that portion of the Great Bear constellation known as "The Dipper." The comet has a redand apparently recedes and returns, presenting at one moment a very bright twinkling appearance, and at another being hardly noticeable .-This is attributable to the fluctuations of the luminous haze with which the body of the star is surrounded, and which was calculated by Arago from a former apparition to be many thousands of miles in thickness. The erratic wanderer is only one hundred and forty millions of miles away, and yet some distance from its perihelion, or nearest point to the solar luminary. It is rapidly approaching the earth, and during the month of October will be of surprising brilliancy, perhaps more brilliant than any of the present century. It has a period of 31 years, and is identical with the comet of 1827, and Charles V.'s comet.

A Just Judgment .- On Saturday officer Definbaugh found a boy lying drunk in an out expedition, and in a style suspassed by nown. of the way place, on the Island, and picked him We possess unlimited facilities, for doing, in a neat and up and brought him to Ald. Dulty's office. As the only charge against him was drunkenness, and as he had disturbed no one, the magistrate laid him out upon a settee where he slept soundly enough for a couple of hours, when he arose and arranged his toilet as well as the facilities allowed. He thanked the Alderman for his kindness, bade him good morning and retired. This was much better than to have fined him for an offence not within the power of the law (as is frequently done) and consigned him to imprisonment. This transcending of jurisdiction, putting the city to unnecessary expense, and inflicting false imprisonment, is becoming too fashionable.

Fatal Railroad Accident .- The express train, going east over the Baltimore and Ohio Railroad Thursday morning, was thrown from the track at Willard's Run, about thirty miles west of Martinsburg, in consequence of a switch having been left open, either accidentally or by design. The engine and the tender, together with the mail and baggage cars, were thrown from the track, and the fireman, a young man named Dodson, was crushed by the breaking fragments, and died almost instant y. The engineer was slightly bruised and stunned. The passenger cars did not get off the track and no one in them was injured. The body of Mr. Dodson was taken to the residence of his mother in Baltimore.

Runaway and Excitement .- On Saturday afternoon, two horses attached to a heavy wagon came tearing at a fearful speed up Main Street, exciting general terror and scattering pedestrians in all directions. They took the pavement inside the awning posts at Hess' clothing house, smashing store boxes, carrying away the show clothes, and demolishing everything that obstructed their passage. They kept on up the side walk, and upset a horse and car .. riage in front of Tallant & Deleplain's, tore away hitching posts, and were finally brought up standing by an accumulation of formidable ob. structions

The Hempfield .- We are informed by Mr. Sweeney, the general manager of the Hempfield ilroad, that extra trains will be put on next Thursday and Friday for the purpose of accommodating those who wish to attend the Washing ton Fair. Our fair, which has just closed, was well attended from Washington, and everything will be done I ere to encourage a reciprocal feeling in this as in all other matters. The Washington Fair is designed to be the best and most extensive exhibition ever given there and no doubt many of our people will attend.

A Wild Irishman. - Samuel O'Laughlin, a wild Irishman, indulged himself in getting drunk on Saturday morning and reared, yelled and spread himself around the Market house in a frightful manner. He strutted into the City Hotel and was immediately ejected, which so enraged him that he smacked his fists together and wanted to fight anybody that dare "stand fernenst Sammy O'Laughlin" The regular police not being within sight, Mr. Joseph Jordan took the terrible fellow into Ald. Wright's office and from there to jail.

The Day of Atonement .- The tenth day of Tishri begun on Friday evening. According to biblical precept it is set apart by sacred Scripture as the Day of Atonement, in regard to which we are promised, "For on this day he will pardon you, to purify you from all your sins, that you be pure before your God." The adherents of the Jewish faith piously observed the occasion on Saturday in the Synagogue over our office.

Low Water. - The water is becoming so low that it is difficult to tell, with any degree of certainty, the depth in the channel. During the fair hundreds of people forded the river on horseback and in wagons and buggies. There are no boats running except the Camden, and she is on the ground about half the time.

A High Price.—We learn that the sorrel horse, "Harry Neel," the winner of the sweepstakes on Friday afternoon, was sold by Mr. Nevens, the same evening, for fifteen hundred dollars. A couple of gentlemen from Pittsburgh are the purchasers.

