We hope that Messrs. Ward and Kuykendall will not let the agitation for a bored well drop. Such a thing is likely to be sadly needed in Scocoa this summer and fall, and all should be only too willing to help the matter along to a successful culmination.

At the Precinct election last Saturday Messrs. J. W. Carter, S. C. Trammell, Will Pearson, Bob Hammack, Ode Pool, D. D. Morrison, Joe Stuart, Tom Bryan and R. L. Thomas were selected as delegates to the County Convention which meets in DeKalb next Saturday.

## HYMENEAL.

### CLARK-KEY.

At the residence of the bride's parents, in the Spinks neighborhood, on Thursday evening, June 2nd, Mr. E. M. Clark was married to Miss Bettie, daughter of Mr. Neal Key. The groom resides a few miles west of Scocoa, and is one of the best and most prosperous citizens of this section; the bride is an educated, refined gentlewoman, a member of one of the oldest and best families of Kemper. Dame Fortune has been kind indeed to our friend Clark and THE HERALD congratulates him, and extends to him and the sweet woman now his help mate its best wishes for happiness, prosperity and long life.

### WILLIAMS-GRAHAM.

On Sunday, at the residence of the bride in the Oak Grove neighborhood, Mr. Crenshaw Williams was married to Miss Jennie Graham, Rev. Mr. Jones of Porterville officiating. We extend congratulations and best wishes for the future of this happy couple.

### STUART-KEENE.

One of the prettiest events of the season was the "Daisy Wedding" in Grace Chapel, Giles, on Tuesday night last, when Mr. Allan Stuart was united in the holy bonds of matrimony to Miss Ethel, the pretty and accomplished daughter of Mr. and Mrs. A. J. Keene, Rev. J. Frank Turner officiating. The interior of the Chapel had been decorated with daisies and festoons of wild flowering vines for the ceremony, and the effect was charming. Those adjuncts to such occasions, the flower-girls—little Misses Marie Neville and Mary Lacy—looked very sweet in appropriate costumes. The building was crowded—in fact, many of the men-folks failed to get in at all—attesting to the popularity of the young couple. Everything passed off nicely, and the newly made man and wife enter upon their wedded life with the best wishes of a host of friends, in all of which THE HERALD joins.

### "The Veil Rent."

As our Sunday School lesson for next Sunday, June 12th, 1904, takes into consideration the rending of the veil, I humbly submit the following lines, written by myself in March, 1901:

A simple message, O, will't thou  
Announce this message for me now?  
A lesson message from God's Word,  
Which heralds to us Christ as Lord.

For by His death the veil was rent!  
And closing scenes of Christ's advent  
Have rolled along from age to age—  
And now we read its burning page.

O, grant this sacred fire may burn  
And cause our souls within to spurn  
All selfish acts, whatever they be,  
Of high, or low, or mixed degree.

The veil itself asunder tore!  
A new light shines forever more!  
That veil no more between us stands;  
But now we go with heart and hands,

And right before the Throne of Grace  
We talk with God, as face to face.  
No man can bar us from that Throne;  
The rich, the high, the poor may come.

—(MRS.) JENNIE ELLIS.

Two articles which appear in the July number will be of particular interest at this time to the readers of the NEW IDEA WOMAN'S MAGAZINE. These are "The Home Life of Japanese Women," by Louise Dew, and "Vladivostok, 'Master of the East,'" by Gerard Powke. Both articles are photographically illustrated and will help to a better understanding of the characteristics of the two peoples now fighting for supremacy in the East. "The Out-of-door Living-room" and "Versatile Hospitality" are timely letters to the home-makers. Both papers are illustrated. "A Military Ecchore for Independence Day" and "How a Bachelor Entertains" will make suggestive pages for the would-be host or hostess, and the fashion departments are crowded with authoritative matter and illustrations.

Mr. M. V. Richards, Land and Industrial Agent, Southern Railway and Mobile and Ohio Railroad, with headquarters at Washington, D. C., and Mr. W. L. Henderson, Agent Land and Industrial Department, Southern Railway, with headquarters at Mobile, Ala., were visitors to Scocoa Tuesday. These gentlemen are making a personal inspection of and familiarizing themselves with the territory tapped by their roads, so as to be better able to represent to immigrants the advantages and desirability of settling therein. We trust much good may come from their tour through this section.

Mr. G. W. Gill, of Hull, was one of our callers Saturday evening. Mr. Gill brought over his daughters, Misses Annie May and Carrie Lee, who took the train at this point for Suwanee and Porterville respectively. The young ladies will teach schools over the summer near the places mentioned.

## The Bank of Kemper.

Elsewhere in this issue of THE HERALD will be found an advertisement of the Bank of Kemper, located in Scocoa, and which asks the patronage of the citizens of the county, personal and corporate. Being the only institution of its kind in the county, aside from the convenience thereof, it should be a matter of pride with our people to help it on the road to success and to keep it there.

As to the management of the bank, a glance at its directorate is a guarantee of a safe and conservative administration of its affairs.

