hair and itching scalp in two weeks, or money back.

It is not a dye and does not contain poisonous lead. If you think lead that colors the hair is safe to use, ask your doctor or druggist.

Parisian Sage kills the dandruff germ because of its peculiar power to get to the roots of the hair, right where the germs thrive and multiply.

But besides killing the germs it supplies nourishment to the hair; stops it from falling out, and causes it to grow thick and luxuriant.

Parisian Sage is a most delightful hair dressing, not sticky or greasy. A large bottle for only 50 cents at drug stores, department stores and toilet goods counters everywhere.—Adv.

## PROMINENT MEN WILL BE IN WILSON CABINET

WASHINGTON, Nov. 6.—Cabinet makers are already busy conjuring with names of those who will share with Wilson in shaping the policy of the next administration. Necessarily this is purely gossip, but the cabinet builder's are none the less active in pointing out the persons and the elements available as cabinet material.

One of the available elements embraces those who were conspicuous party figures at the Baltimore convention, including Speaker Clark.

Chairman Underwood of the Ways and Means committee, Wm. Jennings Bryan, Governor Foss of Massachusetts, Governor Harmon of Ohio and some others.

It is generally assumed, however, that Speaker Clark and Chairman Underwood would prefer to continue their work in Congress, especially now that the legislative program on the tariff and other questions is likely to meet with fewer obstacles.

As to Mr. Bryan, one of the Democratic senators who quoted during the campaign as definitely assisting Mr. Bryan to a cabinet place in case of Wilson's election, although the latter stated about the same time that no consideration had been given to the personnel of the cabinet. None the less speculation is active as to whether the Nebraskan will have a portfolio.

Another element from which cabinet material is being suggested embraces those who have been prominently identified with the Wilson campaign, notably Chairman McCombs, of the Democratic National Committee, Representatives Burleson and Henry, of Texas; Representative Palmer, of Pennsylvania, Assistant Chairman McAdoo and a number of others who bore the burden of the conflict at Baltimore and during the campaign.

Still another available element is made up of prominent party figures in the various states who were not conspicuously identified with the recent National convention and campaign, while another includes some of the veterans of the last Democratic administration.

Outside of these usual elements from which cabinets are constructed, many foresee the entry of a considerable element in public affairs, made up of men like Mr. Wilson, who have been identified with collegiate, educational and the economic study of public questions. This opens a wide field of available material.

All of this activity of the cabinet makers is necessarily confined as yet to gossip and conjecture, and although various names are likely to be put forward from now on, nothing authoritative has escaped until the President-elect himself has in his own way and time given mature consideration to those who will make up his official household.

## BULGARIANS

(Continued from First Page.)

being that the European concert, which is not too harmonious, will be faced by the most difficult and thorny task of settling the rival claims of the many aspirants for Turkish territory.

King interviewed.

VIENNA, Nov. 6.—King Nicholas, of Montenegro, discussed the intentions of the Balkan allies today with a correspondent of the Vienna Tagblatt.

"While the Balkan nations will settle their affairs for themselves," he said, "their victories have not made them so daring as to forget to accommodate their wishes to the general situation in Europe."

Turks Defeated.

SOFIA, Nov. 6.—The Turkish army commanded by Nazim Pasha was completely crushed in the great battle of the last two days on the Serral-Tchordia line. According to the semi-official Mir, the Turks lost in killed and wounded more than double the losses at Lule Burgas. The Bulgarians are now pursuing the defeated enemy.

25,000 Killed.

SOFIA, Bulgaria, Nov. 6.—The Turkish losses in killed and wounded during the five days fighting in the vicinity of Lule Burgas and Dumarissar are estimated at 25,000 men. The Bulgarian troops captured 37 batteries of quick-firing guns and took 5,000 prisoners. They also seized four locomotives and 243 railroad cars.

BERLIN, Nov. 6.—A better feeling prevailed on the Bourse today owing to Turkey's desire for peace and Governor Wilson's election. Prices closed generally higher.

