

FORWARD

You can't stand still and get anywhere. It is necessary to go forward if you would keep abreast of the times, for the world moves—and it moves so rapidly that only a few of us can see or claim some of it? Are you going ahead, financially? Would you like to know the opinion of one of the greatest financiers the country has produced? Well, here it is:

The late James J. Hill said: "If you want to know whether you are going to be a success or a failure, you easily find out. The test is simple and infallible. Are you able to save money? If not, you drop out. You will lose. You may not think it, but you will lose as sure as you live. The seed of success is not in you." Think over carefully.

A woman in Plant City whose husband is away working in a munitions plant and her two sons in the army, raised half an acre of sweet potatoes, sold part of them for \$175.50, had all the family wanted to eat since June and has saved two rows for later consumption. Where, but in Florida, inquires the Florida Times-Union, could such a thing be done by a woman or man for that matter?—The Bay County Beacon.

—W.S.S.—

Why, right in Pascagoula, in sight of the Chronicle office, we know of a man pulling down over \$300 per month in essential war work, who planted a sweet potato patch in his back yard by lantern light and realized from the vines alone enough fodder to feed his milch cow for the entire winter.

ORDINANCE No. 16—1918.

An ordinance entitled an ordinance requiring all able bodied male persons over the age of sixteen years residing in the City of Pascagoula either temporarily or permanently shall be required to engage at work in some industry or employment not found to be non-essential by an ordinance of this City for that purpose made and provided for not less than 5 1/2 days in each and every week, unless physically unable to perform such labor.

Section 1. All able bodied male persons over the age of sixteen years residing in the City of Pascagoula either temporarily or permanently shall be required to engage at work in some industry or employment not found to be non-essential by an ordinance of this City for that purpose made and provided for not less than 5 1/2 days in each and every week, unless physically unable to perform such labor.

Section 2. All persons required to perform not less than 5 1/2 days labor under Section 1 of this Act shall, on the demand of any lawful officer or police of the City of Pascagoula produce a card required by law showing the nature of his work, by whom employed, place of employment and number of days worked each week of the current month in which such demand is made, and a failure to produce such card shall be prima facie evidence that such person has failed to work for the time and in the employment required by this ordinance and shall be subject to arrest without warrant and to be held on such charge.

Section 3. All persons convicted of the violation of this ordinance shall be guilty of vagrancy and shall be tried and punished as such under Chapter 71 of the Statute Laws of the State of Mississippi.

Section 4. Public interest requiring, be it ordained that this ordinance take effect and be in force from and after its passage.

Passed and adopted the 18th day of October, 1918.

V. P. DeJEAN, Mayor.
P. D. BECHT, Clerk.

NON-RESIDENT NOTICE.

No. 3836.
The State of Mississippi.
To Carrie Smith:
You are commanded to appear before the Chancery Court of the County of Jackson in said State on the THIRD MONDAY OF NOVEMBER, A. D. 1918, to defend the suit in said court of Wiley Smith, wherein you are a defendant.

This 22nd day of October, A. D. 1918.

FRED TAYLOR, Clerk.

"My window shades always look nice."

Go to your windows now and examine your shades.

See if they are specked with those tiny holes and little ragged cracks that do so much to mar the looks of your windows. In shades made of

Brenlin
the long wearing window shade material.

you will find the great fault of the ordinary shade overcome. It is made of a closely woven cloth without that fluff of chalk which in the ordinary shade soon cracks and falls out in unsightly streaks and patches. Sun won't fade it—nor water spot it. Made in many rich, business tones and in Brenlin Duplex—one color on one side; a different one on the other.

Come see it.

The death on Sunday last of Mrs. Victor Toche, nee Norma Ripon, was a shock to her relatives and friends. She was ill only a few days. Her death was due to hemorrhage and all that medical skill could do was of no avail. Mrs. Toche was 27 years old and is survived by her husband and three children, the youngest being a babe of two months, Irma Bernice, Alvin Ashton and Norma Marie del Nor. The body was taken to Ocean Springs and the burial took place Monday.

"Spokes"—
and the Swift
"Wheel"

What would you consumers think of a wheel without spokes?

What would you think of a man who would take any or all of the spokes out of a wheel to make it run better?

Swift & Company's business of getting fresh meat to you is a wheel, of which the packing plant is only the hub. Retail dealers are the rim—and Swift & Company Branch Houses are the spokes.

The hub wouldn't do the wheel much good and you wouldn't have much use for hub or rim if it weren't for the spokes that fit them all together to make a wheel of it.

Swift & Company Branch Houses are placed, after thorough investigation, in centers where they can be successfully operated and do the most good for the most people at the least possible cost.

Each "spoke" is in charge of a man who knows that he is there to keep you supplied at all times with meat, sweet and fresh; and who knows that if he doesn't do it, his competitor will.

How much good would the hub and the rim of the Swift "wheel" do you if the spokes were done away with?

Swift & Company, U. S. A.

Every effort should be made by the property owners to speed up the housing of the shipyard workers before the winter sets in.

When all is over, war and "flu," the Jackson county farmers should arrange for a fair at Pascagoula, the hub of the Gulf coast.

PIANO OWNERS

Regular and skilled attention will keep your instrument in perfect condition all the time and afford you a great deal more pleasure. The cost is less in the long run than if you neglect it for years and make a big repair job necessary.
