THE INTELLIGENCER

LOVE AND WEALTH.

He said, oh, long beloved' at last
And vainly now, I speak,
My dream of life and love is past;
The hue upon my cheek—
The fervid hectic of an hour—
But burns itself to death;
Yet dost thou hold o'er me thy power,
E'en to my latest breath.

I feel within me, day by day,
The pain that will not pass—
The langor of a long decay,
As shadows on the grass;
And to my lips a chalice cup,
My fiery draft of life,
Comes off all redly gushing up;
I ne'er shall call thee wife!

When I would clasp in mine thy hands,
A voice still sighs: too late!
And dark 'twixt thee and me there stands
Inexorable Fate!
And yet, not all this wide green sphere,
Not all the worlds that roll,
Hold aught so vainly, wildly dear,
Thou partner of my soul!

Of this wild love I have for thee,
That, in my life's eclipse,
Arises like the mighty sea
To the spent swimmer's lips,
Thou dost not know, thou dost not dream—
Unconscious as the star
That glides above the foaming stream,
Thou rulest me from afar.

Another, blest, shall call thee bride,
And clasp thee to his hart;
While I, forever from thy side,
A pallid shade depart;
A vision of thy dreamy youth,
A memory, a regret;
But, by eternal love and truth,
My spirit claims thee yet!

Farewell! farewell! I fling afar
This weakness from my soul;
Beyond each planet's shining car
My spirit seeks its goal.
'Tis o'er! my latest dream of earth—
My passion hour is past!
Death woes me to a happier birth—
My spirit sinks at last!

THAT was a keen thrust made by a Methodist preacher in discussing the peculiar belief of a Campbellite Baptist, when he completely turned the laugh upon him by saying: "Some people think heaven is an island, and you must go through water to get to it."—*N. Y. Paper.*

SPECULATIVE THEOLOGY.—The leading sensation preachers of the day—such as Beecher, Spurgeon, Parker, Chapin, etc.—are said to make from five thousand to twenty thousand dollars a year. They are engaged in preaching what may be called "speculative theology;" in fact, the speculation would do credit to Wall street.

THE NEXT THING TO IT.—"Got any ice at your end of the table, Bill?"

"No; but I've got the next thing to it."

"What's that?"

"A severe cold."

DIMITY.—A member of the Woman's Rights Association writes to ask us if Professor Dimity, our new minister to Central America, is a lady or a gentleman. As ministers go, we should say *neither*.

NOT ACCORDING TO THE CODE.—A Frenchman, on having a coat repaired, returned it to his tailor and indignantly demanded "a mend honorable."

NEGROLOGICAL.—A colored man died in Charleston last week from eating too much hominy. *Sic cunt fata hominum.*

THE MAN WHO LOVES HIS FELLOW MEN.—The King of the Cannibal Islands.

THE most curious women willingly cast down their eyes to be looked at.

NEVER tell a man he's a fool; in the first place he won't believe you; in the next, you make him your enemy.

IN this world is all a fleeting show there are a great many people who contrive to get into it for nothing. It is full of "dead heads."

"You'll kill yourself smoking so much, husband." "Indeed, wife, I must use the weed." "Oh, very well, I shall have occasion for weeds myself pretty soon."

SOME one very properly has said that as no other roads are so rough as those that have just been mended, so no men are so intolerant as those that have just turned saints.

A lady said to her sister, "I wonder, my dear, you have never made a match; I think you want the brimstone." To which she replied, "No, not the brimstone—only the spark!"

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay *all pain* and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to Your Infants.

We have put up and sold this article for over ten years, and can say, *in confidence and truth* of it, what we have never been able to say of any other medicine—NEVER FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Mrs. WINSLOW'S SOOTHING SYRUP.

This valuable preparation is the prescription of one of the most *EXPERIENCED* and *SKILFUL NURSES* in New England, and has been used with *never-failing success* in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic,

and overcome convulsions, which, if not relieved, end in death. We believe this the

FOR CHILDREN TEETHING

best and surest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*do not let your prejudices, nor the prejudices of others,* stand between you and your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

NO HUMBUG!

