A VALUABLE SUGGESTION

Important To Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder trouble, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp Root.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose 10c; also mention the Earlington Semi-Weekly Bee.

Philippine Forests Invite

American Enterprise

The first big sale of Philippine timber, offering opportunities for lumbermen in the United States, has just been announced by the bureau of insular affairs of the war department.

While there are American firms operating in the Philippines, it is pointed out by the officials of the bureau that the Philippine islands offer to progressive lumbermen chances for profits not excelled by any other field in the world. The forest officers of the Philippines state that the islands contain 200 billion feet of merchantable timber for which there is a large present demand and that practically all of it is owned by the government and is available under very favorable terms. In almost all cases the forests can be easily logged by the most improved machinery and methods.

The timber itself, it is pointed out, includes structural material of great value, in addition to many fine hardwoods particularly suited to cabinet work. In this latter class some of the most plentiful woods may be sold in competition with mahogany, such is their beauty of grain and richness.

A complete report on this body of timber, which can be had at the office of the director of forests in Manila or at the bureau of insular affairs in Washington, shows that the region occupied by the main body of the tract presented ideal logging conditions. The report shows that railroads can be built easily and cheaply and that the entire timber belt can be logged at a minimum of expense and trouble. The amount of timber per acre varies from 12,500 up to 30,000 board feet or more. In the four principal types of forest embraced in the area, much valuable material can be secured from even the least desirable type, and the most valuable types will, according to figures

of the bureau, provide a handsome profit for an outlay comparatively small in relation to the value of the timber which is to be exploited.

The principal kinds of wood are the lauan, excellent construction timbers and somewhat comparable, in mechanical properties, to the Pacific coast redwoods; vacal, one of the most valuable because of its great strength, and its resistance to destruction by white ants; apitong, quite comparable to the hard pines of the United States, and various other hardwoods, which have already found a place as substitutes for mahogany.

DON'T LEAVE EARLINGTON

No Need to Seek Afar. The Evidence is at Your Door

No need to leave Earlington to hunt up proof, because you have it here at home. The straightforward statement of an Earlington resident like that given below, bears an interest for every man, woman and child here in Earlington.

John W. Davenport, Earlington, Ky., says: "I suffered from kidney trouble more than tongue can tell. My back was so sore and lame that I could not work for days at a time and the kidney secretions were scanty. There was a constant pain in my head that almost blinded me. I became dizzy, dark spots floated before me and I would reel like a drunken man. Nothing did me any good until a fellow-workman told me he had used Doan's Kidney Pills with success. I got a supply at the St. Bernard Mining Co. Incorporated. It was only a few weeks before they removed the trouble."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Beans on a Stick

Little Ethel was only four years old, and her mother was spending the day with a friend who had corn boiled on the cob on the table when dinner was served. Little Ethel had never eaten corn cooked this way before, but was very fond of it, and when she had carefully eaten every grain of corn from the cob, she passed the cob to the waiter and said, "Please mam put some beans on it."

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Merz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery, cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. All Druggists by mail. H. E. Bucklen & Co., Philadelphia or St. St. Louis.

Making All Happy

"What I deem an appropriate present is a book, and that I must choose for myself," writes a correspondent of the London Chronicle. "To leave the selection to friends would be a catastrophe. Every year, therefore, on behalf of those generously minded individuals who have kindly thoughts toward me, I buy books for myself, tell them, and get the money refunded. And in the measure of monetary value they remember me, I likewise remember them—in any article of their own choosing. And so they all are happy."

Excuse spreads rapidly, itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. See at all stores.

Must Be Persistent

The art of convincing is never given to the man who is unwilling to persist in an effort to convince.

A Scene From "Busy Izzy"

Real Friend

There is one friend who will never fail you while you have hands to move and a brain to plan. In your dreariest hours she will be your sweet refuge, and in times of prosperity she will guard you from "the pride which goeth before a fall." She will bring you long nights of restful sleep at the end of your busy days and when other friends grow careless or disdainful, she will absorb you more and more. Her name is Work, and neither the highest nor the lowest can be happy for long without her.

A Night of Terror

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all Dealers.

New York's Nickname

Gotham is the name of a village in England whose inhabitants, according to ancient tradition, were noted for their unsophisticatedness and simplicity and hence were called, by way of ridicule, "the wise men of Gotham." English legends and rhymes refer to the wise men of Gotham, and Washington Irving, in *Salmagundi*, applied it as a nickname to New York because the inhabitants were such wiseacres. The nickname has survived its original significance if it ever had any.

Saved His Foot

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Bucklen's Arnica Salve as a last resort. Bucklen & Co., Philadelphia or St. Louis.

Until the Plumber Arrives

While waiting for the arrival of a plumber, when the water pipes have sprung a leak, the housewife may do a little repairing herself. The water should be turned off and a solder made by mixing some whiting with common yellow soap and just enough water to form a thick paste. Apply this mixture to the leak and in a little while the water may be turned on very slowly. This solder may last a day or longer.

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get the dollar size BALLARD'S HOREFOUND SYRUP. With each bottle there is a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. Sold by St. Bernard Mining Co. Incorporated, Drug Dept.
