ZEHNER'S MILL.

BROKEN BRICK-A-BRACS.
Mr. Major, the famous cement man, of New York, explains some very interesting facts about Major's Cement.

The multitudes who use this standard article know that it is many hundred per cent better than other cements for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not use them, because they are too expensive and do not allow large profits. Mr. Major tells us that one of the elements of his cement costs \$3.75 a pound, and another costs \$2.65 a gallon, while a large share of the so-called cements and liquid glues upon the market are nothing more than six-cent glue, dissolved in water or etric acid, and, in some cases, filtered slightly in color and odor by the addition of cheap and useless materials.

Major's cement retails at fifteen cents and twenty-five cents a barrel, and when a dealer tries to sell a substitute you can depend upon it that his only object is to make larger profit. The profit on Major's cement is as much as any dealer ought to make on any cement. And this is doubly true in view of the fact that each dealer gets his share of the benefits of Mr. Major's advertising, which amounts to over \$5,000 a month, throughout the country. Established in 1876.

Insist on having Major's. Don't accept any off-hand advice from a druggist.

If you are at all handy (and you will be likely to find that you are a good deal more so than you imagine) you can repair your rubber boots and family shoes, and any other rubber and leather articles, with Major's Rubber Cement and Major's Leather Cement.

And you will be surprised at how many dollars a year you will thus save.

If your druggist can't supply you, it will be forwarded by mail, either kind. Free of postage. 6-24-01

"OBSERVER" OF INWOOD CALLED.

He is Either Dull of Comprehension or Dishonest.

The following is a portion of an article which appeared in the Republican paper of this city Tuesday, signed "Observer":

"Editor Republican: Metsker, in his speech at Inwood last Friday evening said that Aguinaldo is more of a patriot than the soldiers who are fighting him."

"Observer" is certainly anything else than an observer, else he is dishonest. He has either purposely falsified or he is dull of comprehension.

The statement of Mr. Metsker could not be misunderstood by any one who wanted to understand. He said that the Filipino soldiers were fighting for the right of self government just as our fathers in 1776 were fighting; and that if we concede that our fathers were right in claiming that a foreign power had no right to rule over the colonists against their will, then we must accord the same consideration to the Filipinos, who are alike struggling for their freedom and the right to build up a government upon the consent of the governed.

The speaker did not say that the Filipino soldiers are more patriotic than the soldiers who are fighting them—far from it. He said plainly that American soldiers are not to blame because they are commanded by the McKinley administration to shoot down a people contending for liberty. The administration alone is responsible, not the American soldier.

Most of these soldiers enlisted to fight Spain—enlisted to aid in the emancipation of a people, but after enlisting they were taken to Manila, and the administration which has turned its back upon human liberty and the inalienable rights, as claimed by those who fought for our republic, has forced these soldiers, who enlisted to fight against Spanish oppression, to turn their musketry against the weak and oppressed people of the islands.

The soldiers are not to blame; they do not wish to fight to subjugate a people. It is the administration, the power that commands the soldiers, that is responsible for the crime against a people struggling for liberty.

The above is almost the exact language used by Mr. Metsker at Inwood, and we think "Observer" will learn from this experience that there is nothing accomplished by misrepresentation or by distortion of facts.

JOHNSON FOR BRYAN.

Ex-Congressman Has Consented to Make One Speech.

Richmond, Ind., October 23.—Ex-Congressman Henry U. Johnson, of this city, who announced early in the campaign that he would support Bryan for president, but who declined to take the stump because of ill health, has consented to make one speech in this city, at the urgent solicitation of the Wayne county democrats. He will be heard on the evening of November 3, and the democrats expect to make it the biggest meeting they have had during the campaign.

Mrs. Samuel Jewett.

Louis Helen, wife of Samuel M. Jewett, was born in New York state, Dec. 7, 1826, and died at her home near Rutland, Oct. 20, 1900, aged 73 years, 10 months and 13 days.

She united with the Baptist church in 1844 and lived a consistent christian, knowing that her salvation depended not on her own goodness, and trusting on the merits of her Saviour for salvation. She was of a forgiving and charitable disposition and was a friend to all.

Her five children all died in their infancy or early childhood, but all life's burdens were borne uncomplainingly. She was always frail and had been in complaining health until at last exhausted, nature gave way and left her at rest.

She leaves a husband, three brothers and two sisters to mourn her death.

The funeral was held Monday at 11 o'clock at the Wolf Creek church, Rev. Lauden officiating.

Death of Mrs. James Stuck.

