

NATIONAL GUARDS TO BE MUSTERED IN SOON

Everything is in readiness for mustering in of the local national guards, which was organized several months ago by W. C. Mathis, Sr. Mr. Mathis states that there have been sixty-five young men to join the local guards, and that an inspector from the office of Adjutant General C. Seales, of Jackson, is expected within the next few days to examine the company and muster them in for practice preparatory for service.

With the exception of the regular meetings, everything is being held up by Capt. Mathis while waiting for the arrival of the inspector.

The company is anticipating much pleasure in the drilling, as well as Corinth anticipates in watching the soldier boys prepare themselves for "war."

ADJUDGED INSANE; CARRIED TO ASYLUM

George Patton, who recently came to Corinth to visit with relatives and friends, has been adjudged insane and was carried this morning to the State Asylum at Meridian. Mr. Patton has been acting very queerly the past few days, sufficiently so as to attract the attention of many people of Corinth. He is said to have been on the school campus yesterday and frightened the pupils, and that his actions became so suspicious he was put under guard until this morning. He is an elderly man, possibly 70 years old, and is well known here. Nothing was suspected to be wrong with his mental faculties when he arrived here, and he was seemingly very quiet.

It is stated that he has been in an insane asylum before coming to Corinth, but had been released to attend his brother's funeral in Birmingham, Ala., and as his condition was improved he came on to Corinth.

J. L. RICHARDSON SEEKS OFFICE OF TREASURER

The Corinthian takes pleasure today in announcing Jas. L. Richardson as a candidate for Treasurer of Alcorn county. It would be useless to go into details as to the merits and qualifications of Mr. Richardson as an official, also as to his high standard as an individual of Alcorn, for perhaps there is no man in the county better known than he. For many years Mr. Richardson held public office when he was tax assessor many years ago, and was later connected with the educational interests of Alcorn at some of the most prominent schools in the county. For recent years he has been assistant to the chancery clerk, serving as clerk in the office, and with this combination, he has well qualified himself for the office to which he aspires.

Mr. Richardson has always been found to be honest and upright in his dealings with all; he is personally interested in any movement that will tend to up-build Corinth and Alcorn county. He is alert to his duties, and as an individual his good name is an attest of the high esteem in which he is held by his friends.

Mr. Richardson, in submitting his name to the voters of the county, kindly asks your consideration, and promises, if elected, he will make the county as able and efficient officer as it is in his power to make. He solicits your vote and influence.

CITY COUNCIL HOLDS REGULAR MEETING

The city council held their regular monthly meeting last night, with Mayor Warriner presiding and each member of the board present. The street tax was declared delinquent, and each amount not paid by April 17th will be placed in the hands of a collector. W. E. Meadows was awarded the work of collecting delinquent street taxes.

J. A. Borroum, whose term had expired as a member of the board of school trustees, was re-elected.

The city agreed to place concrete over the ditch on Taylor St. where H. O. Caffey, it is understood, will erect a residence in the near future. The city is to pay half of the expense of this improvement and the property owner the other half.

Mayor Warriner reported fines to the amount of \$62 collected during the month of March.

TO BUILD BRICK COUNTY POOR HOUSE SOON

Alcorn county is going to have a new brick poor house, as agreed by the Board of Supervisors at their meeting this morning.

The clerk, O. M. Hinton, was authorized to advertise for sealed bids to be opened and accepted at their regular monthly meeting in May.

The building as agreed upon by members of the board and contractors, who submitted the proposition, will be a one story building, 40 by 60, with eight commodious rooms, with a long hall way extending from one entrance to another.

It will be quite an improvement over the present buildings, which have been in use for several years, both from a sanitary standpoint and appearance.

It is understood that the present buildings will be used for the negro inmates.

