SPECIFIC HOMOSOPATRIC REMEDIES Stand confesedly at the head of remedial means for the use

Stand confessedly at the head of remedial means for the use of the people. They are alike removed from the poisonous, dangerous and repulsive doses of quackery, or old school practice, the inconvenience of water-cure, or the intricate and perplexing obscurities of the usual Homeopathic books and medicines. Consisting of simple specifics for the various diseases to which they are related; put up in the form of simple sugar pellets; and prepared of ingredients neither dangerous or discussing, they form at once the ready source of the parent or nurse, and are the comfort of the complaining or invalid.

They possess these positive advantages, which were never before combined in any popular remedies. They are BARKLE, you always know what to take, and how to take it. They are convenient; you can give the proper Sugar Pill at a moment's warning, without hesitation or delay. They are sprictsny; in thousands of cases disease is arrested at once, and the mite cures at the moment what the pound could not afterwards have relieved. afterwards have relieved.

The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened and rendered less dangerous. Even should a physician afterwards have to be called, he will take the case at decided advantage from the previous treatment.

No family should be without these invaluacle curatives.—
They are the only remedies perfectly adapted for domestic
and private use. With them the parent is armed and prepared against the first approach of disease, and can meet it
at the threshold and keen it at box. A trifle of medicine
rightly directed in the first hours of desease, perfectly cures
that which by delay can only be relieved by long and tedious hours of suffering, if at all. With these at hand, you
are not oblided to await the coming of that often distant,
as well as expensive luxury, a doctor; nor to be diugged or
noisoned, or bisterrel, or bled, but may yourself administer
the simple specific, and restore the ruddy current of life
again to health and joy. There cannot only no injury arise
in any case from their use, but the general influence upon
the constitution, beyond all question, is most beneficial.

AGENTS WAN PED. No family should be without these invaluacle curatives.
