## A MUSEMENTS

"She's Forever Blowing Bubbles"

In these days of Prohibition, new uses for water are being discovered every day. Dorothy Gish is shown above demonstrating an indoor sport that, it is said, has taken the place of cocktail-sipping in society circles this season. It is called "blowing bubbles," a handsome prize usually being awarded to the person producing the largest and finest colored globe. The Astorbills and Van Morgans are all "hitting the pipe" this year. Being the champion lady "bubble blower" of the Pacific Coast, it's no wonder that Miss Gish is just bubbling over with pep in her new Paramount-Artercraft picture, "Mary Ellen Comes to Town."

At The Isis Today.

### Pastime Theatre—"A Pair of Country Kids," A Big Pleasing Bill.

"A Pair of Country Kids" as presented by the Raynor Lehr musical comedy company at the Pastime theatre yesterday afternoon and evening was a most pleasant surprise in every way, shape and manner. The numbers were especially well produced and the scenery and electrical effects were all new and pleasing.

Mr. Raynor Lehr and Miss Ruth Mack shared honors in the title roles and added fresh laurels to their reputation, succeeding in keeping their audiences in paroxysm of laughter from start to finish.

Mr. Billy Lehr, Edmund Condon, Tom C. Wiggins and Clyde White were all seen to good advantage as were Misses Ina Lehr, Nellie Hawks, Hazel Joyce and Ruth McGee. The songs which proved the biggest favorites were "Freckles," "Providing," "Heart of a Home," "Rolling," "At Night" and "Husband Doing" the motion picture the novelty songs and dances interpolated by Mr. Lehr and Miss Mack were exceptionally well received.

"A Pair of Country Kids" is different from the usual run of tabloid plays inasmuch as it tells a very strong

dramatic story besides being checkfull of the clean-cut, original and really funny comedy that is so much enjoyed by all theatregoers.

Commencing Friday and continuing through Saturday the production will be entitled "A Nigger's Trouble," a very funny "Nigger" comedy that Mr. Lehr is especially well-known for and if this last change of play is as satisfactory as the first two have been, this company will leave a reputation which will assure them of a hearty welcome any time they play a return engagement in Pensacola.

### Movies Disrupted Plans of King and Queen of Belgium

Several thousand people were kept waiting for hours for King Albert and Queen Elizabeth of Belgium, and a fine luncheon prepared for the visiting monarchs was allowed to go stone cold, all on account of "What's Your of a Home," "Rolling" and "Husband Doing" the motion picture which will be shown at the Isis theatre Friday.

The first stop of the royal party after leaving Los Angeles on their recent visit was at the big Thomas H. Ince studio. They were scheduled to

remain five minutes. But at the end of that period the King was so completely immersed in watching the picture-making that, despite the gentle hints of the Mayor of Los Angeles, who accompanied the party and was anxious to move on to the awaiting crowds at Pasadena, the royal guests showed no signs of leaving. Mr. Ince had arranged to "shoot" several of the most hilarious scenes from the screen comedy in which Douglas MacLean and Doris May, his latest young star, are appearing. Other entertainment showing the intricacies of movie production was especially arranged for the King and Queen. When the party finally departed, it was so late that all other festivities were omitted for the day and they were driven directly to their train.

"What's Your Husband Doing?" is a merry mix-up of young husbands and wives at a roadhouse and is said to be extremely humorous and diverting. It is a Paramount-Artercraft picture.

### CAN SEE DECIDED CHANGE IN SELF

Was Taking Medicine All the Time But None Seemed to Hit the Right Spot.

Restless, Nervous, Bad Taste in Mouth, But the Great Herbal Remedy, Dreco, Knocked It Out of Him.

"I had to be taking medicine all the time, yet I didn't seem to be getting rid of my troubles till one day I got some Dreco, and it went right to the bottom and cleaned me out," said Mr. C. F. Williams of Lakeland, Fla. "I was bilious all the time; had headaches, dizzy spells, bad taste in my mouth and my breath was foul. I was so restless and nervous I couldn't get a night's sleep. My stomach didn't seem strong enough to digest my food and dyspepsia had a hold on me.

"I bought some Dreco as I heard it spoken of very highly, and that's the first medicine that ever did me any real good. I got my bowels moving nicely; cleaned the excess bile from my liver, which relieved my headaches and stopped the dizziness. My nerves calmed down so that my rest at night was good. My stomach feels a great deal better, being free of gas and no gripping pains. Dreco sure did help me and I see a decided change in my condition."

The old-fashioned roots and herbs are the best medicines for us to take. Dreco contains the juices and extracts of twelve different herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood. Get Dreco today.

Dreco is now sold by all good druggists and is being especially introduced in Pensacola by Balkcom Drug Company.

CUT THIS OUT—IT IS WORTH MONEY.

### Famous Movie Star Condemns Curling Iron

"Little Mary" Pickford, whose pretty curly locks have been so much admired, writes that she has never used the curling iron. She fails to see the wisdom of burning the life out of the hair. That the heated iron is ruinous to the hair is being more and more appreciated. Many are discarding this instrument of torture in favor of plain liquid silmerine. This is not only harmless but is really beneficial to the hair. Instead of giving one's tresses a burnt-out, lifeless appearance, it gives them a bright lustre, and the curls look altogether natural. It is a simple thing to procure a few ounces of liquid silmerine from the druggist and apply a little with a clean tooth brush—from root to tip—before doing up the hair. The beautiful wavy effect which results is agreeably surprising.—Adv.

### PROFESSOR HART WILL SPEAK HERE

Prof. Albert Bushnell Hart of Harvard will speak in Pensacola tomorrow night under the auspices of the local Moose lodge. O. J. Semmes, dictator of the lodge, and other officers will constitute a welcoming committee and Prof. Hart will be given a reception to which the public is invited.

### When You Buy Poultry Feeds

Don't make it guess-work. You can eliminate the risk by our iron-clad guarantee. The money paid for Purina Chicken Chowder will be refunded if hens, when fed Purina Chicken Chowder with Purina Scratch Feed—the perfect balance for laying hens—as directed, do not lay more eggs than when fed with any other ration.

Most hens get too much grain, a large part of which goes into surplus yolks, which the hen absorbs. This makes the hen too fat and cuts down egg production. 100 lbs. of wheat, corn, oats and barley contain elements for 224 yolks, but only 154 whites. The feed of a laying hen should supply elements for both whites and yolks in equal quantity. Purina rations are rightly balanced. Based on Experiment Station tests, Purina Feeds contain the following:

Elements for	Yolks	Whites
Purina Scratch Feed	247.49	142.11
Purina Chicken Chowder	182.85	232.55
Consolidated Ration	429.54	424.66

Note the larger number and almost equal proportion of whites and yolks in the Purina balanced ration. Purina feeds are scientifically mixed and insure results. In Checkerboard Bag.
