When They Visit at the Wyman Toyland With An Older Person.

South Bend boys and girls are awake to the Toyland of South Bend.

Yesterday after school had dismissed Wyman's Toyland again presented the same lively scene that it has since "The Toyland Express" arrived.

And every boy and girl received a "Wyman Warbler" if they came with an older person—there are still a few left for those that have not one.

The walking animals yesterday took the small boys' eyes. Bings' walking dogs and cats certainly had a good time yesterday, and they want all mothers to bring the children to see them walk.
