

In Memoriam.

—On Sunday morning Jan. 6, Mrs. Sarah R. Wyse died at the residence of her son-in-law, Dr. E. H. Suller, Sallis, Miss., and by the beautiful setting of the sabbath sun, quietly laid to rest. She was born in Columbia, S. C. in 1813, thus being well past her four score years. God honored her with a long and useful life, such as few enjoy. Though for a time having been confined to the bed, she was always cheerful—greeting every one with a smile. She was content under severe suffering, never complaining for fear of giving another trouble. Ever ready to help those in need, preferring to serve rather than to be served, her mission was indeed to lighten the burden of others. In this she chose the humbler seats, waiting for the promised reward "over there."

Her grand children were her constant joy, and nothing seemed too difficult to do for them. Five children, three sons and two daughters, and a large number of grandchildren are left to mourn her death; but let us be comforted, for we are assured that, crowned with everlasting joys, our mother is resting from her labors in our Father's house of many mansions.

"Sleep on, dear mother;
Take thy rest,
God called thee home—
He thought it best."

TOWN AND COUNTY.

Mr. T. K. Lewis, of Beat 4, has accepted a situation in the F. S. DuBard grocery store.

Auris is the name of a new postoffice established at J. A. Kelly's store in Beat 3, with Mr. Kelly as postmaster.

Rev. B. R. Hughey, the evangelist of West Point, will lecture in Kosciusko next Monday night on "Nine gallons of facts in a leaky pan." He will lecture in McCool tomorrow (Saturday). Admission 25 cents.

Mr. Edens and Mr. Will Jeffers left the city Wednesday evening for Oklahoma City. The immediate cause of their going is to build a residence for Major J. P. Allen, though they will probably locate there permanently.

We regret to hear of Mr. Will Winters' (of Beat 5) painful accident. While chopping wood the other day the axe struck his great toe and came near severing it from the foot.

Mrs. Rosalie Boswell, wife of Sam Boswell, of Lafayette, La., formerly of McCool, died Jan. 24. She left five children, the baby only one day old. Mr. T. J. Boswell, of McCool, attended her funeral.

This week Capt. W. H. Turner, of Beat 4, joins the jovial throng of candidates for county Treasurer. He is a popular gentleman, well known to the people as a member of the present Board of Supervisors. He has voted the Democratic ticket since 1850 and will make an excellent custodian of the county's funds if elected.

A neat grocery store is that of Mr. F. S. DuBard, just opened up on East Side. In it are found staple and fancy groceries of all descriptions, canned goods, fruits, candies, condiments, and everything else to tempt the appetite of even the most fastidious. Everything is fresh and Mr. DuBard is determined to sell his goods at low prices.

The children of the city public school will celebrate Washington's birthday—February 22—by public exercises in the Opera House at night. A program presenting many novel features has been arranged. The children once before gave the city an admirable entertainment in the Opera House and this is an assurance that they will do so again. The proceeds will go to the school library fund.

Mr. I. P. Lansdale has entered the race for Circuit Clerk, and as yet has a clear field so far as a public announcement is concerned. Mr. Lansdale is a well known and popular gentleman, numbering his friends all over the county. His wide business experience is calculated to make him a splendid officer. He will be a strong candidate in the race and, if elected, will make the people a most excellent officer.

Intelligence has reached us that Mr. Calvin Beauchamp died at his home in Huntington, Ark., on Jan. 25th, 1895, aged 78 years. Most of his life was spent in Mississippi, where he was universally respected and esteemed. The last years of his life were spent in Arkansas, where he numbered his friends by the host. He was a member of the Baptist church, was consistent, and walked through this life as became a Christian and a true man. He was an old citizen of this county.

Mr. Gus Thornton, of Beat 3, is squarely in the race for Sheriff and he will be in it to the finish. It is useless for us to comment on Mr. Thornton's character as a man and a citizen. He is too well and favorably known all over the county to need any recommendation from us. Attala hasn't a better citizen within her borders. Good executive ability is an important qualification for a Sheriff and this Mr. Thornton possesses in a high degree, as his excellent work as a Supervisor shows. If elected he will make a model officer.

