CARS IN COLLISION.

Associated Press Dispatch by Special Wires.
Philadelphia, Pa., May 29.—Two
trolley cars, both crowded with passengers, on their way to work, collided at
a street crossing today, and a score of
persons were injured, though mona, it is
believed, was fatally hurt.

Many of the injured were taken into,
nearby dwellings, where they received
medical attention, but the greater number were conveyed to hospitals. The
injuries of the victims consisted principally of contusions and cuts, and nearly
all the passengers suffered from shock.

GEORGE K. YATES HURT.

Accidentally Fell'hown Stairs at the Masonic Temple.

George K. Yates, aged 69 years, of No. 415 East Seventh street, tyler for several Masonic lodges, sustained a broken jaw bone and other injuries by falling down a flight of stairs in the Masonic Temple last night. Eureka Lodge had held a meeting and Mr. Yates was in attendance.

While it is not known exactly how the accident happened, it is supposed that Mr. Yates turned the wrong way in coming out of a door and fell down the stairs. Nathan Johnson, colored, a janitor, found him prostrated. Drs. Rile and Negendank, who were in the building, went to his assistance. The Phoenix ambulance was summoned and the injured man was removed to the Homeopathic Hospital. At the hospital this morning it was stated that he was painfully injured, but not in a serious condition.

Mr. Yates has been tyler for several of the lodges for over 40 years.

Tesms Cannot Flay Other Lecal Clubs During the Seases.

A meeting of the City Baseball League was held last night when it was decided to prohibit teams of the league playing any other city or State clubs during the season. It will therefore be necessary for the teams that had scheduled games outside of the league to cancel them. This rule will not, however, prohibit the teams of the league to playing games on off dates with clubs outside of the State. Tomorrow afternoon X. Wilmington will go to Sharon Hill, Pa., and play the nine there, which is a member of the Delaware County League. Lucas will probably pitch for the locals.

In addition to the two Tri-City League games at South Side Park tomorrow, there will also be a game on Thursday between Landlith and Browntowns

NEW ROAD MATERIAL

NEW ROAD MATERIAL

Found in White C.ay Creek Hundred by
Supervisor Levy.

*John Levy, supervisor of new roads
for New Castle county, submitted a
sample of material to the Levy Court
this morning, which he found on the
Powell farm in White Clay Creek
Hundred and thinks it would be suitable for building gravel road. The material seems to be a mixture of gravel,
clay and iron and is said to wear well.
Mr. Levy says the material on the
Powell farm runs about 12 feet depth
and is so hard that it would be
necessary to blast to get it out. Several members of the court say it is
similiar to the material used on the
New Jersey roads which has been used
successfully.

Dr. John J. Black has arranged a meeting in the New-Century Club building on the evening of June 7th for the purpose of forming a Delaware branch of the national society for the study and prevention of tuberculosis. A misunderstanding has existed in reference to this meeting, as it has been stated that it was only for physicians. As a matter of fact it is not wholly for physicians, but is open to anyone who desires to attend. All who are interested in the subject are invited to be present and take part in the meeting.

Harrisburg, Pa., May 20.—Gov. Pennypacker today declined to make any comment on his action in ordering the State
Police Department to prevent the fight

"The supreme executive power shall

take care that the laws be faithfully

Officials at the State Police Department declined to disclose their plans, but
intimated that a sufficient force would

San Francisco, Cal., May 29.—Chinese residents whose property was burned during the recent fire, will austain a further loss that may reach as high as \$50,000 or \$60,000. They must obtain from the government at Washington duplicate certificates of legal residence in the United States. About 6,000 of the certificates were destroyed, according to an estimate made by officials of the Chinese Bureau.

This loss falls on the Chinese alone, as upon them rests the necessity, when occasion may arise, of proving the right to remain here. Without his certificate, any Chinaman belonging to the excluded clusses would be subject to deportation at any time,

THIRD MINISTRY WONT RESIGN

BY THE LOWER HOUSE

HOPE THAT STORM WILL SUBSIDE

St. Petersburg, Russia, May 29.—As foreshadowed in the statement made by Minister of Agriculture Stichinsky to the Associated Press, last night, the government has decided on its ourse of action with reference to the vote of lack of confidence by the lower house and its demand for the resignation of the ministry it will swallow Parliament's affront and treat its resolution simply as a declaration beyond its competency and, consequently, as not binding upon the monarch. In other words, the government has decided to ignore the demand of the lower house and the ministry will not resign, but neither will Parliamena be dissolved. Moreover, instead of treating the action of the lower house as cause for offence, the ministry will continue its conciliatory attitude in the hope that the storm will subside and, unless Parliament takes some revolutionary action, the original plan of prolonging the seasion until it is time for the summer vacation, at the end of June, will be carried out. In the meantime the government will offer its own projects for the solution of the agrarian question, &c., and if they are rejected the lower house will be allowed to claborate its projects. No ammesty will be granted, but the political prisoners will be released as rapidly as possible. The ministry is evidently strongly convinced that its agrarian programme will win the support of the conservative interests of the country, which naturally are frightened at the universal scheme for the expropriation of land proposed by the lower house he has been been for the country, which naturally are frightened at the universal scheme for the country, as well as Wednesdays, which was adopted on the motion of M. Ostrogriki, a Jew from Grodno, as a non-recognition of the Christian Substat and as a direct affront to Christian Russia.

The print of the lower house was much calmer today. At the opening of the session o communication from Premier Goremykin was read, announcing that the interpellation regarding the death sentence imposed by a court-martial at