But a Fruit Jar that is a Fruit Jar

T. SWEENEY & SON have just finished and now ready for market a new and improved FRUIT JAR, with Glass Stopper, of their own manufacture, which is beyond doubt the *no plus ultra* in the Fruit Jar line. It is made of Flint Glass, and so tempered as to stand without the least danger of breaking, either from expansion by heat or contraction by cold, and is free from the many objections to the Tin Jars, which are easily corroded, and to the *Earthen Yellow Ware*, the dangerous glazing of which is frequently decomposed by the acids of Fruits. All they ask is an examination before our stock is closed out.

20 M. Iron Mosquito Net, just received.

HOMES FOR ALL.

THE AMERICAN EMIGRANT AID AND HOMESTEAD COMPANY having its headquarters in the City of New York, has been organized for the sole and definite purpose of collecting information from all parts of the country wherein desirable lands may be had at low prices, and commending those lands to the attention and favor of all who may be induced to purchase or improve them. It has been silently perfecting its arrangements and correspondence for more than a year past; until it is now ready to offer to settlers a range for selection embracing more than One Million Acres of cheap wild lands, with some improved farms, mainly in the States of Virginia, Pennsylvania, Tennessee and Missouri; and it will soon extend its operations into other States.

To immigrants from Europe, to the energetic young men of our compactly settled States and sections, to the hives of mechanics and laborers who throng our cities and live in constant and reasonable dread that panic or pestilence, war, revulsion, or some alteration in the channels of trade, may, at any moment, deprive them of employment and their families of bread; we say, resolve now, while you may, to seek a home where such perils are unknown.

We mean to sell lands, as well as negotiate for purchasers with those who have large tracts for sale, in every part of the Union; but our attention is more specially directed to the neighboring States—Virginia, Kentucky, Tennessee, and Missouri. VIRGINIA especially proffers at this time remarkable inducements to immigrants. Her climate is temperate and genial—the Peach, the Apple, the Pear, the Grape, alike thrive in it—it is far better and more desirably Timbered than almost any new State; its navigable rivers and innumerable, available streams, water-power, and profusion of the most valuable minerals—Coal, Iron, Salt, Copper, &c.—are unsurpassed; the State has expended large sums in constructing Canals and Railroads across its entire breadth, which place almost every county within a few hours' ride either of its seaports or of the great inland cities of Cincinnati, Pittsburgh, Wheeling, Louisville, &c.; yet fertile, inviting land, whether improved or new, is far cheaper this day in the Mother of States, than it is in Minnesota or Oregon. No where else on earth can lands filled with accessible Coal or Iron Ore, covered with choice Timber, and excellent alike for Grain and Grass, Fruit and Roots, be obtained so cheaply as in Old Virginia; while to men of considerable means we can sell good farms almost within sight of Washington City for less than the fair cost of the improvements.

The TABLE LANDS of EAST TENNESSEE present some of the most inviting fields for industry and enterprise on this Continent. The climate is salubrious and healthful. Its soil is adapted to all Agricultural pursuits. Its unimproved Lands are covered with useful Timber, or present natural openings, and Meadows producing nutritious Grass. The farmer can have his products on shipboard in 80 hours and can buy his Groceries, Dry Goods, etc., at home, as cheap as any one in New England. Yet, we can sell him good Lands, with perfect titles from one to three dollars per acre.

A word as to the single objection which has kept these lands so long uncultivated, and which now keeps them in market at a bare fraction of their intrinsic value—that of Slavery. This Company has only to deal with any institution as a subsisting fact, over whose existence or character it has no control. But we say in all confidence to intending settlers, Slavery in Virginia need not and should not serve longer as a hindrance to settlement on your part. That grand discovery of our age, CONCENTRATION, practically disposes of it so far as you are concerned. Let bands of families, including farmers, mechanics, millers, &c., take counsel together and resolve to seek new and more eligible homes in company. Let them, clubbing their means, send two of their number to look at such lands as we are prepared to sell them. Let these delegates, after a sufficient scrutiny, buy from five to twenty thousand acres in a body, embracing all the good points they require, then let them survey the whole into farms and lots of convenient size, and put these up at auction to the highest bidder, whether a member of the company or not. Each member will, of course be entitled to a return in land or money of the sum previously contributed by him to the company's funds, and to his proportion of any profit realized from the transaction. Thus, the Company will form a sort of spontaneous township, with its roads, bridges, stores, schools, church, &c., established, after the New England style—and Such a location may easily be made—such already, in fact, exists in every county of Virginia above tide-water; and into such a one Slavery will have neither pretext nor desire to enter. The city of Wheeling, the Quaker portion of Belmont County, etc., etc., to say nothing of new experiments, fairly exemplify the law we here indicate. Thus, before a steady and copious influx of Free-Labor immigration, Slavery quietly and gradually disappears, without convulsion or heart-burning, and the settlers sell their property and quadruple the value of it at settlement.

Young men of the West! a glorious career opens before you. We proffer you cheap land, ample timber, a mild and healthful climate, abolish humanity from even the dread of slave insurrection and competition, adaptation to all the grains, grasses and fruits of the temperate zone, with ready access to ample and remunerative markets at all seasons. Take, for example, more than half the arable land in Virginia has never been turned by a plow, while much of the poor land in some general localities is now but nearly worn out. Good treatment will readily and cheaply restore them to their pristine fertility. No stronger inducements to industry, no nobler theatre for exertion, is proffered by any where on earth.

Call and see our plans, descriptions, surveys, etc., or write to us (inclosing a stamp, if convenient), and your inquiries shall be answered as far as practicable.

Jelly Glasses!

WE have just made a new article for putting up Jellies. The shape is tapering with an indented rim around the top for tying the paper. It is just the very article, and we wish all who intend putting up Jellies to call and see it.

Fruit Jars! Fruit Jars!

We have also every kind of Fruit Jar,—Flint Glass, Green Glass and the celebrated "EARTHENWARE" JARS. The material of which these Jars are made being a vitreous stone body, and the glaze *Pure Flint Glass*, they are warranted not to absorb or taste the contents of the Jar. A letter just received from the manufacturer, alluding to the assertion that they were poisonous, says that "it is as *ridiculous* as it is *absurd*." We can refer to hundreds in this city and vicinity who have used them for the last three years with perfect satisfaction.

Fly Trap! Mosquito Traps!

We have the Agency for Gilbert's Patent Fly and Mosquito Trap, a very useful and desirable article at this season of the year. Warranted to kill all the flies in a neighborhood without creating any dirt or annoyance. They are also as safe for children as pillows. All who wish to enjoy a comportable sleep, undisturbed, come and buy.

We have also just received Childers' Toilet Suits—something new and elegant. White Goods, White Shoes, Lustre Braid and Decorated Spitcoons. Also, a fine assortment of Russell's Ivory and Cocoa Handled Cut ery.

HUMPHREYS'

SPECIFIC HOMŒOPATHIC REMEDIES.

Stand confessedly at the head of remedial means for the use of the people. They are alike removed from the poisonous, dangerous and repulsive doses of quackery, or old school practice, the inconvenience of a water-cure, or the intricate and perplexing obscurities of the usual Homœopathic books and medicines. Consisting of simple specifics for the various diseases to which they are related, put up in the form of simple sugar pellets, and prepared of ingredients neither dangerous or disgusting, they form at once the ready source of the parent or nurse, and are the comfort of the complaining or invalid.

They possess these positive advantages, which were never before combined in any popular remedies. They are HARMLESS: no injury can arise from their use. They are SIMPLE; you always KNOW what to take, and how to take it. They are CONVENIENT; you can give the proper Sugar Pill at a moment's warning, without hesitation or delay. They are EFFICIENT; in thousands of cases disease is arrested at once, and the mite cures at the moment what the pound could not afterwards have relieved.

LIST OF SPECIFIC REMEDIES.

No. 1. *Fever Pills.*—For Fever, Congestion and Inflammation of all kinds.

