Cliston last week, was a success in every respect-more successful, in fact, than any which preceded it. Whether we regard the perfection of the arrangements, the receipts at the

and Lyons, and only a short distance from the Mississippi River. Entering the grounds from the east, we find a large portion of the area on the right partitioned off for a half-mile track, facing which, on the south, is a vast smpitheatre, capable of seating five thousand persons. To the front we discover the business offices, and still further on, suitable buildings for the exhibition of fruits, vegetables and the products of art. On the left, and extending half way around the area, are the stalls and peas for cattle, horses, hogs and sheep.

When we entered the grounds on Tuesday afternoon, Oct. 1st., and the first promises offices and the wonderful machines designed to economize labor.

In general a separator which separator review which separator reviewed which soils, with a subsoil of clay mixed with sand, those soils, with a subsoil of clay mixed with sand, thousand the first premium out of a large number exhibition of fruits, vegetables and the products of art. On the left, and extending half way around the area, are the stalls and peas for cattle, horses, hogs and sheep.

When we entered the grounds on Tuesday afternoon, Oct. 1st., and the first premium of the grounds were on exhibition. But we have no mise labor.

In general control which separator which separator which separator which so more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as more uncertain in this State than the other wateries as made. It does best in each the the soft is soil, with a subsoil of clay mixed with the soft is soil, with a sub

found on our met page, and will specific the mysterious canvas, lent life and tiful Northern Iowa region equal to the best, and building to such an extent and will spice to the occasion, opening the mouths and distending the eyes of multitudes of boys and "gals" who have been overcome.

Those who have lived here for years are time and care.

Those who have lived here for years are time and care.

Wear this place, in 1851, a large nursery has a hundred or more acres under cultivation.

but choice, especially that of Durbam stock. John Murphy, of New Mallery. took sixteen premiums on bulls and oows. Alferd Noble, of Monticello,

eiderable attention, and created some engine—a beautiful machine which 3,000 bashels of apples were raised in this cuthusiasm. In Northern Iowa, P, C. Yates, of Anamosa, took the first G. H. Baraum, of Marion, the first those of Clinton. premium on matched carriage team, and J. S. Wolff, of Cedar Rapids, the

doiinge plants &c., formed one of the most chart superior to anything before seen in the State. We were greatly pleased with the exhibition of fruit, especially in view of the worn out cry that Iowa is no fruit country. Several hundred plates of the finest looking apples from all parts of the State attested that that branch of fruit-culture, at least, is successful. G. A. Knowles of La Porte, Black-hawk county, displayed forty or fifty.

tion: at Clinton. It is true, we met under the display of grapes was meager. Several af our cultivators could equal it. Mr. Knowles, of Black Hawk Co., received the second premium on winter cating apples.

The display in this hall was very attractive. It was especially rich in ornamental needle and knit work of every description, in specimens of ornamental penmanship and in the remarkable collection of snakos and inwords and collection of snakos and c ornamental penmanship and in the remarkable collection of snakes and insects presented by Dr. Shaffer, the Secretary of the Society. Any number of cewing machines could be heard constantly above the hum of conversation with their musical click, while concadion the interests of the profession are to be materially advanced through the Association, and it will not fail to receive and organs swelled out from the great central platform. The Davesport sector of broadcouts, and store the famous and diagnat,—disgust will be commented to-day. The barge fitted our voting until afternoon. great deal of attention. The perfection of these fabrics was the occasion of wonder to all who examined
them. Among other extraction was a
soapstone stove, which is claimed as a
vast improvement over any heretofore

many sparkles of wit and capitalhits.

We cannot close our comments on the
convention without reference to the hospitality of the citizens of Clinton. Their homes
were freely opened to the fraternity, and if
ket their produce and do their trading at The forrteenth annual Fair of the State Agricultural Society, held at rast improvement over any heretofore as Pond's Iowa Corn Husker, which took the first premium.

The day of the Fair, the entries had been only partially made and the display in most departments was still very incomplete; but by Wednesday noon, nearly everything was in its place, ready for inspection and critisism. At 4 o'clock r. m. of Tuesday. Peter Melendy of Cedar Falls, the President of the Society, delivered the opening address, which will be found on our first page, and will speak for itself. The attendance, on Tues-

charged \$2.50 per day.

