Some miscreant entered the premises of S. C. Tucker Friday night and stole a new set of harness, a buggy whip and lap robe, very kindly leaving the buggy, probably because it was too heavy to carry off. Mr. Tucker is very thankful the buggy was not taken, but would very much like to have the harness returned.

FOR SALE—At Point Isabel, house furnished, four rooms, hall, dining room and kitchen. New galvanized cistern, out houses, boat, bath house and wharf. House enclosed, two lots, good fence. Situated on bluff. For particulars apply to HERALD office 4-17-5-15

A message received from Laredo last night at seven o'clock, says a terrific rain was falling, the wind blowing at a velocity of 40 miles an hour, and hail the size of a man's fist had fallen. Just about this time the wires went down and no further news has been received. It is feared some damage was done but nothing is known.

Appropriate Easter services were held at several of the churches in Brownsville yesterday, and the special music rendered was much enjoyed by the large congregations. A HERALD reporter attended two of these services and both the discourses and music were much appreciated. There are a number of splendid voices in the different church choirs of the city, and the music is first-class in all respects.

The following couples have been granted license to wed since last report: Luceto Rodriguez and Preciliana Longoria; Alejos Mata and Maria del Prado; Jose E. Ysasi and Angela Gonzales; Pedro Rocha and Antonia Maldonado; Telesforo Torobiates and Maria Lambert; Milton Caldwell and Claribel Sharp; Antonio Muñoz and Manuela Coronado; Diego de Leon and Juana Vasquez; Henry Jones and Laura Sanford.

A horse hitched to Dunman's delivery wagon became frightened at a beer keg in front of Weller's saloon, this morning, and ran away. The animal only ran a short distance before the wagon collided with a sign post across the street from the Miller hotel, where the vehicle was left. No one was in the wagon and the only damage done was a pair of broken shafts and a dilapidated set of harness. The animal was caught in front of Len C. Hill's office.

The city council held its regular meeting this morning and transacted considerable business of an im-

portant nature. Among other things attended to, was the leasing of the city market for the ensuing year to Macedonio Garcia, at a rental of \$433 per month, and the appointment of a board of equalization, W. M. Ratcliffe, A. D. Childress and A. A. Browne being appointed. A detailed report of proceedings will be published in tomorrow's HERALD.

Last Saturday morning during the rain, lightning struck the telephone wire at Adolpho Garza's residence, burning the ground wire in two. No serious damage was done, but Manager Stegman of the telephone company was somewhat puzzled for quite a while to find the trouble. After making all kinds of tests he discovered a small hole about the size of a pin in the insulation of the ground wire, and close inspection showed the wire had been melted by the electric current. The wire was spliced and everything worked satisfactorily again.

The Bazar to be held tomorrow night at the opera house will be well worth the trifling admission of ten cents for grown people and five cents for children. This will be one of the most interesting affairs held for many years in Brownsville. The Ladies' Home Journal booth, Rebecca at the Well, art gallery, children's toy laden tree, table of useful articles, table of fancy articles, and the famous astrologer and palmist are some of the attractive features. The doors of the opera house will open at 7:30. Come one! Come all! It will be worth a visit.

The many friends of Guy Rentfro will be pleased to learn that he has secured a lucrative position in the City of Mexico with the British American Cable company. Mr. Rentfro has recently graduated from a reputable business college with high honors, standing among the highest in his classes and gives promise of a splendid career. The position the young man has accepted offers ample opportunity for promotion, and THE HERALD predicts that Mr. Rentfro will soon become one of the Cable company's most valued employees. The gentleman left this morning for the City of Mexico to begin his duties.

A pleasant call is acknowledged from Mr. Josiah Turner, of Cameron county, who is among the visitors in Corpus Christi this week. Mr. Turner's first visit to Corpus Christi was in 1845, the gentleman coming here with Taylor's army. Among those here then were Kinney, Dix, (father of Capt. John Dix,) Kelsey, Mann, Everett, Pettigrew and others—all having passed away long ago. Mr. Turner, who was in the siege of Fort Brown, settled on the Rio Grande, owning what is now called the Galveston ranch, above Brownsville, where he has resided nearly ever since—Corpus Christi Caller.

THE HERALD received a very pleasant call from J. H. Johnston, of Paris last Saturday afternoon. Mr. Johnston has been here before, and thinks the Brownsville country is bound to come to the front sooner or later. He recognizes, as every sensible man should, that the work of development can not be completed in six or twelve months, but thinks the progress made this season, and the success attained in truck and onion growing in this section, will result in a more prompt recognition of the advantages and possibilities here. He leaves today for Rio Grande City on a prospecting tour and from there will return home. Mr. Johnston tells us he will later join a party which will visit Mexico on a tour of investigation and will visit Jalisco and other points along the Pacific coast.

City Marshal's Notice.

From and after this date all stock found running loose within the corporate limits of the city of Brownsville will be impounded, and a penalty attached according to the city ordinance governing same. This ordinance will be strictly enforced.

GEORGE CONNOR, Marshal. Brownsville, Tex., April 18, 1905.