No. 2. *Worm Pills.*—For Worm Fever, Worm Colic, Wetting the Bed.

No. 3. *Baby's Pills.*—For Colic, Crying, Teething and Wakefulness, and Nervousness of adults.

No. 4. *Diarrhœa Pills.*—For Diarrhœa, Cholera Infantum and Summer Complaint.

No. 5. *Dysentery Pills.*—For Colic, Gripings, Dysentery or Bloody Flux.

No. 6. *Cholera Pills.*—For Cholera, Cholera Morbus, Vomiting.

No. 7. *Cough Pills.*—For Coughs, Colds, Hoarseness, Influenza and Sore Throat.

No. 8. *Toothache Pills.*—Toothache, Faceache and Neuralgia.

No. 9. *Headache Pills.*—For Headache, Vertigo, Heat and Fullness of the Head.

No. 10. *Dyspepsia Pills.*—For Weak and Deranged Stomachs, Constipation and Liver Complaints.

No. 11. *For Female Irregularities*, Scanty, Painful or Suppressed Periods.

No. 12. *Female Pills.*—For Leucorrhœa, Profuse Menses, and Bearing Down.

No. 13. *Croup Pills.*—For Croup, Hoarse Cough, Bad Breathing.

No. 14. *Salt Rheum Pills.*—For Erysipelas, Eruptions, Pimples on the Face.

No. 15. *Rheumatic Pills.*—For Pain, Lameness or Soreness in the Chest, Back, Loins, or Limbs.

A.—For Fever and Ague, Chill Fever, Dumb Ague, old mismanaged Agues.

E.—For Piles, Blind or Bleeding, Internal or External.

O.—For Sour, Weak, or Inflamed Eyes and Eyelds, Falling, Weak or Blurred Sight.

C.—For Catarrh, of long standing or recent, either with obstruction or profuse discharge

W. C.—For Whooping-Cough, abating its violence and shortening its course.

IN ACUTE DISEASES—such as Fevers, Inflammations, Diarrhœas, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measels and Erysipelas—the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened and rendered less dangerous. Even should a physician afterwards have to be called, he will take the case at decided advantage from the previous treatment.

COUGHS and COLDS, which are of such frequent occurrence, and which so often lay the foundation of deceased lungs, bronchitis and consumption, may all be at once cured by the Fever and Cough Pills.

In CHRONIC DISEASES, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaint, Piles, Female Debility and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old stand ing cases has specific, whose one application will afford a cure in a great majority of instances. Often in the cure of a single chronic, difficult case, such as Dyspepsia, Piles, or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

THINGS TO REMEMBER.

PLEASE REMEMBER.—That these Specifics are entirely harmless in all instances and in all cases, Physicians may use them, children may use them, the aged, infirm or invalid may use them without harm, or in both health or sickness.

PLEASE REMEMBER.—That thousands of the most grateful and intelligent minds in this country and Europe have given in their adherence to Homœopathy, and endorse it exclusively in all cases of disease for themselves and families.

PLEASE REMEMBER.—That not only is Homœopathy standing old conflicts, but its recent and violent diseases of its most dangerous character. Homœopathy has proved its superiority to any other system in the field of trial.

PLEASE REMEMBER.—That Homœopathy is sustained not from its theories and doctrines, but from its daily and hourly success in curing the sick and arresting disease.

PLEASE REMEMBER.—That it is the little ills that lead to great ones, and it is little ailments that, neglected, lead to grave and serious diseases.

PLEASE REMEMBER.—That you may have it in your power promptly and pleasantly to arrest such complaints at the beginning, and thus prevent grave diseases.

PLEASE REMEMBER.—That this system saves you the struggling forcing and deception useful to get other medicines taken by children, always injurious—often dangerous.

PLEASE REMEMBER.—That the evil results of such struggles generally more than overbalance all the good that may be done by the medicines thus given.

PLEASE REMEMBER.—That Humphreys' system of Homœopathic Specifics divests the private practice of the system of all *perplexity* and *intricacy*, so that every body may use them.

