Commissioners Not Authorized to Order Use of Public Buildings-Official Invitation to Be Issued

The canvass which is being conducted by the Business Men's Association for the purpose of raising funds for the entertainment of the Grand Army of the Republic, should their forthcoming encamp ment be held in Washington, has thus far netted nearly \$25,500.

No Free Quarters.

At a meeting of business men held a few days ago the matter of providing free quarters for the veterans was voted down. This way done in 1892, and involved an expenditure of nearly \$7,500. The citizens also expressed themselves as opposed to the free use of the school

Lieutenant Amiss Makes Reply to Mr. Thomas O. Selfridge.

Mr. Thomas O. Selfridge, of 1867 Kalorama Avenue, recently wrote the District Commissioners calling attention to the arrest of a driver at Tenth and G Streets northwest because, he alleged, some straw from a load he was hauling was caught by the trees and left on the street. He asked that relief be extended to the farmers who are obliged to make use of that street.

The matter was referred through Major Sylvester to Lieutenant Amiss, of the First precinct. The lieutenant replied that it is not the custom to arrest persons who haul hay and straw to the city, but that in the case referred to the man had a large load of short, dry straw, which was scattered all along the street to Euch an extent that it became the subject of re-rark, and led to the arrest of the driver. Lieutenant Amiss says that certain leniency has always been shown the coun-try people who bring produce to the city, and that they have no cause to complain

Members of the Bar Gratified by His Confirmation.

Senate Judiciary Committee, After Hearing Charges, Did Not Deem Evidence in Rebuttal Necessary.

The confirmation by the Senate of th nomination of Justice Thomas H. Anderson as a member of the Supreme Court of the District was very gratifying to the members of the District bar. Mr. Anderson was on the bench in Criminal Court No. 1 yesterday. Upon his arrival at the City Hall, and during the recess hour, he

was congratulated on all sides. The Senate Investigation. An effort was made to have Justice Anderson's nomination held up in the Senate because of his connection with a local building and loan association. The Judi-ciary Committee of the Senate ordered an investigation.

The few persons who opposed Mr. Anderson's confirmation were allowed all possible latitude, after which the committee reported unanimously in favor of

confirmation. In this connection it is to be noted that the testimony offered before the Judiciary Committee was such that the committee

did not deem it necessary to hear any evidence in rebuttal.

Gave Capitol a Wide Berth. During the time the matter was under Investigation, Justice Anderson religiously avoided the Capitol. On Thursday morning Senator Foraker wished to see him on a matter of some importance, and telephoned him to come to the Capitol, but Justice Anderson replic' that while he would like very much to respond, he could not go to the Capitol at that time.

OLD FOUNDRY CHURCH SOON TO BE NO MORE

Purchased by Mr. Walsh as Office Building Site.

Congregation Will Seek a Site Farther Uptown for Its New Home-Old Location Now in the Business Section of the City.

Mr. Thomas F. Walsh has bought the Foundry M. E. Church, Fourteenth and G Streets northwest, for the price of \$200.

The bid, which was made some time ago by Mr. Walsh, offering \$18 per square foot for the property, was accepted at a meeting of the quarterly conference, which was held in the church Thursday evening. The Rev. Dr. H. R. Naylor, the presiding elder of the district, was chairman

of the meeting. To Go Farther Up Town.

Six weeks ago the quarterly conference decided to sell the property and seek a location farther up town. It is expected that at the next meeting of the conference some action will be taken in regard to the selection of a new site and the erection of a suitable church edifice. The property has a frontage of 118.8 feet on G Street and 95.3 feet on Fourteenth, and contains 11,321 square feet. The improvements consist of the church

building and the parsonage.
