The Tariff and the Farmer.

The Tribune will devote much space during isol to the Tariff as it affects the Farmer and the Mechanic. Hon. Bosweil G. Horr, of Michigan, has been added to the Tribune's staff of Tariff writers for this purpose. He will, through the columns of the Tribune, devote himself to this topic, and will invite and answer questions upon points which perplex the American Farmer and Me-chavic. He will also, so far as other duties will allow, attend Farmers' Institutes and agri-cultural gatherings the coming winter and spring, and expound the principles of the Tariff. Those who desire the presence of Mr. Horr at Farmers' Institutes, etc., are invited to com-municate promptly with The Tribune. Young Men Who Wish to Succeed.
