Miscellaneous Matters

Born to Mr. and Mrs. R. P. Cooke last Friday night, a fine boy.

Rev. O. W. Bradley announces that he will preach at Horn Lake next Sunday at 11 o'clock.

Lula Journey, a negro girl about sixteen years old, died suddenly at her home near here last Saturday night from the effects of too much gin. She is said to have been drinking around town Saturday evening and witnesses claim she imbibed a half gallon of gin. She was finally induced to go home and Sunday morning when her family attempted to awaken her she was found to be dead. Justice Phillips held an inquest Sunday and the jury rendered a verdict in accordance with the evidence.

The fine of \$500, assessed against Tom Cowan for manslaughter, was paid Monday and he was set free.

Several new cases of smallpox are reported by Dr. Jones, county health officer, in the infected area in the northern part of the county. However, several patients have been dis-

charged, so the number suffering from the pest has not materially increased. There are about fifty patients.

We received, too late for publication last week, a news letter from Cockrum. In addition to coming too late the letter was unsigned and so could not be published. We would greatly appreciate a letter from each community every week, but they must reach this office by Thursday morning and must be signed by the writer, although the name will be left out of the paper if the writer desires.

Dr. H. B. Leonard, who has been stationed in White county, Tenn., in the work of tick eradication, came here Monday to succeed Dr. Flaherty in the work of locating tick infested points in DeSoto county. Dr. Flaherty was transferred to Pennsylvania, where an alarming epidemic of the foot and mouth disease has broken out among the cattle. Dr. Leonard will finish inspecting the county, covering the western portion, which Dr. Flaherty did not visit.

The remains of a little son J. S. Danner were brought here yesterday from Clarkston, Ark., and interred in the California cemetery. Mr. and Mrs. Danner were formerly residents of this county and have many friends here who sympathize with them in their bereavement.

The little daughter of Mr. and Mrs. B. F. Jones, who is suffering from an attack of scarlet fever is improving.

Mr. R. L. Kirkwood has contracted with W. T. Lewis to construct a nice cottage on a lot purchased from T. J. O'Donnell near the railroad tank. The building will be occupied by Mrs. M. L. Bazzell, a sister of Mr. Kirkwood, who now lives at Water Valley.

A petition will be presented at the meeting of the Methodist conference at Water Valley next week to have Hernando made a station and use all the time of one minister, instead of dividing time with Hinds Chapel, as is now the case. The petition also urges the reappointment of Rev. O. W. Bradley, who, together with his wife, is exceedingly popular with members of all denominations here. Should the petition be granted Hinds, Nesbitt and Horn Lake will probably compose a circuit.
