Washington Has a Young Seeress Who Claims to Read the Soul's Secrets of Love and Life.

As men have been taught to read music at sight, it is up to the psychological cards that men may read each other at sight.

The secret of her program is contained in the following statement in her own language.

ANALYSIS OF CHARACTER.

Specializing this great study she has proceeded to the analysis of character by the corporeal as well as the spiritual nature as expressed in music.
