LOUIS VEUILLOT.

The pathetic death-bed verses of Louis Venillot are thus translated by a correspon-dent of the Nation:

Place at my side my pen,

The Christ above my heart,
This volume at my feet, and then,
The coffin natical, depart!

When the last prayer is said. The cross piant over me; And on the stone that marks my bed Carve, "I believed—I see."

Say 'mongst yourselves' He sleeps; Done all that he devised:" Or rather say," He vigil keeps Where dreams are realized."

Jesus, my hope! on earth,
I never shamed of thee;
Before the Thro.e, in my sore dearth.
Be not ashamed of me!

hold a grand convention at Baltimore,

THE bonded extension bill thas been defeated in the House of Representatives by a vote of 185 to 83.

Kentucky distillers do not anticipate any serious financial trouble over the defeat of the bonded extension bill. THE Duke of Albany, the youngest

son of Queen Victoria, died suddenly at Cannes, on Friday. He was born in 1853. JAY GOULD's net income is said to be \$9

a minute. Very few of the men who Griggs has just returned from the Cour earn it for him make that much a week.

Five murderers were hanged at Tombstone, Arizona, on Friday. Jurors of the square. Another has sold a quarter of his Cincinnati pattern have not yet been introduced into that region.

THE Relief Committee at Covington voted to send the unexpended balance in their hands to the people of Harrison County whose homes were destroyed by a tornado recently.

THE Committee on Banking and Currency are considering the propriety of so amending the national bank laws that examinations may be made more frequently and directors be held to accountability for irregularities.

THE United States Senate has passed a bill authorizing the Secretary of the Navy to offer a reward of \$25,000, to be paid to private parties who shall discover, rescue, or satisfactorially ascertain the fate of the Greely expedition.

THE change in the arrival and departure of trains goes into effect to-day. Greely search expedition, has saifed for Conductor John Martin's train leaves at 12 m., instead of 12:30 p. m., and Capt. Henry Green's train arrives at 7:45 p. m., instead of 8:20°p. m., standard time.

During the first eight months of the present fiscal year the internal revenue receipts were \$78,000,320, a decrease of \$18,451,260 compared with the corresponding period of 1883. The aggregate receipts of February were \$2,030,865 less than in February, 1883.

GENERAL GRANT refuses to dine with Blaine. It is not stated whether this is because Blaine does not make good gravy or whether the" Old Man" does not like Gail Hamilton. This is not to be construed as an insinuation that there is not great harmony among the Republican

SENATOR HAMPTON, in his address to the Senate on the educational bill, said the public schools of South Carolina cost more than twice as much as the administration of the State government, and those schools, maintained at so much tost, were open to all alike, no distinction being made on account of race or color.

THE discovery that it was ergot in the hav and not hoof and mouth disease that killed the Kansas cattle, is argument that Congress should go a little slow in voting away the people's money for relief which does not releive. The Governor of Kansas, who did not permit himself to run wild, shows that he has a level head.

It is gratifying the rapid progress made in the Southern States in the development of their mineral and agricultural resourses, and the starting up of many new industries, such as cotton factories, iron foundries, manufactories of lumber and agricultural implements. Thrift and enterprise are very apparent. The great Industrial Exosition to be held at New Orleans next winter will doubtisse show results surprising to Northern

Tuz River and Harbor Committee have nearly completed the consideration of the river and harbor bill. It is understood · that the aggregate of the bill will not exceed \$11,000,000. The principal items wil be appropriations for the Mississippi, Missouri and Ohio rivers and the great harbors on the Atlantic, Pacific, lake and gulf coasts. Tofthe Mississippi and its tributaries about \$5,000,000 will probably be appropriated.

A WHITE MAN TO BE SOLD.

