tenance of highways, culverts, and bridges throughout the County and upon county lines, providing for the location, the manner of construction, supervision and control; providing for the issuance of county bonds for payment for all such improvements, and providing for the taking over of township roads by the county and the making of certain roads, county highways and all other matters properly connected therewith and declaring an emergency, which Act was approved March 11, 1919, and which Act is commonly known as "The County Upk Road Act."

That the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to justify the said Board of Commissioners in making and entering an order for said petition to be spread of record and referring the matter in said petition prayed for to the County Surveyor or to an engineer in accordance with the provisions of said Act.

That the beginning, course, and termination of said proposed highway and improvement are as follows:

Beginning at the intersection of the road known as Quince Road with the Lincoln Highway, which intersecting point is on the north and south center section line in section Twenty-six (26) Township Thirty-eight (38) North, Range One (1) East, and running North on said center section line with said Quince Road through said Section Twenty-six (26) to about the middle of the North One-half (1/2) of Section Twenty-three (23), said Township and Range; thence North West with the meanderings of said Quince Road to its intersection with the East and West Center Section line of Section Fourteen (14), said Township and Range; thence west on said center section line with said Road to the dividing line between Sections Fourteen (14), and Fifteen (15), said Township and Range where it intersects with the road known as the Redwood Road; thence North on said dividing line and with said Redwood Road, a distance of about Eighty (80) rods to the Eight Section line; thence West on said Eight Section line in said Section Fifteen (15) on what is known as the Ax Road to about the center of the North West Quarter (1/4) of Section Fifteen (15); thence North with said Road now known as the Rhoad Road to its intersection with what is known as the Chicago Trail which intersects with the North West Quarter (1/4) of the South West Quarter (1/4) of Section Ten (10), said Township and Range.

That said petitioners recommend that the highway be made sixteen (16) feet in width, and also recommend that said highway be paved with concrete with sufficient berms and ditches at each side thereof and with such culverts, bridges, and other waterways, and if necessary a shoulder to be made for a distance of three (3) feet on each side of the pavement with either gravel, stone or slag, rolled until it is firm and uniform, as the surveyor or engineer and the Board of Commissioners of said county may deem to be sufficient.

Now, therefore, all persons or corporations whose lands or property will be affected by the work in said petition prayed for and all other interested persons, if any, are hereby notified that on the fifth day of May, A. D., 1919, at 10 o'clock in the forenoon, or as soon thereafter as the said petition can be heard, at the Commissioners' Room in the Court House of St. Joseph County, Indiana, the said petition will then and there be presented to said Board of Commissioners and a hearing had thereon, and that any interested person, if any, may appear at said hearing and show cause, if any he have, why the prayer of said petition should not be granted.

IN WITNESS WHEREOF, I, Arthur Wolf, Auditor of St. Joseph County, do hereby sign the above and affix my seal thereof, this 7th day of April, 1919.

WAR VETERANS ARE RELEASED

NEW YORK, April 8.—After virtually being held prisoners for an entire day on the Cunard line steamship Mauretania because of a disagreement between American immigration officials and the British military authorities, 2,700 war veterans, the majority of them Americans who had served with the British army, were allowed Tuesday to leave the vessel, which docked here Monday afternoon.

The troops had entered port with 700 of them whose homes are in this city expecting to be allowed to land at once. Instead, they were transported to Camp Mills, N. Y., with the others late today, to await settlement of the controversy.

The British military authorities in England had sent these veterans across the ocean as repatriated troops, the British understanding that no manifest list was necessary for the ship. When the Mauretania arrived here, however, the federal immigration authorities demanded such a list. None had been prepared and the troops were not allowed to go ashore. Without this list, the immigration officials maintained, the troops must be classified as aliens until their citizenship was proven.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished by any contractor or contractors or to any subcontractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board, and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said county.

ARTHUR F. WOLF, Auditor St. Joseph County. 9-16-23