PLEASE REMEMBER.—That the cure of a single chronic ailment, such as Piles, Catarrh, Headache, or Salt Rheum, will more than ten times pay the cost in case.

PLEASE REMEMBER.—That two or four dollars invested in a case of Specific Remedies, will return many times its value to you every year in freedom from anxiety, prevention of disease, and absolute relief.

CASES AND CURES.

DYSPEPSIA.

A young lady of 26 had been troubled with indigestion for several months, so as to render great care necessary in the selection of her food. After eating, the stomach became acid, food rising in her mouth with water, and an unpleasant, heavy, load-like sensation in her stomach, continuing for some hours, frequent headaches, bowels constipated and a depressed mental condition. She commenced taking the Dyspepsia Pills, one morning and night, and in less than a week almost every symptom of her disease had vanished, and she felt like a new being.

A gentleman somewhat advanced in years, strong, robust constitution, had lately been a good deal affected with indigestion, weak stomach, coated tongue, bad taste in the mouth and attended with a peculiar vertigo and whirling in the head, so much so as to render his riding in a carriage, or even mounting an eminence, quite dangerous. After trying several things ineffectually, he fell upon the Dyspepsia Pills, which afforded prompt relief. A pill every night and morning works like a charm, relieving all his vertigo and other unpleasant symptoms.

COUGHS AND COLDS.

A gentleman, a public lecturer, took a severe cold the latter part of last month, while travelling and lecturing in northern Pennsylvania, though addressing public audiences every evening; yet in two days, by the aid of the Specific, he was entirely recovered, and enabled to pursue his calling without inconvenience. No public speaker should be without them.

A married lady of 40 had taken a violent cold, which settled on her lungs, causing severe cough, pain in the side and considerable fever and hoarseness. Such colds were usually very lasting and troublesome; but by taking the Specific Couch Pills, four times per day, in three days she was entirely well.

A young man of 22 had a cough and hoarseness for fifteen months. During cold weather his voice was lost so as only speak in whispers, pain induced on coughing, cold dry air raising only a trifle in the morning, quite feeble and emaciated. Had taken several medicines with but little or no benefit. He commenced with the Cough Pills—one pill three times per day—and soon found himself improving, his cough milder and softer, hoarseness passed off, strength and appetite improved, and in a few weeks was entirely well having taken no other medicine.

PILES.

A clergyman of the Baptist Church, well known in Illinois writing to us, says: "I have been for some time seriously afflicted with bleeding piles; and have regarded my case as a severe one—at one time, indeed, hopeless; but I have used your medicine (Pile Specific), and am cured. I have no doubt you are laying the world under great and lasting obligation."

A gentleman of fifty years, well and favorably known at Cobb, Delaware county, New-York, had been a martyr to the piles for twenty years. Sometimes from excessive hemorrhage, pain and suffering, he was reduced to the verge of the grave. For years he had dragged out a miserable existence, a confirmed invalid, disqualified for business, and life almost a burden. It is needless to add, that he had tried all sorts of remedies, from all sorts of doctors, to little purpose. He consulted me two years ago, and I recommended our Pile Specific, with, occasionally, a Dyspepsia Pill.—From this he began to improve, and since has never had a serious turn of piles. From the first month up to a year past he had occasionally symptoms of his old complaint; but a few doses of the Pile Pills would disperse it all, and for more than a year past he has been entirely well of the piles, a more brilliant cure is scarcely to be found in the annals of medicine.

No family should be without these invaluable curatives.—They are the only remedies perfectly adapted for domestic and private use. With them the parent is armed and prepared against the first approach of disease, and can meet it at the threshold and keep it at bay. A trifle of medicine thus directed in the first hours of disease, perfects cures that which by delay can only be relieved by long and tedious hours of suffering, if at all. With these at hand, you are not oblized to await the coming of that often distant, as well as expensive luxury, a doctor, nor be harassed or poisoned, or blistered, or bled, but may yourself administer the simple specific, and restore the ruddy current of life again to health and joy. There cannot only no injury arise in any case from their use, but the general influence upon the constitution, beyond all question, is most beneficial.