John Hando, of Virginia, Mortgages

His Body to a Creditor. GREENSVILLE, N. C., march ol. -One of the most remarkable suits on record is about to be heard before the Supreme Court of this State, growing out of a mortgage on his own person, made by a white man named John Hando, of ritt County, in this State, securing Jim Taker, a cotton planter, for a debt due him. The deed reads: "I, John Hando, of the County of Pitt, in the State of North Carolina, am indebted to Jim Taker, of the State and county aforesaid, in the sum of \$26, for which he holds my note, to be due on the 11th day of January, 1884, and to secure the pay-ment of the same I do hereby convey to him these articles of personal property to wit: Myself to work with him long enough to pay this debt; but on this special trust, that if I fail to pay said debt, right away, then he, the said Taker, or his assigns, may sell me at the Courthouse loor, for credit or cash, as he thinks best, after giving twenty days' public notice, at three public places, and apply the proceeds of such sale to the discharge of said debt, and interest on the same, and cost and expenses of making such sale, and pay the surplus, if any, to me. Given under my hand and THE Roman Catholics of America will seal this the 14th day of January, 1884."

Hando failed to pay the amount due Taker, and the creditor was at liberty, under the terms of the deed, to sell him at public auction. Some time before the expiration of the twenty days' grace allowed the mortgaged debtor, the news got out, and the Court-House green was crowded with people, expecting to witness the novel sale of a white man. An injunction was granted by the Superior Court, and no sale took place. The Supreme Court will hear the case.

A NEW ELDORADO.

Wonderful Accounts of Gold Mine in the Far Northwest.

Sr. Paul, March 31.-State Senator d'Alene region. He says: The yield of gold the coming season will be extraordinary. One of the miners, a few weeks ago too poor to buy and own an outfit, has taken out \$5,000 from a place six feet claim of five acres for \$10,000 cash. A miner at Rathdrum has sent \$1,200 in gold to the United States Mint. He showed me three nuggets worth \$167.

Merchants at Spokane Falls have taken in \$40,000 from the Mines' Exchange for supplies. A few of the places are working, but on most are from two to twenty feet of snow. The snow is melting rapidly. Miners who are working take out \$40 a day per man. Men who jumped Winow's Claim last fell while fighting the matter in the courts, have taken out \$18,000. There are 5,000 men in the mines. Their claims can not be bought. Many sit, gun in hand, watching their claims. People are flocking into the mining region at the rate of one hundred a day. At Thompson's Fails over one hundred buildings have been erected in the last two weeks. I anticipate an influx of from fifty to a hundred thousand people.

TROUBLES OF LABOR.

A Chain Maker Saved From Angry Amazons By His Little Baby.

TRENTON, N. J., March 31.-For a long time the score of chain makers employed at the rolling mill in this city have been on a strike. On Monday Joseph Billingham, a chain maker from another establishment. went to work in the rolling mill at the reduced wages. That night the strikers' wives held a meeting and appointed a committee to visit Billingham. Tuesday night he found the women waiting for him when he got home. They attacked him fiercely with words, and seemed about to inflict bodily injuries, when his wife thurst her infant into his arms. At the sight of the baby the women drew back, and finally left the house, after exacting from Billingham a promise that he would leave the rolling mill and go back to his old place.

Examining a Disinterred Body. Pirtston, Pa., March 31.—The result of the post-mortem examination of the disinterred remains of Ann Carroll in part clears Dr. Muliholland of malpractice, as no second child was found. It appeared probable, however, that death had resulted from hemorrhage, and the physicians of the old school charge that this was due to gross neglect on the part of Dr. Mulhlolland, and talk of prosecuting him for malpractice. It is an open secret that Dr. Gibbons is the instigator of the charge against Dr. Mull holland, and the latter threatens to sue the Sunday Newsdealer for libet. A number of the leading physicians of Wilkesbarre were summoned to give testimony as experts, but failed to appear. Attachments were issued to enforce their attendance tomorrow, when the inquest will be resumed.

SPRINGFIELD, III., March 31 -In response to the request of the Sheriff of Menard County, the Governor has notified the Captain of the Petersburg Guards to hold himself in readiness to respond to the call of the Sheriff. No intimation has been received here that any attempt has yet been made to lynch Houlden, the wife murderer now in l'etersturg Jail.