Thanks.—Geo. Dalrymple, of Adams' Express Company, has placed us under obligations for late Cincinnati papers.

A Policeman named Hopkins was dangerously shot on the 14th inst., while attempting to arrest an offender in Cincinnati.

THE RESTORATIVE OF PROF. O. J. WOOD, FOR REhad a rival. Volume after volume might be given from all parts of the world, and from the most intelligent, to prove that it is a perfect R-storative; but read the circular and you cannot doubt; read also the following:

you cannot doubt; read also the following:

The Hair.—People have for centuries been afflicted with baid heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by liair Tonics of different kinds. To all such persons we carnestly make the request, that they will try once again, for in Wood's Restorative there is no tuch thing as fail. We know of a lady who was baid, who used the article a short time, and her head is now covered completely with the liniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the hest articles for keeping the hair in good condition, making at soft and glossy, removing danduriff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—[Woman's Advocate, Philadelphia.]

Cosnocrox, Ohio, Nov. 17, 1856.

O. J. WOOD & CO.—Genus: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Hackinson.) and having experienced the beneficial effects of it myself. I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing sould for it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have soid various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly,

S. T. STOCKMAN.

WAYLAND, Mass., Feb. 5, 1857.

PROF. O. J. WOOD & Co.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that inding my hir growing thin, as well as gray, I was induced, from what I read and heared, to try the article presented in a gray hand chance its color. pared by you, to promote its growth and change its color is it was in youth, both of which it has effected completely. In the operation I have used nearly three bottles.

Out of Purgatory.

Henry Davis, Mound sirect, St. Louis, who says he was "safering the pauge of purgatory" with Neuralgia, for months, was cured by three or four applications of the Arctic Liniment.

Pity the Little Children.

A little daughter of Mrs. Lee residing on Lake street, Chicago, was scalded all over by the upsetting of a kettle of boiling water. The Arctic Liniment was applied according to the directions, and the fire was instantly extracted, and in a few days the little sufferer was well. Restored to Beauty.

Mrs. George E. Tyler, Canal street, N. O., had long suffered from a painful and disfiguring cruption on the face, and by the use of one bottleot the biniment wascured, and restored to her original besuty.

A Horrible Tumer.

Eugene Mallory, Natches, was three years the victim of a horrible tumor on the neck, which resisted all remedies until he tried the arctic Liniment. Three bottles cured

Wonderful Oure!
Mrs. Bedford, Mobile, was confined to her couch for three years with numb palsy, and after being in despair from the failure of all other remedies, was cured by the Arctic Liniment, in a little over a month.

An Explosion.

MEMPELS, TENN., Nov. 28th, 1857.

Minghes, Taxa, Nov. 28th, 1857.

I hereby certify, that having been badly braised and scalded by the explosion of a Steam Boiler, afriend induced me to try Bragg's Arctic liniment. The mart was instantly extra-ted from the scalds, and in a very short time, all the pain was gone from the braises. In two weeks I was well, and able to resume my business.

HENRY HAVERSKILL, residence Jackson street. The Blind See!

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA.

DISEASE OF THE KIDNEYS. LIVER COMPLAINT,

WEAKNESS OF ANY KIND FEVER AND AGUE.

And the various affections consequent upon a disordered STOMACE OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains
Hearthurn, Loss of Appetite, Despondency, Costiveness,
Blind and Bleeding Piles. In all Nervous, Rheumatic, and
Neuralgic Affections, it has in numerous instances proved
highly benedicist, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated
Holland Professor, Boerhave. Because of itsgreat success
in most of the European States, its introduction into the
United States was intended more especially for those of our
fatheriand scattered here and there over the face of this
mighty country. Meeting with great success among them,
I now offerit to the American public, knowing that listruly
wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose
constitutions may have been impaired by the continuous
use of ardent spirits, or other forms of dissipation. Gnerally instantaneous in effect, it finds its way directly to the
seat of life, thrilling and quickening every nerve, raising up
the drooping spirit, and, in fact, infusing hew health and
vigor in the system.

vigor in the system.

Norios.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUSTON. The great popularity of this delightful Avoms has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
