

REICHSTAG CHIEFS ASK ABDICATION OF THE KAISER

At Same Time Emperor O. K.'s
Decision of Hun Parliament
and Avows His Intention
of Cooperating.

ZURICH, Nov. 4.—The German propaganda service cites the Vorwaerts of Berlin, as confirming the report that Philipp Scheidemann, the socialist leader in the reichstag, and member without portfolio in the German cabinet, had addressed to Prince Maximilian of Baden, the imperial chancellor, a memorandum on the necessity of the retirement of Emperor William. The step was taken, it is added, after an agreement had been reached by the leaders of the reichstag parties.

AMSTERDAM, Nov. 4.—On the occasion of the constitutional amendment coming into force, says an official telegram from Berlin, Emperor William addressed to Prince Maximilian of Baden, the German imperial chancellor, a decree endorsing the decisions of the reichstag and avowing his firm determination to cooperate in their full development. The emperor's decree reads: "Your grand ducal highness: I return herewith for immediate publication the bill to amend the imperial constitution and the law of March 17, 1879, relative to the representation of the imperial chancellor, which has been laid before me for signature."

Kaiser Gives Opinion.
"On the occasion of this step, which is so momentous for the future of the German people, I have a desire to give expression to my feelings. Prepared for by a series of government acts a new order comes into force which transfers the fundamental rights of the kaiser's person to the people."
"Thus comes to a close a period which will stand in honor before the eyes of future generations. Despite all struggles between invested authority and aspiring forces, it has rendered possible to our people that tremendous development which imperishably revealed itself in the wonderful achievements of this war."

"In the terrible storms of the four years of war, however, old forms have been broken up, not to leave their ruins behind, but to make a place for a new vital form."

Urges People's Rights.
"After the achievements of these times, the German people can claim that no right which may guarantee a free and happy future shall be withheld from them."

"The proposals of the allied governments, which are now adopted and extended, owe their origin to this conviction. I, however, with my exalted allies, endorse these decisions of parliament in firm determination, so far as I am concerned, to cooperate in their full development convinced that I am thereby promoting the weal of the German people."

"The kaiser's office is one of service to the people. May, then, the new order release all the good powers which our people need in order to support the trials which are hanging over the empire and with a firm step with a bright future from the gloom of the present."

BAKER ADDRESSES MEN AND WOMEN OF VARIOUS CREEDS ON WAR WORK

NEW YORK, Nov. 4.—Addressing a vast audience of leading Protestants, Catholics and Jews, assembled in Madison Square Garden to prepare for the opening on Nov. 11 of the war work campaign for \$17,000,000, Sec'y of War Baker Sunday appealed to the nation to provide funds to insure the return of America's army with "a high and trained capacity for citizenship."

"I do not know when the war against the German empire will come to an end," Mr. Baker said, "but I know this, that the war for the salvation of young American manhood has just begun, and it is going to keep up."

"It is true that, if the war should come to an early end, it will take a long time to get these boys home, and they will have to be put in camps in the United States and gradually filtered back into the industry and life of America. It will be a long drawn out process and the attacks of home sickness and the desire to get back into the career of civilian life will be more difficult to them."

DEMOCRATIC REFORM BLUFF, SAYS OFFICIAL

NEW YORK, Nov. 4.—"The pretended democratic reforms of Germany are only a bluff," Daniel Bismarck, member of the French high commission to the United States, and former deputy in the reichstag from Alsace Lorraine, declared in a statement here tonight, discussing Germany's peace notes to the United States.

Mr. Bismarck declared that, even if all the changes reported have been made in the German government, they are not sufficient to assure government by the people.
