PROSPECTUS
OF
THE HORNET.

"TOUCH—AND WE STING."

THE undersigned proposes publishing a weekly journal under the above title, commencing the first number on the 11th day of July, and continuing it until the November election. Prompted by no other motives than the welfare and prosperity of our beloved State, we enter the field with buoyant spirits, and shall use all honorable means to rescue her once fair name from the iron grasp of Repudiation. A well conducted Paper, being the great lever by which public opinion may be directed to the right path of moral justice and good faith, it behooves the friends of this righteous cause, to come boldly to the rescue, and give that assistance which will be calculated to crown the enterprize with brilliant success.

Perhaps no one period has existed since the formation of our Government, fraught with so many dangerous, ill-devised and revolutionary measures, and calling louder for the aid and assistance of the true sons of liberty.—Was such a *monster* as Repudiation ever heard of, until it was promulgated in this State by a faction of political aspirants, who styled themselves "*democrats*" for the purpose of deceiving the *honest of that party*, and leading them to the polls to ensure the success of their unholy cause.

Shall the foul stain of *Dishonor* still blacken our flag of State—or shall we, like true patriots, rush to the threshold, wipe out the stain, and bear it aloft in glorious triumph from the ranks of our enemies. We are fighting in a good cause, and let us, like the revolutionary patriots, invoke the blessings of a divine Providence in our behalf.

In the language of some distinguished and able writer, "the patriot may wonder at, and lament the ruin and misrule now being performed under the influence of the unmeaning, ever-varying and baseless thing called anti-bond democracy, as it now rolls in majestic billows, wherever its cry of exclusive devotion to the *rights* of man—to the *inviolate* preservation of Constitutions—as well as the *honor* of States, can gain it a reception. As understood and practiced by the ruling party in Mississippi, what is called *democracy*, signifies, one day, to charter and build up banks, the next day, to borrow from them the largest possible amount, and the next day to refuse payment, depreciate the paper, and to abuse and repudiate the institutions, in every possible way, with a loud cry for a *gold* and *silver* currency."

Such abhorrent and detestable doctrines will meet a fatal doom at the next election, if the true spirit is manifested by the bond-paying party of Mississippi. We appeal to the *true Democratic party*, who claim to be disciples of Jefferson, and implore them to put their shoulders to the wheel and assist us in pulling the wheels of State out of the mire—and we are assured, from the tone of the Democratic bond-paying meetings which have been held in different parts of the State, that our exhortations are not made in vain.

Aside from the bond-question, our sheet will contain Foreign, Political, Miscellaneous, Poetry—Agricultural, N. Orleans Prices Current, Legislative Proceedings of the Extra Session, with all other news of import.

In order to put this publication within the reach of every body, we propose to furnish it to subscribers until the November election, at the reduced price of ONE DOLLAR, in advance. All who are in favor of the paper, and wish it success, will please act as our agents and procure subscribers. A little activity on the part of our friends, would do great good towards us in a pecuniary point of view, and would more fully enable us to print a spirited sheet. We expect this much from them, and have no doubt but that our anticipations will be fully realized.

☞ We have the promise of contributions from several of our worthy co-laborers in the cause, and in fact would be pleased to receive communications from all sources, and upon any subject that would be of interest to our readers.

☞ We would respectfully request the citizens of Carrollton to take each a Prospectus, and make an effort to increase our list.

DR. HULL'S COUGH LOZENGES are now rapidly superceding all other preparations for the relief of Coughs, Colds, Asthma, Whooping-Cough, Catarrh, Tightness of the Chest, Bronchitis, and similar Pulmonary affections.

Hundreds of persons could now be pointed out, who have been troubled with an old lingering Cough from five to twenty years, and who have been entirely cured by using two or three boxes of these Lozenges. In fact, the proprietors have never known an instance where they did not give perfect satisfaction.

WORM LOZENGES

Are the surest and safest Worm Destroying Medicine ever discovered. It is estimated that in the United States,

100,000 CHILDREN DIE ANNUALLY

from the effect of Worms alone. This vast mortality can be almost entirely prevented by the use of Hull's celebrated Lozenges.

Grown persons are very often afflicted with Worms, and are doctored for various complaints, without any benefit; when one or two doses of the Lozenges would speedily cure them. They are an infallible remedy, and so pleasant to the taste that children will take them as readily as they would a common peppermint Lozenge.

Thousands and tens of thousands pine away and die of Worms, without suspecting the real disease. The following are a few of the symptoms: headache, pale lips, flushed cheeks, disturbed dream, feverishness, bad taste in the mouth, offensive breath, itching of the nostrils, pain of the stomach or nausea, unnatural appetite, swelled stomach or limbs, sense of something rising in the stomach, &c.

To parents, we say, do not be without the Lozenges at any time—attend to these suggestions, as you value the lives of your children.

DR. SPENCER'S VEGETABLE PILLS

A PUBLIC BLESSING.

These Pills have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

They are particularly recommended to all those persons who are afflicted with any kind of a *chronic or lingering complaint*, as there is no medicine before the public which has so natural and happy effect upon the system in correcting the stomach and liver, and to the formation of healthy chyle and thereby purifying the blood.

They are acknowledged by the hundreds and thousands who are using them, to be not only the most mild and pleasant in their operation, but the most perfectly innocent, safe and efficient medicine ever offered to the public. Those who once make a trial of these Pills, never afterward feel willing to be without them, and call again and again for more; which is sufficient proof of their good qualities.

HEADACHE—SICK OR NERVOUS.

Those who have suffered and are weary of suffering with this distressing complaint, will find *Spencer's Vegetable Pills* a remedy at once certain and immediate in its effects. One single dose of the Pills taken soon as the headache is felt coming on, will cure it in one half hour entirely.

As a remedy in *summer and bowel complaints*, they display their wonderful powers to admiration, and are far superior to any thing in use for these complaints.

In *Dyspepsia and Liver Complaint*, they stand unrivalled. Many have been cured in a few weeks, after having suffered under the dreadful complaint for years.

In *Habitual Costiveness*, they are decidedly superior to any Vegetable Pill ever brought before the public; and one 25 cent box will establish their surprising virtues, and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypochondriacal affections, loss of appetite, and all complaints to which females alone are subject.

They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age; and the feeble, the infirm, the nervous and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health.

Upwards of *three hundred and seventy thousand boxes* of these inestimable Pills have been sold within the last twelve months in three States alone, and more than three times the same quantity in other States.

As an anti-bilious medicine, no family should be without them. A single trial of them is more satisfactory than a thousand certificates. Price 25 cents per box. For sale by Dr. W. M. STANSBURY,
C. STANCILL.