Mrs. James Stuck died Monday at 7 a. m. at her home five miles southwest of this city. Aged 49 years. She had been sick for several months and the cause of her death was cancer of the liver.

She leaves a husband, four daughters and two sons, besides a host of friends to mourn her death.

Big Meeting at Lapaz.

Prof. Hering delivered a strong argument from a democratic standpoint at Lapaz Saturday evening. The Plymouth band was up from Plymouth and a number of democrats accompanied it from here. It was a rousing time in Lapaz and the speech was productive of much good.

Republican Committee Sleeps.

The republicans have mixed up things on the county surveyor matter. Mr. Taylor, of Tippecanoe township, was nominated and his name was filed with the clerk as the republican candidate. Later Taylor refused to stand as the candidate and Mr. Laird was selected to make the race. But the republican county committee has not notified the

county clerk to make the change. Hence, the printed ticket will bear the name of Mr. Taylor as the candidate. It is now too late to rectify the matter as this should have been done prior to fifteen days before the election. The republican committee is alone responsible for this blunder.

It is understood that Mr. Laird, believing himself to be the candidate has been making a canvass for the office. He even refused to teach school this fall on account of his supposed candidacy. Mr. Taylor, whose name will appear on the republican ticket, is going to school outside the county. The candidacy of Mr. Taylor will prevent his father from acting as inspector in the township, and in consequence the county commissioners will be called upon to select some one in his stead.

Either the republican committee has been asleep or those in charge have permitted the blunder for personal reasons.

Republicans Propose to Corrupt.

The following letter has been received by the national democratic committee:

Dear Sir—In accordance with your request to report to any election frauds that may come under our observation I am sorry to say that the republicans in this place are offering to buy votes in this way.

They offer \$20, and pay half cash, for which they take a receipt, and promise to pay the other half when the vote is cast.

The game, of course, is to get the voter's receipt. Under our law as it now stands, when they once get the voter's receipt they will own him not for this election, but for all time.

And the shame of the matter is that the republicans who are handing the funds now, would have scorned to do such work when it was a criminal offense to buy votes.

I suppose that the same game will be tried in other parts of the state and therefore deemed it my duty to notify you that you might warn the other clubs.

Respectfully,
N. J. HOWE,
Pres. of the Delphi Bryan & Stephenson club.

Every democratic club and organization should use the utmost vigilance and expose instantly every effort at bribery that comes within the notice of any of its members.

Death of Mrs. Hiram Mickey.

After a long and lingering illness, Rachel, wife of Hiram Mickey, passed away Tuesday night at 10:30.

Rachel Nichols was born in Fulton county, in 1832. She was married to Hiram Mickey September 12, 1850. To this union eight children were born all of whom survive her.

She united with the Methodist church when a young woman and had been an ardent member all her life.

She with her husband resided in Fulton county until 1896, when Mr. Mickey bought a farm near Tippecanoe, where they now reside.

Eight children are left to mourn her death: Sherman, Oliver, William, Mrs. Louise Stucky, Mrs. Lucinda Judd, Miss Lucy Mickey, and Mrs. Salem Bussert and Prosper Mickey, of this city.

The funeral occurred at the Nichols church near Akron, yesterday at 11:30 o'clock. Interment at Nichols cemetery.

This Is Hard Sense.

Toward the close of an animated presidential campaign there are always some persons who experience an irresistible temptation to do something mean as a "distinguishing act." It is generally acknowledged that the campaign now drawing to a close has been the most rational and decent through which the people of this country have passed for many years, and it is therefore to be hoped that nothing will occur at the wind-up which would cast discredit upon any of the political organizations interested in the contest of 1900. Temptations may be held out to "stretch a point or two" in the direction of reprehensible action, but it is earnestly to be hoped that decency and fairness may to the end prove an insurmountable barrier to any and all manifestations of that nature.—South Bend Times.

Rochester Rally Oct. 30.

Editor Barnhart, of Rochester, telephoned the Independent Wednesday that that city will have a grand rally on Tuesday, Oct. 30. The following speakers have been secured: Mayor Carter Harrison, at 1 o'clock p. m.; Honorable Benjamin Shively, Congressman Charles K. Ladd, of Illinois, and Senator Bacon, of Georgia. The Peru marching club will attend the rally and Logansport will send a special train. The Fulton county democrats want Marshall county to go down in force.

Board of Health Notice.