This week THE STAR announces three prominent Democrats as candidates for Chancery Clerk. These are Messrs. W. R. Lacey, W. S. Donald, and W. E. Sanders, hailing from Beats 1, 4, and 3 respectively. Each is well known and each has strong friends all over the county. We believe that Mr. Donald, who was twice a Supervisor, is the only one of the three who has ever held office in this county. Each is well qualified for the place. By the way, the Chancery Clerk's office and the treasurership seem to be vying with each other for the greatest measure of popularity. There are already four announced candidates for each office with several yet to follow on both sides.

COUNTY NEWS.

Center, Miss., Feb. 2.—The past month will long be remembered by the farmers by the continuing bad weather, in the shape of rain, sleet, snow and unprecedented bad roads as a consequence. Not much work has been done about the farms, and the time to sow oats is here, but at this writing snow is on the ground, the weather is cloudy and threatens more snow or rain.

The many friends of Dr. J. T. Crawley will be glad to learn that he is now recovering from the dangerous illness with which he has been prostrated for the past three weeks.

Notwithstanding the low price of cotton and the prospect for the next crop to bring still lower prices, and the recommendation of the farmers' late convention at Jackson, I believe this section of the county will plant as large a crop as last year. The idea seems to be with most farmers that everybody else is going to decrease their crop in accordance with the Jackson convention, and therefore the price will be enhanced, and each one secretly resolves to plant a big crop and be "in the swim" to financial success next fall. Of course every one who adopts this theory will be disappointed. Had the Jackson convention advised the cotton raisers of the South to bend all their energies to raising a twelve million bale crop this year, there would have been some likelihood of the crop being decreased.

Our people are beginning to talk about the coming county and State election and discuss the merits and demerits of the few known candidates for the different offices. I would humbly suggest that those who are candidates for the different offices of the county should let the people hear from them at once, so that they will have ample time to weigh the claims of each, and be able to go out to the primaries and choose the very strongest and ablest men we have for the different county offices. We may, in this canvass, be called upon to lay aside our personal preferences for the general good of our party, and if called upon to do so, let no Democrat hesitate an instant between personal friendship and party success. Our friends, the Populists, are well organized and will warmly contest for control of our county affairs, elated and bragging as they are at having carried the county at the last November election by the "whaling, overwhelming and unprecedented" majority of 11 votes! And this by the perfidy of a few so-called Democratic voters, who, to gratify their own personal spite, refused to vote for, or openly knifed, our nominee for Congress, John Sharpe Williams. And, by the way, will not some of these so-called Democrats be soon in the field asking the "dear people" for some of the offices in their gift? If so, gentlemen, just trot right out at once, and when our primaries are held, the people will teach you that there are no rewards in the Democratic party for those who desert her cause in the hour of battle.

Yours, etc.,
JIM.

Chitta, Miss., Jan. 6.—Hard times doesn't seem to discourage the young people, as wedding bells are still tinkling.

Mr. Smith, the timber man, has secured a large amount of timber near Seven Pines, where he will soon move.

Mrs. Maggie Thornton and her two children, Master Otis and little May Allie, of Kosciusko, are visiting friends and relatives in this vicinity.

The lovely Miss Anna Williams has been visiting her uncle, Mr. Alex Daniel.

The entertainment at Mr. John Baine's on Thursday night last was greatly enjoyed by all present.

A double marriage occurred at the residence of Mr. J. A. Jackson, Jan. 23, at 6 o'clock, p. m. Just as the peals of a grand wedding maren, performed by the skillful hands of Miss Nellie Raley, died away, Miss Josie and Mr. G. T. Gallaway, Miss Maud and Mr. L. C. Holt walked out and were united in the sacred rites of matrimony, Rev. A. R. Hines officiating. After the ceremony the large concourse of friends present repaired to the ball room and took part in one of the grandest balls of the season. Double weddings not being very plentiful in our neighborhood, it was an occasion long to be remembered by those present. May all things else but love, joy and peace be obliterated from their minds now and evermore, is the wish of their friends.