The next Fair will doubtless be In 1856, trees were taken from Judge to watch him while he so carefully guards held on the same grounds. A better poolittle's nursery, and another orchard, the interest of the working man. The doctor more accessable location could not now owned by Hon. J. M. Brayton, was tor is a traveling apothecary, who some

ows. Alferd Noble, of Monticello, took the first and second premium on two year old cows, and the premium for the best buck.

Our friend, J. W. Myers, who was on the ground, called the display of sheep very fair, and took pains to point out specimens of the very first crder, which would have done credit to any exhibition.

Of hogs we can only say that the anisher on exhibition was not large, consisting mostly of Chester Whites.

The famous horses of the State

were at other Fairs, rendering the display less interesting than was expected. We do not doem it necessary to mention particularly the various trials of speed, as there was no remarkable time made, and it would be but a repetition of second rate figures.

The racing, however, attracted conhard the inhabitants crops out everywhere.

The people of Clinton are evidently alive to their own best interests. They have recently purchased a steam fire

township.

Judge Doolittle, Mr. Brayton, and Mr. We know of no City in Iowa whose ates, of Anamosa, took the first prospects are more promising than Porter, have nurseries in connection with their orchards, where trees of the same variations. and J. S. Wolff, of Cedar Rapids, the first premium for horses "fast and far."

A convention of editors of the State was held at Clinton on the third day of the fair, Oct. 3d. A business session was held on the morning of that day, at which between thirty and forty editors were present. The association was called to order by B. F. Gue, of the Fort Dodgs Northwest, who briefly stated the object of the gathering. In the association, roses, fortinge plants &c., formed one of the first, of the Clinton Herald, was made Section was called to order by B. F. Gue, of the fort Dodgs Northwest, who briefly stated the object of the gathering. In the same of the regular secretary, il. McAllister, of the Clinton Herald, was made Section was called to order by B. F. Gue, of the fort Dodgs Northwest, who briefly stated the object of the gathering. In the same of the regular secretary, il. McAllister, of the Clinton Herald, was made Section to the gathering. The control of the fair, and the fair, and the plants of the fair, of the fort Dodgs Northwest, who briefly stated the object of the gathering. In the same of the regular secretary, il. McAllister, of the Clinton Herald, was made Section was been in their orchards to this is the case, first try all the nostrum preparations in the market, and when you find any that can be produced in this latitude.

It is the opinion of some farmers here, that the winter killing of trees has been largely growing continually worse, pay a dollar for a bottle of Dr. J. W. Poland's White Pine Compound, and find yourself caused by cultivating the orchards too much. So that the trees grow too fast and too late, lister, of the Clinton Herald, was made Section was called to order by B. F. Gue, of the Fort Dodgs Northwest, who briefly any that can be produced in this is titude. It is the opinion of some farmers here, that is equal to yourself growing continually worse, pay and dollar for a bottle of Dr. J. W. Poland's which be the plant of the control of the control of the pay and the opinion of some

G. A. Knowles of La Porte, Black-hawk county, displayed forty or fifty varieties of apples, many of them fine seedlings produced by himself. He also exhibited a plate of fine looking pasches, raised in the open air without protection to the trees, other than that afforded by the snow. Many fine specimens of pears were exhibited. The display of grapes was mea

THE GREAT NEW ENGLAND REMESY! DR. J. W. POLAND'S

WHITE PINE COMPOUND

Is the great secret of success, and I shall con-STRICTLY UPON THAT PRINCIPLE.

WINTHROP!

New Goods!

Large Sales and Small

**Profits** 

AND SHALL SELL GOOD GOODS, And never have but one Price, and that as low as any

House In this part of the State.

Clothing!

The largest and BEST STOCK of Clothing just received, and will sell them Cheaper than the Cheaper, as I have bought directly of the manufacturers, and will not be undersold. As I wish to build up a Clothing trade, I am willing to give a man such inducements that he cannot help but purchase when he sees the goods.—Also a large stock Gents furnishing goods. All sold at the lowest prices. Bore Throat, Colds,
Cough, Dighth ria,
Broachttis, Spitting of
Elood, and Pulmonary
Affections generally.
It is a remarkable Remedy for Kidnay Compisitate, Disbetes, Difficulty of voiding Urine,
ing from the Kidnoys, Bladder, and Gravel.

My goods are much better than ever before, and my s ock this season, besides being large and well asserted, consist mostly of New Goods, bought at low prices.

Remember before you buy Clothing, that I have a room fitted up expressly

for it, up stairs. JOHN H. PALME .
