well armed and threaten most disgraceful personal violence upon the Gentiles and especially the U. S. Surveyor General.

This is a purely vegetable compound, prepared on strictly
scientific principles, after the mannier of the celebrated
Holland professor, Boerhave. Because of its great success
in most of the European States, its introduction into the
United States was intended more especially for those of our
atheriand scattered here and there over the face of this
mighty country. Meeting with great success among them,
I now offer it to the American public, knowing that its truly
wonderful medicinal virtues mutal be acknowledged.
It is particularly recommended to those persons whose consituations may have been impaired by the continuous use of
ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it thind its way directly to the seat of
life, thrilling and quickening every nerve, raising up the
drooping spirit, and, in fact, infraing new life and vigor to

the system.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against in purchasing. Be not persuaded to buy anything else until you have given Boerhaye's Holland Bitters a fair tidal. WHAT IT IS DOING FOR THE SICK.

Wm. Schuchman, Esq., the well known lithographer, says:
"I have frequently used Boerhave's Holland Bitters, and find it inwariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered." J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommend it to others, knot-ing it to be just what it is represented."
Ald, Jonathan Neely, of Lower St. Clair, says: "I have lerived grest benefit from its use for weakness of the stom sch and indigestion. erived great benefit from its use for weakness of the stom ch and indigestion.

James M. Murphy says: "After several physicians had alled, Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press says: "After one of the best physicians in the place had inlied, Boerhave's Holland Bitters cured me of the worst form of dyspepsia."

Exancis Felix, only manufacturer of the "original Extract of Coline" says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

of the best medicines in the world for a disordered stomach of liver."

Dr. Ludwig, editor of the 'Fackel,' lastimore, pronounces it a medicine deserving the conductor of the public.

Dr. Eheshart, the leading German physician of Penna, has preseribed it frequently during the lastifice years, with marked success, in debilitated states of the digestive organs, or of the system generally.

The manager of the banou's Vinegar Factory says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything also avertaken."