SPRING HAS ARRIVED SO HAS THE STRAW HAT

Spring is officially here—'cause the dear old, faithful, true and tried friend, the straw hat, that tells which way the wind blows, has made its appearance. But the Palm Beach yet lurks in obscurity. The season has not opened sufficiently to warrant its permanent location, hence it will stay in the back ground for a few weeks yet.

For days and weeks the clothing dealers have scanned the weather reports with tender solicitude, and alas, it is here. Perhaps, maybe, probably, possibly, the Palm Beach will soon bud, bloom and blossom forth.

Dr. Bell's Pine Tar Honey is a remedy which brings quick relief for whooping cough, loosens the mucous, soothes the lining of the throat and lungs, and makes the coughing spells less severe. EASTER DULY OBSERVED IN CORINTH EDIFICES

Easter was beautifully and fittingly observed in Corinth with special services at the various churches. At an hour bright and early, in order to get the benefit of the early spring morning, hundreds of people wended their way to the respective places of worship. In each church a general increase in attendance was noted, and especially beautiful were the services.

In many of the churches were appropriate decorations in keeping with the Easter idea, and in all the music was unusually fitting, beautiful and appropriate to the occasion. In every pulpit the pastors delivered strong sermons, each being greeted by one of the largest audiences that has graced these edifices in many years on like occasion. In fact, Corinth was out to hear the Easter message.

The people of Corinth, as a rule, do not take advantage of Easter to present their spring clothes, and yesterday was no exception to the rule. While the day turned out to be one of the balmiest the morning was chilly, and many coat suits were again in evidence.

Some of the churches did not observe Easter until at the evening service, and these also were largely attended by Corinth church-goers.

What has become of the men who work our roads? They are in worse condition than at any time during the past winter. One man "stalled" near the little creek and stayed "stuck" all night. Now, there should be something done. If the contractors are not going to work them, some one should. People pay their road tax and are demanding better roads, and they will get them if the road tax is for that purpose and no work is done, we would like to know what becomes of the tax money? If a man contracts to work a certain road at a certain price, and in a certain way, and does not do it, who is to blame? We want better roads and if you cannot get it under the contract system, put it back under the overseer system and enforce the law, and let's have roads, so we can get to and from our country site. What do you say?

Just a Case of "Why."

Why do you continue to reside in this community?

Why do you want to see Corinth and Alcorn county prosper?

Why do you want to see some of Europe's gold flow into the pockets of your neighbor's, or into your own?

Why do you want to see bumper crops.

Why do you want to see local industries humming?

Why do you want to see everybody working, and earning money?

Why do you want to see new blood come in, new works go up, new months to feed, and plenty of money for the feeding?

Why do you want to see the schools continued, the churches supported, and public improvements inaugurated from year to year?

Why do you want to see a thriving, growing, prosperous, happy community, anyway?

Why do you want to see all of these things?

Isn't it, as a matter of fact, because they contribute to your own prosperity?

And if this is true, just be honest with yourself and ask yourself a few more "whys."

For instance: Why don't you keep your money at home?

Why do you send away for goods when you know you can buy them just as economically at home?

Why do you send your money away for the enrichment of outsiders when you know it contributes just as much toward the impoverishment of Corinth, of Alcorn county, of yourself?

Why do you send your money to some city millionaire, where it goes to swell his enormous bank account, or to buy a thousand dollar coat for his wife, or a new affinity for himself?

Why do you send your money away and deprive our local churches and other worthy institutions of support, when you know at least a portion of that money goes to swell the rampant vice of a big city?

Why do you seek to throttle the prosperity of your own home by sending your hard earned dollars away to strangers who consider you but "another sucker hooked?"

Why decrease the circulation of money at home, and thereby depreciate the value of your own property?

Why write your name in history as a knocker, a killer, a destroyer, as a local blight?

Why kick yourself down hill, anyway?

The blindest man on earth is the fellow who robs himself, who destroys his own community, who seeks to cover our fair countryside with the cobwebs of commercial stagnation.

How is your sight, brother?