But few business men in the State of Mississippi can lay claim to having made less mistakes, from a business viewpoint, than the president of the Bank of Kemper, Mr. Joe Cramer. For the past four years in his own name, and for twenty years prior under the firm name of Matzner & Cramer, he has conducted one of the largest retail business ventures in Kemper County, and has made it a success. This experience has given him an insight into the character and affairs of the men with whom the Bank of Kemper is likely to have dealings which cannot fail to prove of great advantage to that institution. It is doubtful if a better selection could have been made for the head of a financial concern in this county, and we believe the stockholders of the bank have "the right man in the right place."

The vice president, Mr. M. E. Ward, while he has not been a resident of this section for many years, has established during his sojourn among our people a reputation for progressiveness, business sagacity and straightforward honesty second to none. His also was a good selection.

Mr. Ben R. Kuykendall, cashier, for five years filled the position of assistant cashier in the Farmers and Merchants' Bank at Hickman, Ky., and for a number of years prior to coming to Scocoa was cashier of the bank at Dawson Springs, in that State. His experience has equipped him well for the duties of his position, and since casting his lot with us he has evinced a progressive spirit which speaks volumes for his usefulness as a citizen of the community.

Of the other members of the Board of Directors—Messrs. James M. Duke, S. S. Neville, Charles Rosenbaum and R. M. Quarles are well and favorably known throughout Kemper County as conservative and successful business men; Mr. G. G. Wade is the vice-president and one of the principal stockholders of the Sunflower Lumber Co., and a man of large business experience, and Mr. W. P. Holland is the cashier of the Planters' Bank at Clarksdale, Miss., and is recognized as one of the most astute and clear-headed bank officials in the State.

No better directorate could be had for a business venture than the present one of the Bank of Kemper, and it is to be hoped that it will receive that hearty support which every movement for the upbuilding and advancement of the section is entitled to.

## STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Ward, druggist. Trial bottles free, regular sizes 50c. and \$1.00.

## Star Route Box Delivery.

In connection with the new contract for carrying the mail between Scocoa and DeKalb, twice daily, and which goes into effect on the first of July next, Postmaster J. P. H. Hallford has received a circular letter from the department, from which we quote:

Notice is hereby given to the public that the contract for the performance of mail service on the star route on which this office is located provides that, in addition to carrying the mails to the various postoffices, the carrier will be required to deliver mail into all boxes and hang small bags or satchels containing mail on cranes or posts that may be erected along the line of the route, and to collect mail from boxes, and to collect the bags or satchels from the cranes or posts.

This means, simply, that the regulations of the Postoffice Department provide, that, if you live on or near the route referred to, and not within 80 rods of a postoffice or within the corporate limits of a town, you may erect a suitable box or crane by the roadside in such manner as can be reached conveniently by the carrier without dismounting, notify, in writing, the postmaster at the office to which your mail is addressed of your desire for delivery of your mail at this box, and you get it. You must provide the small satchels, as well as the box or crane. If you wish to avail yourself of this convenience, we would suggest that you procure a copy of the circular letter referred to from Mr. Hallford, and post yourself thoroughly.

The regulations also provide that the carrier shall receive any mail matter presented to him, if properly prepaid by stamps, and deliver the same for mailing at the next postoffice at which he arrives, but that no fees shall be allowed him therefor.

## SUED BY HIS DOCTOR.

"A doctor here has sued me for \$12.50, which I claimed was excessive, for a case of cholera morbus," says R. White of Conchella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used, as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus; it never fails. Sold by M. E. Ward, Scocoa, Miss.

## Change in M. & O. Schedule.

The change in the schedule of the Mobile and Ohio Railroad went into effect last Sunday, the 5th inst., the time of leaving at Scocoa being altered but little. A new train has been put on, however, between St. Louis and Okolona, and there is now a double daily service between St. Louis and Montgomery. This section is benefited in this, that the long, disagreeable waiting at Artesia may be shortened.

Radical improvement has also been made in the Pullman sleeping car service by the inauguration of sleeping car lines between St. Louis and Jackson, Tennessee, and St. Louis and Montgomery.

The exceptionally fast service of the Mobile and Ohio Limited—trains Nos. 2 and 3, is to be especially commended.

## THAT TIRED FEELING!

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes March 22, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50c a bottle. Sold by M. E. Ward.

## Application for Pardon.

The State of Mississippi,  
Kemper County.  
To Hon. Jas. K. Vardaman, Governor of Mississippi:  
Your petitioner, Rudolf Stewart, would most respectfully present the following, to-wit:

That on the 16th day of September, 1903, he was indicted by the Grand Jury of Kemper County, Mississippi, on a charge of "A. & B. with Intent," and that on the 18th day of said month and year he was placed upon his trial, over his protest, and verdict of guilty was rendered and sentence to two years at hard labor in the State penitentiary was placed upon him—all occurring at the regular September Term of the Circuit Court of said County and State, A. D. 1903.

Your petitioner further states that he is not guilty of the crime alleged in the indictment, and that same was filed on the 16th day of September, as above set forth, and that on said day subpoenas were duly issued for his witnesses, and that he was placed upon trial before same had been returned, which resulted in his conviction without the benefit of his witnesses being in court to testify in his behalf—a denial of his constitutional rights.

Petitioner further states that he has been confined in the county jail for a period of eleven months, and that same is and has been punishment commensurate with his wrong, if any there be. Wherefore he most respectfully prays that your Excellency grant him a pardon in the premises.
