## CLEAN UP

City Council Takes Action  
for Skagway Day.

The city council last night decided that Friday shall be Skagway day, and on that day the people are requested to join in the work in cleaning up the town. Streets, alleys, vacant lots and back yards all come within the purview of the council's action. In line with the decision of the council to have a general cleaning up day, it was ordered that every person be given notice by the city clerk to have their premises and alleys near them cleaned up on or before May 1.

Major Pitcher who has had every thing cleaned up since, and span around all the property in the possession of the United States has offered to assist in every way possible in the work of cleaning up the town so that it might look respectable to strangers coming into it. He has had teams working on the baseball grounds, and says that he will cooperate with the authorities of the city in the good work.

Major Pitcher suggested that it would also be a good thing for property owners to tear down the hideous old shacks that can serve no purpose except to offend the eye.

The people are greatly interested in the matter. ## CITY COUNCIL TO ENFORCE DOG ORDINANCE

Those Owning Dogs Will Be Required to Pay  
Taxes on Their Pets or Have Them Shot.

Judgeship Ordinance Introduced.

The city council last night decided that the dog ordinance must be enforced and that all dogs upon which the license tax has not been paid will be killed and that without delay.

It was also decided that all dogs which are afflicted with the mange must be kept up and treated, or they will be killed whether the tax has been paid on them or not. The dog ordinance provides for a fine of from \$50 to \$100 for its violation, and the council decided that the penalties will be enforced in cases where there is a failure to comply with the requirements. The council also backed up the order made some

days ago by the health and police committee that dogs be kept up until the mad dog scare shall have subsided.

There was introduced and read first time in the council a bill providing for the election of a municipal judge at the next election. The ordinance was prepared by City Attorney Dillon and did not provide for the amount of the salary. That will be filled in by the committee on judiciary and elections, to which it was referred.

There were present at the council meeting: Mayor McGrath and Messrs. Kalem, Nettles and Ronkendorf.
