

# This 88 Note Player Piano \$390.00

This is not a 65 note instrument. This is a sample Player Piano that is sold regularly in other stores for \$500 to \$600. On account of the low price at which we offer this instrument we do not mention the make, as it would interfere with the sale in other cities.

Come in and see this Player Piano. You will be delighted at the wonderful value offered. If you have thought of buying a regular piano, consider if it would not be a wiser plan to invest in this complete instrument that every member of the family can play. The price is so much lower than ever before offered and the terms are remarkably easy.

The price \$390.00 includes Bench and Membership in Library of Music.