ATHENS, Nov. 6.—Steamship passengers who arrived today from Saloniki describe the Turkish troops there as destitute. They are in rags and selling their arms to obtain bread. Many of the soldiers have been shot for insubordination. Mutineers seized two guns and threatened to fire on the loyal troops unless the town surrendered. They were overpowered.

The boy's appetite is often the source of amazement. If you would have such an appetite, read the Tablets. They not only create a healthy appetite, but strengthen the stomach and enable it to do its work naturally. For sale by all druggists.—Adv.

Germany Comments.

BERLIN, Nov. 6.—The Post doubts whether Woodrow Wilson's promises will result in anything more than Roosevelt's or Taft's. It continues:

"The dollar is always more powerful than the President's will in America and the trusts which Roosevelt was unable to master probably will prove too tough for Wilson."

The Tagblatt hopes that Wilson's advent will inaugurate just and lasting commercial relations between the United States and Germany and perhaps serve as an example to European predictions. The newspapers in general all express the opinion that the anti-imperialism and restored attitude toward world politics of the Democrats will be modified now that they have attained power.

Prohibition Wins.

CHARLESTON, W. Va., Nov. 6.—Thos. M. Hare, leader of the temperance forces in the state, predicted tonight that the prohibition amendment carried by at least 75,000. Complete returns from four counties and almost complete returns from four more, carried by Hare show the majority at 32,000. Ohio county so far has reported west.

Complete vote gave prohibition a majority as follows: Brooke, 473; Pocahontas, 1,190; Randolph, 1,280; Tucker, 1,200; Mineral, 400; Harrison, 670; Boone, 1,200; Cabell, 1,200; Braxton, 2,500; Taylor, 1,500; Lincoln, 2,400; Greenbrier, 2,000; Summers, 1,000; Marion, 1,000; Putnam, 1,000; Fayette, two precincts missing, 2,500; Clay two precincts missing, 2,000; Monongalia incomplete, 1,700.

Republicans Win.

Special Dispatch to the Intelligencer. WILLIAMSON, W. Va., Nov. 6.—The Sixth Senatorial district has likely gained one seat in the legislature, indications being that Rev. Harry Cook, Rep., has defeated Herbert Sanders, Dem., for House of Delegates. In Wyoming this race is close, but the returns tonight indicate that the Republicans have won. Sug. Rhodes, Rep., for the State Senate is elected by 4,000. Hatfield's majority in Minzo is close to 600, while Hughes, for Congress, has 450. The entire Republican county ticket is elected, while Cameron, Rep., defeated Jones, Dem., for judge in the Twenty-second circuit by 1,000.

FALL OF STONE.

John Baffle, a Roumanian, of Bridgeport, suffered a painful injury last night about 8 o'clock when he was crushed under a fall of stone in a coal mine near Bridgeport and sustained a badly crushed limb. He was removed to the North Wheeling hospital here, after the accident, where the fracture was reduced.

Dr. Friedrich E. Friedmann, announced the discovery of what he believes to be a practical cure for every form of tuberculosis. He exhibited cured patients and declared that he had treated 682 cases by his method with invariable improvement and also invariably complete cures. Prominent physicians testified to success by this method in their own practice.

Dr. Friedmann injects living tubercle bacilli which have been rendered benevolent.

The man who gets the best results is the one who goes after them himself.

It is awfully hard for a man to sleep in a chair if the pains are uncomfortable.

The above is C. E. Brooks inventor of the Appliance, who cured himself and who has been curing others for over 30 years. If ruptured, write him today.

Cured at the Age of 76

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May, 1906, on November 28, 1906, I quit using it. Since that time I have not needed or used it. I am well of rupture and rank myself among those cured by the Brooks Appliance, which, considering my age, 76 years, I regard as remarkable. Very sincerely yours, J. E. LONG, 1414 Prairie, Texas.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— Your Appliance did all you claim for the little boy and more, for it cured him second and well. We let him wear it for about a year in all, although it cured him three months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully, WM. PATTERSON, No. 717 S. Main St., Akron, O.
