Tom Jones, Willard's Manager, Says

[By H. C. Hamilton, United Press
Staff Correspondent.]

NEW YORK, Dec. 8.—Famous old Madison Square will go on the auction block today at noon. Shortly thereafter there will be projected on the gasping public the sounds of wild bidding from the throats of Tex Rickard, Harry Pollok and Jimmy Johnston. Somebody evidently is going to run business in the garden this winter and each of the persons named is sincerely confident that it will be him. Rickard says he is going to bid right up to the last notch for the lease and as he is favored by the Morgan interests who hold a \$600,000 second mortgage on the property, he probably leads the field. Jimmy Johnston, however, who has been putting on shows at the garden for the defunct show corporation, says he is going as far as he can and will keep within the limit of the law. Harry Pollok is associated with John White and Dan McKetterick in his designs on a lease. He wants to stage a bout between Freddie Welsh and Johnny Dundee in New York. The New York Life Insurance Company is expected to buy the building and immediately form a holding company which will proceed with the lease.

Rickard declares if he doesn't get the garden he will go right ahead with arrangements for a bout between Georges Carpentier and Les Darcy or Jess Willard. He says he had been offered a site for a building in the vicinity of 130th street and contended that the building could be erected within a month's time. In the meantime Rickard is keeping one eye on a trans-Atlantic cable and the other eye glued to a cable from South America. From the former he hopes to have word regarding Carpentier's proposed trip to these shores and from the other he trusts he will receive word soon regarding the whereabouts of Les Darcy, the famous Australian will-o'-the-wisp.

HOW YALE PUT
IT OVER IOWA

Eastern Eleven Got Best Results
With Tad Jones Than Iowa
Got With Howard Jones.

Several months ago the athletic authorities of Yale and Iowa crossed each other's trail in the quest of a football coach. Both institutions were on the hunt for a "Moses to pilot them out of the wilderness." By a strange coincidence, the Jones brothers—Howard and Tad—were known to each other, were applicants for the coaching berths at both institutions. Iowa was the first to select its tutor and after carefully weighing the abilities of each candidate, chose Howard Jones in preference to Tad Jones and the rest of the field.

Several weeks later Yale announced Tad Jones had been chosen to succeed Frankie Hinkley. After it became known that the brothers unknowingly had been rivals for the positions at the two schools, the students began wondering which member of the Jones family would get the better results. They decided to wait until the season was over and then conclusions would be in order.

Yale's blue turned to crimson after the Princeton and Harvard victories. It is estimated that the leaf tobacco crop in Wisconsin this year will bring to the farmers \$2,000,000 more than any crop of former years.

The largest number of manufacturing establishments are in New York, Pennsylvania, Illinois, Ohio and Massachusetts, in the order named.

WANTS MINORS
REORGANIZED

President of Three-Eye League Asks
That Meeting Be Held in
December.

[United Press Leased Wire Service.] CHICAGO, Dec. 8.—Appeal to the president of the National association to call a meeting in December for the reorganization of minor league baseball was made in a statement today by Al R. Tearney, president of the "Three-Eye" league. He states that with minor league owners, baseball is mostly a matter of civic pride and that something must be done to wipe out the annual deficit. Tearney asks a reclassification of the minors, new circuit groupings, and abolition of the optional clause.

To Use Maisel at Second. [United Press Leased Wire Service.] NEW YORK, Dec. 8.—Returning from a trip south, during which time he discussed with Macon, Georgia, business men possibility of erecting training quarters for the Yankees, Bill Donovan said he would start Fritz Maisel at second base next spring. Joe Gadeon, he said, will be second choice. Donovan said the Salt Lake City club had been after Gadeon but he determined to give the player another chance.

AMUSEMENTS.

At the Orpheum. "Protect Your Daughters" has undoubtedly thrilled to the core. Mothers departed with a prayer of gratefulness that their daughters had escaped the lot which had dragged out of the mothers' daughters to the lowest depths this side of hades. What is the name of Harriet Ward Beecher's "Uncle Tom Cabin" in the way of exposing black slavery can be duplicated by this picture in making the American public wake up to the plain ugly truth of white slavery. "Protect Your Daughters" is to the white slavery what "Uncle Tom's Cabin" was to black slavery.

There is nothing overdrawn about "Protect Your Daughters." This picture is not merely a story; it is a sort of picturized editorial and sermon rolled into one, and it really ought to accomplish a great deal of good.

The Rev. Elmer Lynn Williams, pastor of the Grace Methodist Episcopal church, Chicago, writes:

"If you reflect a ray of light into a rat hole you spill it for rat purposes. Hit the devil with the cradle and you will not have to fight him with the crutch."

Howe's Travelogue at the Grand. Lyman H. Howe's Travel Festival, which comes to the Grand Monday, matinee and night, is inimitable not only because of the way they are presented, but also because of the sense of sound with the sense of sight so precisely and yet so naturally that the effect is hypnotic in its compelling power. He knows how to imbue the mere lights and shadows of electric rays with a vitality that is akin to life itself. Hidden corners of the earth, life and customs in strange climes, and the scenic spots of foreign lands are all produced in picture form that is perfection. It lifts the veil which distance has placed between us and foreign countries and enables us to realize how others dress, move, and have their being. It teaches without dryness and imparts a certain knowledge which no book or lecturer could. Mr. Howe's new program includes mediaeval and modern Spain, far-off Hawaii, the United States military academy at West Point and diversified activities by the splendidly trained cadets, snow-bound Norway, the amusing pranks of a tiny baby, odd dissolving portraits of famous men, various specimens of birds and fish in their natural colors, new animated cartoons, and many others.—Advertisement.

"Fair and Warmer." Avery Hopwood, master of farce, ran his own record up with "Fair and Warmer," the bubbling, hilarious farce which Selwyn & Company will present at the Grand Tuesday night. Mr. Hopwood's admirers, dating from "Seven Days" and "Twin Beds," two great successes of former seasons, found in his latest work the same sparkle of line and cleverness of characterization which had graced the others, with an added ludicrousness of situation. The scene built around the inept making of a cocktail puts its audiences practically into hysterics. The long New York run of the piece with its thousands of out-of-town visitors, spread the fame of "Fair and Warmer" all over the country and created a voracious demand for it. This most uproarious of farces had its wel-

GRANDMA NEVER LET
HER HAIR GET GRAY

She Kept Her Looks Dark and Glossy,
with Sage Tea and Sulphur.

"When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called 'Wyeth's Sage and Sulphur Compound.' You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant."

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound, and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

With the Fingers!
Says Corns Lift Out
Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not irritate or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

EAT LESS AND TAKE
SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back
Hurts or Bladder
Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake, by having a good kidney flushing any time.
