PARDON PETITION

To the Honorable Pardon Board: We the undersigned petitioners would most respectfully show unto your honorable body the following facts to wit:

That at the Feb. 1915 term of circuit court of Neshoba County, Miss. Munch Parker, col. was convicted of the crime of murder and sentenced to the Penitentiary for life.

Your petitioners would further show said Munch Parker was not guilty of said crime that while it is a fact he did kill said Steel the killing was purely accidental but on account of said Munch Parker's poverty he was unable to employ counsel that he was a young and ignorant boy and being advised it would be best for him to enter a plea of guilty and believing he would be punished he entered said plea.

For this and other good reasons we most humbly pray that your honorable body will grant him full pardon. The Pardon Board at its January meeting having placed the said Munch Parker on the meritorious list and if any one has any objections to the final consideration of his pardon they will let their objections be known at the next regular meeting of the Pardon Board which meet the 1st of Monday in April 1920. This 28th day of Feb. 1920

DRAINAGE LANDS

Many of the creeks that flow into the Pearl River will soon be drained. Kentawka will be the first one finished. As work goes on in newer districts Kentawka land will go higher and higher. A man came here from another state a few days ago, and asked many people here about the drainage lands. A few blind men told this man the Kentawka land was no good. This man went and looked for himself. He said, "I know where there is lots of land like this selling at \$250 per acre." Kentawka land will be higher another year or so. If you expect to get in on the ground floor you had better do so at once.

OVERWORKED WOMEN SHOULD HEED THIS ADVICE

New Orleans, La.—"My mother has always relied on Dr. Pierce's medicine for use in her family. When I was a girl, thru over-work I became in very poor health. I lost in flesh, became very weak and nervous and my limbs and back ached all the time. I suffered from functional irregularity and was a physical wreck when my mother had me take Dr. Pierce's Favorite Prescription, and just a few bottles completely restored me to good health."—Mrs. E. GIESLER, 716 Octavia St.

Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys and liver. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water to flush the kidneys. Then procure Anuric. This Anuric drives the uric acid out. Scientific men have learned that in gout, also rheumatism, poisonous uric acid crystals are deposited in or about the joints, in the muscles—where inflammation is set up.

Geneva, Ark.—"I had a bad spell of kidney and bladder trouble. Was in a sanitarium twice and had medicine from two doctors and took four or five different kinds of kidney and bladder medicines. I then bought Anuric Tablets, and I am cured sound and well—have no symptoms of my old trouble. Can walk two miles and back and do my housework and washing, am 'tough as a pine knot.' Anuric is the best medicine I ever tried. My husband, too, says it is fine."—Mrs. JENNIE B. LANGDON, Route 1, Box 62
