District Court Notes.

Indictments for the Murder of Ranger Roebuck—Baker's Case Postponed.

In the district court this morning, the grand jury reported the finding of eighteen indictments against the parties named below, including one for murder and two for assault with intent to murder against each party. These indictments are for the murder of Ranger Roebuck and attempt to murder A. Y. Baker and Jesse Miller, which occurred near here on the night of Sept. 9th, the investigations of the grand jury having resulted in the finding of the said bills. Six parties are indicted, their names being as follows:

Nicolas Hernandez, Alfredo Cerda, Encarnacion Garza, Jesus Villareal, Timoteo Villareal, and Atanacio Saucedo. All of these are at present under arrest and confined in the county jail.

At yesterday's session of court, the case of A. Y. Baker, charged with the murder of Ramon Cerda, was postponed by the consent of both sides.

The grand jury made its final report this morning and was discharged by the court. Their report is published elsewhere in this evening's HERALD.

THE ALICE MAIL.

Will Reach Here for Evening Distribution Again.

Postmaster J. B. Sharpe informs THE HERALD that he has received notification from the postmaster at Alice that the old schedule of departure of mails from Alice for Brownsville has been resumed, and that, beginning this evening, the mail from Alice will be due to arrive in Brownsville at six o'clock. Mr. Sharpe has received no other notification of the change in schedule, nor has Mr. Browne, proprietor of the stage line, been notified of it. However, it is presumed that the Alice postoffice received the necessary authority to change the schedule from the postal authorities. Some recent changes in the running of trains to Alice, which were noted in THE HERALD lately as being likely to affect the arrival of the mail in Brownsville, are doubtless the cause of the change.

Mr. Sharpe will therefore be prepared to receive and distribute the mail in the evening as formerly, and will have the red light put up as of old, to notify the public of the arrival of the stage.

Grand Jury Report.

To the Hon. Stanley Welch, Judge of the 28th. Judicial District.

Sir:—We, your grand jury, organized for the September term, 1902, of your court, beg leave to submit this, our final report:

We have been in session fourteen working days and have examined 68 cases. We have found 29 felonies and two misdemeanors; we have ignored 27 cases and referred five cases to the next grand jury and have examined into five cases of inquest.

We have examined the county jail and found same in a cleanly and healthful condition. We would suggest that the county make repairs to the sinks used by the prisoners.

We have examined a large number of cases from the justices of the peace courts and have ignored most of them for want of sufficient evidence upon which to predicate a true bill of indictment. We have consumed much time and labor in investigation of these cases, all of which would have been avoided had the justices and other officers of the lower courts exercised more care in the examination of such cases.

We find depredations on cattle and other live stock are greatly encouraged and fostered by the lax administration of the laws regarding the inspection of hides and animals, whereby the original offender, or thief, is enabled to escape detection. If the officers charged with the enforcement of said laws required a proper adherence thereto by the sellers as well as the purchasers of hides and live stock, and upon the failure of said sellers or buyers to observe said laws, the said officers would institute at once a vigorous prosecution against the parties so offending, we are confident that the same would go far towards protecting our live stock interests and the bringing to justice of the said original offenders or thieves.

It having come to the knowledge of the grand jury that complaint had been made to the Executive of this state to the effect that the "life of a certain resident of this city, a subject of the King of Spain, had been threatened by the members of the State Rangers force now stationed here, we at once instituted inquiry, and after the examination by us of a number of witnesses (amongst whom were the person whose life was alleged to have been threatened and the Vice Consul

who made the report) and after a thorough and searching investigation and a careful consideration of all the facts obtainable we find:

First: That the acting Vice Consul of Spain stationed in this city, without foundation in fact, telegraphed to the Spanish Minister at Washington that the life of said Spanish subject was threatened by members of the said State Ranger force;

Second: That at no time, nor in any place, have the members of the said Ranger force, or any one of them, directly or indirectly, in any way or manner threatened, or sought to threaten the life or personal safety of said Spanish subject, or that of any other person.

Third: We most earnestly condemn and deprecate the action of said Vice Consul and that of his informer or informers, as not only unfair to a body of faithful public servants, but as a dangerous and mischievous menace to the public peace. We also desire to state before closing that the people of this section have had an acquaintance of many years with Captain J. A. Brooks, commanding said company of State Rangers, and that they have always found in him, as his long record of public service has proven him to be, a brave officer and honorable gentleman.

We also request that your Honor cause to issue from this court three certified copies of this report, to be mailed respectively to the Governor of Texas, the Secretary of State of the United States and the Spanish Minister at Washington.

Respectfully submitted,
AARON TURK, Foreman.
Brownsville, Texas, Sept. 18, 1902.

Dr. C. H. Thorn and mother left by the Alice stage this morning for a month's absence, visiting relatives at Alice, Seguin and other interior points. The doctor will visit the Texas Dental Depot at Dallas, during his absence, and secure some improved dental instruments and material.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible
