KENDRICK NAMED  
SPECIAL COUNSEL

Keokuk Attorney Will Be One of Attorney General Havner's Staff of Assistants.

## PROMINENT IN STATE

This Will Be First Time That Lee County Has Had Representative in Legal Department.

W. R. C. Kendrick of Keokuk, has been appointed special counsel by the new attorney general of Iowa, H. M. Havner, who takes office January 1. Mr. Kendrick is in Des Moines now, having gone there yesterday for a conference with Mr. Havner. He and Mrs. Kendrick and their son, William, will live for the present at the Chamberlain. Mr. Kendrick's many friends here will offer their sincere congratulations on his appointment. This will be the first time that Keokuk or Lee county has been represented in the attorney general's office.

Mr. Kendrick has been engaged in law practice for fourteen years, ten of which have been spent in Keokuk. He graduated from the law department of the Iowa State university, and his earlier college work was taken at Ohio Wesleyan and Iowa Wesleyan.

After graduation from the law school, Mr. Kendrick began to practice in the office of C. F. Howell at Centerville. He was located in Salt Lake City for a year with Judge Bowman and served as assistant adjutant general of the state.

Coming back to Keokuk, he was associated for three years with the firm of Jones and Kendrick. The other seven years of his practice here he has been working alone.

Mr. Kendrick has been connected with much important litigation in federal courts, one of the cases with which he was connected being the Johnson vs. Ruth case, in which malpractice was charged, and plaintiff was given a verdict affirmed by the U. S. court of appeals.

The new special counsel is politically prominent in southern Iowa, and has a wide acquaintance over the state. He has been prominent in city affairs and is a member of the Masons, Elks, Woodmen and Royal Arcanum. Mr. Kendrick is the son of Rev. A. V. Kendrick, and he has spent much of his life in southern Iowa, at Keokuk, Burlington and Fort Madison.

**COAL FAMINE IN COLORADO**  
In Spite of State Full of Mines, There Is Very Little Fuel to Be Had.

[United Press Leased Wire Service.] DENVER, Colo., Dec. 28.—Colorado will soon feel the pinch of coal famine, dealers declared today, despite the fact that this state is one of the heaviest producers of bituminous coal in the union.

Because European demands on eastern mines have resulted in leaving middle western states unsupplied, heavy orders from the central states are pouring in and for the first time in the state's history, Colorado is shipping coal as far east as Iowa.

Stocks here are becoming greatly depleted. Bituminous coal is now selling from \$5 to \$6.50 per ton against \$4 to \$5.50 a year ago.

**JUST THE SAME IT'S SLIPPERY**  
Weather Bureau Will Cut Out Word Sleet and Call It Ice Storm and Glaze.

The old-fashioned "sleet" is going out of style this winter before the newer "ice storm" and "glaze" weather bureau officials reported today in their campaign for more accurate terminology for various kinds of frozen rain. Sleet is officially described as small globules of rain frozen before striking the earth. When rain freezes after falling and forms a glassy coating on the ground, trees and wires, the condition is called a glaze, and when this is severe and accompanied by wind, it is reported as an ice storm.

The weather bureau hopes to eliminate what it considers improper use of the word "sleet," as it has caused substitution of the term "tornado" for "cyclone" when a violent storm of small diameter is meant.

**IS WORST CITY IN THE WORLD**  
Murder Every Other Day and Hold Up Every Six Hours Is the Record of Chicago.

[United Press Leased Wire Service.] CHICAGO, Dec. 28.—Waco's successor to Chief of Police Healey steps in New Year's eve he will face the problem of combating a record of crime which may not be equalled in any city. Figures published today, compiled by Thomas M. Kilbride, secretary of the state board of pardons, show this crime record for Chicago:

A hold-up every six hours.  
A murder every other day.  
Two suicides a day.  
An arrest every seven and one-half minutes.  
Liquor, lust, gambling and bad company are the most frequent causes of crime, Kilbride says.

Miss Grace Patterson of Peoria, Ill., is visiting at the home of her grandmother, Mrs. Clara B. Merrick.

