HERE AND THERE
Sometimes there appears in the life of most of us a dark moment . . . A moment when we need to refresh our memory to find out if we are wanted and needed by certain organizations. We want proof that we are welcome in certain organizations, regardless of age and religion. I have seen abundant proof that the spiritual riches of the YWCA, its faith and its Christian activities are not limited to any one group or age, but are available to all who seek to learn the meaning of fellowship and discover ideals of personal and social living . . . Membership in the YWCA offers to all women and girls a new hope and the promise of a better world; a world where young women may have good experiences in a Program of their own . . . choosing where they can enjoy sports and games, learn new skills, join in lively discussions and make friends . . . We hope you will hurry and become a member of this great organization . . . Dear Readers, take it from one who knows. The best experience of your life can come through being a member of the Branch YWCA . . .