In view of the fact that Marshall county has now within its borders, one case of small pox, also that with the advent of winter it is very apt to become more generally distributed over the state, therefore I urge that all persons who have not very recently been vaccinated should do so at once, thereby taking advantage of all the protection that science can offer against the dread disease.

L. D. ELEY,
Sec'y Marshall Co., Board of Health.

A Tidal Wave of Democracy.

The democratic national congressional committee issues the following statement of the situation:

A tidal wave of democracy is sweeping over the country and indications now point to the greatest popular majority for Bryan next month ever given to any democratic presidential candidate. The great popular uprising in favor of Bryan is not confined to any particular section of the country. It is universal. The sign is in the sky and it spells VICTORY.

It is universally conceded, even by the republican leaders, that Mr. Bryan has lost nothing of the strength he had in 1896, when less than 25,000 votes, properly distributed, would have elected him. It therefore follows that this year he will receive at least as many votes as in 1896, plus the natural increase in the number of young democratic voters who have come of age since the last national campaign. But this year Mr. Bryan has many elements of strength which he lacked in 1896 and which are sufficient to insure him a tremendous majority, both in the popular vote and the electoral college.

In 1896 the German vote went almost entirely for McKinley. This year Mr. Bryan will receive, by the most conservative estimate, sixty per cent of this vote. A gain of 10 per cent in the German vote alone is sufficient to carry several of the so-called doubtful states and elect the democratic national ticket.

Four years ago the labor vote was largely given to McKinley on the alleged "prosperity" issue. This year the vote of organized labor, numbering hundreds of thousands, will be cast for Bryan. This vote alone is sufficient to carry several "doubtful" states for Bryan and Stevenson.

In 1896 the "gold democrats" left the regular organization on the financial issue, and they claim to have cast one million votes, most of which were given direct to McKinley. This year the "gold democrats," recognizing that their constitution has, for the time being, been settled by statute, have returned to the old party and fully eighty per cent of them will vote for Bryan. This vote insures a safe democratic majority in several close states.

In 1896 a large majority of the Irish vote was cast for McKinley. This year the vote will be given to Bryan, and this alone means success in several important states which four years ago gave their electoral vote to McKinley.

Club Meeting.

The Democratic club room was well filled Wednesday and an old-time love feast was enjoyed by all present. Daniel McDonald, as president of the club presided and short speeches were made by the following: A. E. Wise, Mayor Allman, Wm. Matthews, John S. Bender, Judge A. C. Capron, J. S. Reeve, C. W. Metsker, Dr. J. S. Martin and E. C. Martindale.

Many Speakers to Be Here.

The democratic state committee has advised that the following speakers will be at Plymouth to assist Adlai Stevenson next Wednesday: Hon. Frank B. Burke, Hon. Eli Barker, of Oregon; Hon. Mortimer Nye, Prof. H. E. Hering, Congressman Ladd and Hon. Morgan Weir, of Laporte.

NO VOTE BY CARLISE.

Ex-Secretary Declares That He Will Not Support Either Candidate at the Polls.

Ex-Secretary John G. Carlisle has given out the following statement:

"I notice that one of the morning papers includes my name in a list of democrats, who, it states, have come out strongly for the re-election of Mr. McKinley, and as my position has frequently been misrepresented in the public press during the last few weeks, I desire to say that for reasons entirely satisfactory to myself, I determined long ago not to vote for either of the presidential candidates.

"This determination has been well known to my personal friends and acquaintances ever since the nominations were made, and, although it is a matter of no importance to anyone except myself, I prefer that there should be no misunderstanding by the general public."
J. G. CARLISE.

Hand Torn Nearly Off.

Brooks Fox, while working with a corn shredder Saturday on the Grossman farm one mile southwest of Rutland, had his right hand terribly mangled. The accident occurred just as the men had been called to dinner. Mr. Fox was pulling out a stock of corn which had become lodged in the machine when a chain gear in some manner caught his hand and drew it around the sprocket wheel breaking the chain. Three fingers were dislocated and badly lacerated.

Important Notice to Voters.

The impression prevails that in voting the township ticket, the voter only votes for the road supervisor, in his own district. This is a mistake. The voter votes for all the supervisors on the ticket. Make the cross within the circle containing the roster and do not mark the ticket elsewhere. If the ticket is marked within the circle and at any other place, it will be thrown out as a mutilated ballot. Bear this in mind.

Democratic Meeting at Buffalo.

Atty. S. N. Stevens addressed a large audience at Buffalo schoolhouse in North township, Wednesday. The democrats there are enthusiastic and promise to roll up a big majority.