**SHIP CAPTURED BY SUBMARINE**  
Liner Voltaire Reported Turned Into Teuton Raider and In Service Now of the Germans.

[United Press Leased Wire Service.] NEW YORK, Dec. 28.—That the Lamport and Holt liner Voltaire, long overdue at this port, from Liverpool, has been captured by a German submarine, armed and turned into a Teutonic raider was the report published here today. Twelve days after the Voltaire left Liverpool wireless warning reports of Teutonic raiders on the high seas were flashed to the British ships by the admiralty. Nothing has been heard of the Voltaire since the vessel left Liverpool.

At the company offices today, officials made light of the report that the Voltaire had been captured, but said no word had yet been received from the vessel since she left Liverpool.

**FIFTY SURVIVORS OF STEAMER**  
Fate of 350 Passengers Is Unknown and Many of These May Have Frozen to Death.

[United Press Leased Wire Service.] TOKIO, Dec. 28.—Fifty survivors of the passengers and crew of the steamer Sankaku Maru, which was wrecked off Chefoo, landed safely according to a dispatch from that city received today. The survivors include two American passengers.

A few Chinese passengers escaped by boat to Dairen before the other passengers left the Sankaku.

The fate of the remainder of the 400 passengers and crew who were aboard the Sankaku when she went aground is not made clear by the dispatches. It is feared, however, that many may have frozen to death.

[First dispatches yesterday stated that there were 400 passengers and crew aboard the Sankaku when she went ashore. Today's advices account for only fifty Americans and Japanese and "a few Chinese passengers." This would leave the unaccounted for approximately 350. Dispatches from Tokio do not indicate clearly the probable fate of these except to express the ominous fear that many may have frozen to death.]

WALLS ARE ALL  
LEFT OF CHURCH

Presbyterian Edifice at Warsaw Is Totally Destroyed by Fire Which Broke Out Last Evening.

## BUILT MANY YEARS AGO

It was One of the Pioneer Buildings of Warsaw—Cause of Blaze Is Not Definitely Established.

[Special to The Gate City.] WARSAW, Ill., Dec. 28.—Fire which was discovered shortly after nine o'clock last night completely destroyed the Presbyterian church edifice here, and threatened to spread to adjoining property. Nothing is left of the building but the brick walls which threaten to fall at any time. The fire burned during the entire night and several relays of volunteer firemen worked during the night to contain the flames to the walls of the church.

The church building was one of the landmarks of Warsaw and this vicinity, having been erected some fifty-five or sixty years ago. It was located on Fourth and Lafayette streets, one block from Main street. It was one of the finest church buildings in the city, and its fine new organ put in a year ago at a cost of \$1,000 was completely destroyed.

The blaze was discovered in the south portion of the building shortly after prayer meeting. Some of the parishioners were in the pastor's study which is in another part of the edifice. The origin of the fire is not known unless it was from the furnace. Additional fire was made, at the request of some of the attendants for the prayer meeting, and it was thought that sparks from the fire or an over-heated furnace may have caused the blaze.

Two small organs were saved from the fire. There is insurance of \$11,000 carried on the building. While no plans could be announced today, it was considered probable that the church would worship in one of the theaters until a new home can be procured or built.

The Warsaw fire department, aided by volunteers, did some heroic work in keeping the fire from spreading to adjoining property. Four lines of hose were laid. Dr. J. M. Thompson is the pastor of the church.

## CITY NEWS.

—The body bearers at the funeral of Mrs. Clara Josephine Linstrum yesterday were Freeman Dunn, Charles Hughes, William Peterson, Lauritz Nelson, Michael McDonald and Frank Wahlgren.

—Morgan C. Morris and Miss Harriet M. Kearns of Wayland, Missouri, were married by Rev. F. C. Edwards pastor of the Trinity M. E. church, last evening at 6:30 o'clock at the parsonage.

## You'll Own an Electric Suction Cleaner Some Day

Because it will keep your home clean and sanitary for less money than you are now paying for brooms and the dust they leave.

## You Should Choose a Bissell Electric Suction Cleaner

Because it moves more air in a given time than any other portable cleaner.

Because it does better work at the tool mouth than the costly built-in cleaners.

Because it is practically unbreakable and there is no limit to the demands you can make upon it.

Because it is adapted for use in the largest buildings as well as in the smallest homes.

Because in addition to its perfect work as a cleaner, it furnishes light power for all household purposes.

Let us show you all that the Bissell will do for you—there's no other cleaner can do as much. Telephone us and we will clean one room for you free.
