TERSELY TOLD.

J. F. Benjamin, inspector of the Southeastern Tariff Association, who has been here for some days looking over fire conditions, will leave to-day for other cities on similar business.

John Jacobs, of New Orleans, probably the oldest in point of service of any of the New Orleans motormen, is in the city, coming here to visit his son, Chief Electrician V. A. Jacobs, of the Alabama. He is accompanied by his wife, and they will leave to-day for their homes. Mr. Jacobs has been in the employ of the company for thirty-four years, and has been on one line alone for the past seventeen years.

A small fire occurred at the home of Jas. M. Muldon, on the bay shore yesterday afternoon, and, although the home was threatened for a short time, the blaze was extinguished with small loss. It originated from a defective flue. Chief White with one of the hose wagons went to the scene as soon as a message was received, but when the truck arrived the blaze had been about extinguished.

The boys of the battleship Alabama, now in port, are preparing to give a minstrel performance at the Opera house on the night of April 24th. The fine troupe on board that vessel is now rehearsing each day, and expects to give one of the best amateur performances ever witnessed in Pensacola. The troupe has some excellent talent and the event will on doubt be greatly enjoyed by those who attend.

If you use Blue Ribbon Lemon or Vanilla Extract in your Ice Cream the flavor will be perfect. At your grocers.

BIDS WANTED.

Bids for privileges at the A. O. H. Dancy Day Picnic, at Kupfrin's Park, May 1, should be mailed or handed to Frank Riera, at Forbes store. Right reserved to reject any or all bids. Bids will be opened Monday, April 24, at 7:30 p. m., at the A. O. H. hall. 19c

SHRINERS COMING TO PENSACOLA AT EARLY DATE

TWENTY OF THEM WILL COME TO PENSACOLA AND INITIATE NOVICES—BIG BANQUET WILL FOLLOW.

Twenty members of the Morocco Temple of the Shrine of Jacksonville, are expected here on the night of the 25th, and on the evening of the 26th, twenty novices will be initiated into the mysteries of that degree of Masonry.

For the past two weeks arrangements have been under consideration for the visiting Shriners, and these arrangements are now about completed, so that when the visitors do arrive everything will be in readiness for their entertainment and enjoyment. It is probable that they will be given a trip on the bay and later a big banquet will be given, in which every Shriner will participate and it is expected that the fun will be fast and furious.

There are now about twenty Shrin-

ers in the city, and with the twenty to come from Jacksonville there will be a good sized crowd at the initiation. The novices, over twenty in number will be added to the crowd, and with these it is expected that the amusements arranged will be most enjoyable.

The initiation will be one of the enjoyable features of the event. This will occur in the hall of the Masque lodge. No Mason who has not passed the Knights Templar degree can become a Shriner, and consequently those who will be initiated on the 26th, are all high in the ranks of the order.

The details of the program are now being arranged, and it is anticipated that the event will be a most enjoyable one. A big banquet, a trip on the gulf and other amusements will be afforded the visitors from Jacksonville.

There is no better school for your boys and girls than at the Pensacola Business College, careful training under specialists. Day and evening sessions.

COMMISSIONERS WILL DECIDE ON THE ROAD

SPECIAL MEETING WILL BE HELD TO-DAY TO DECIDE ON THE ROAD TO BE BUILT BY THE GOVERNMENT.

Aspecial meeting of the Board of County Commissioners will be held to-day, notices having been issued to this effect yesterday. The purpose of the meeting is to consider what road leading from the city is to be built by the government expert, Mr. Spoon, as an example of expert road building, and also to consider what character of material is to be used in its construction.

Mr. Spoon reached the city yesterday and it is expected that the road-building machinery will reach here during the next few days. The government, in order to bring about interest in good roads has decided upon building a sample mile of road in each county, and the meeting to-day is for the purpose of designating in what locality this road shall be built.

At present there is much interest in building a hard road from Bayou Texar towards Ferry Pass and Escambia. There are many favorable to this project, inasmuch as there is already a hard road leading north and west, as well as the cemetery road, which will probably be constructed during the course of the next year. This leaves only one road, practically, which will need improvement, and that is the one coming on the east side of Bayou Texar and going towards Ferry Pass and Escambia. There have been many complaints in the past that the county has not placed this thoroughfare in the same condition as other sections, and there have also been much favorable comment towards having the Good Roads expert exemplify his work at that point.

The meeting to-day, will no doubt consider these points in making the selection as to where the sample mile of road shall be constructed.

Bodily pain loses its terror if you've a bottle of Dr. Thomas's Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

CROPS ARE GOOD IN NIX'S PRECINCT

Special to The Journal.

Nix's, Precinct No. 1, April 18.—Crops are doing fine here now. John Andrews has new beans and Irish potatoes in the market already.

There was a game of baseball here Sunday between the "Bean Pickers" and "Swamp Angels." They agreed that every man was to be his own umpire and the score was 40 to 10 in favor of the "Bean Pickers."

The boys are looking for Joe Quina to come out next Sunday and give them a chicken gumbo in return for the complimentary vote they gave him at the last county election.

Jim Lovett expects to go to Pensacola this week to visit friends in the West End.

The ladies of the Baptist church gave an ice cream supper last Saturday night for the benefit of the church.

HILL INTERESTS TOWARD HARRIMAN

GENERAL SHAKE UP IN RAILROAD DIRECTORATES PLANNED FOR NEAR FUTURE.

By Associated Press.

New York, April 18.—General readjustment in the personnel of the Northwestern railroad directorates concerned in the Northern Securities dissolution is soon to take place, according to the Times. This is understood to have been found necessary in order to comply with the decision of the supreme court, under which it is believed that one man cannot be a director in two parallel and competing railroad companies.

This discovery upsets one of the working methods of the community of interest plan under which practically the same board of directors controlled a large number of systems, and while it is not believed that the decision will do away with this idea, altogether, financiers say it will make the control of such boards of directors much more difficult.

One of the first changes scheduled to take place will be in the board of the Northern Pacific Railroad at the annual meeting in May next. This will be the first meeting held by the stockholders of that road in two years and a half, because of the injunction preventing the voting of the stock held by the Northern Securities Company, without which there was never a quorum. James J. Hill resigned from the board some time ago, because he believed it illegal for one man to sit as a director of competing lines.

The Hill interests are said to make no secret of their intention not to re-elect E. H. Harriman, and the latter interests admit that they expect Mr. Harriman will fail of re-election. It is said that the views held by Mr. Hill are also now maintained by the Rockefeller interests and that for this reason there will in the near future be many changes in board memberships.

If the decision of the Western interests is carried further there may be a rearrangement of the directors of many of the Eastern railroads which are competitors and whose boards are composed of practically the same men.

All this, of course, will not necessarily mean the end of the community of interest idea, but that the old plan of having boards of directors as nearly identical as possible will have to be abandoned.

SCORES IN BALL GAMES TUESDAY

By Associated Press.

New York, April 18.—Following are the scores in the principal baseball games played to-day:

American League: Washington 1, Boston 0; Philadelphia-New York game postponed on account of rain; Cleveland-Detroit game postponed on account of cold weather.

National League: Boston 4, Brooklyn 2; New York-Philadelphia game postponed on account of rain.

No more games were scheduled for to-day.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.
