

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France
So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—
ROYAL BAKING POWDER

and be sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

Miss Mary Lee Howard will entertain Miss Virginia Saunders with a shower of hosiery tomorrow afternoon.

Miss Carrie Powell, of Vicksburg, is the guest of Mrs. J. S. Saunders.

Misses Moter entertained a large number of young ladies Wednesday afternoon at a linen shower in honor of Miss Virginia Saunders. The reception was given in the parlor of the Commercial Hotel, and the decorative scheme was in pink and white with a profusion of lovely flowers. The bride elect was seated upon a throne of flowers with a canopy in the shape of an immense linen parasol, the guests marched around, each tossing her gift of linen and good wishes upon the umbrella which was then lowered, bringing down the shower of innumerable handkerchiefs, hand-embroidered center pieces, etc., upon the fair recipient. A portion of the time was passed pleasantly in a game of hearts, and the refreshments which consisted of ices followed up the color scheme. The affair was both brilliant and pleasant.

Mr. J. N. Hamill, and Miss Lillie May Pearson were married at the residence of the bride's father at five o'clock yesterday afternoon. Miss Pearson is a daughter of Mr. W. B. Pearson, and is very popular among the young people. She is noted for her beauty and sweet disposition. Mr. Hamill is a rising young man of Sturges, and the TIMES wishes them every joy of this life.

Miss Mattie Shearer, of Gulfport, is visiting her father's family.

STURGES DEPARTMENT.

STURGES, MISS.,
April 17, 1908.

Mrs. Martha Fondren visited her sister, Mrs. H. J. Taylor, in Sturges Sunday.

Mr. John Griffith, of Ackerman, was up Sunday, shaking hands with the girls.

We are pleased to learn that Mr. A. E. Edwards is going to give to Sturges a beautiful, city like soda fountain.

Mr. J. W. Norment, of Starkville, was down last Saturday looking after banking business.

Mr. Hammil, who is a student at the A. & M. College, spent Sunday with his cousin Nash.

Mr. Will Galceran and family left Tuesday for Kosciusko where they will spend a few days with Mrs. Galceran's parents.

We seriously regret that Mr. Ivy's ad about the cotton chopper was left out last week through mistake.

Born to Mr. and Mrs. Roscoe West, a fine girl.

Mr. James West and Miss Baker were married at the Methodist Church last Sunday afternoon.

Homer Hen. was spinning rubber tires in Sturges last Sunday. Homer always looks so pleasant that it makes us feel better to have been with him.

The music furnished by the choir of young people last Sunday was very fine, especially the bass. We would like to hear it oftener, and while we are on the subject of music, why not get all the mandolins, guitars and violins together and have some string music. Nothing adds to the social life of a town like a glee club.

Mr. C. L. Bowles has resigned his position as cashier of the Sturges bank, and Mr. J. A. McReynolds will succeed him. Mr. McReynolds sets a fine example to the young men of the community. When his school was out he went to the plow, and from the plow he was called to the bank. Ability to hold responsible positions and command good salaries should not make us afraid of hickory shirts and palmetto hats.

Sturges has long needed a special grocery store—not one that carries a pretty good stock some of the time, but one that will carry a full line all the time. Mr. A. E. Edwards has just opened a grocery here and claims the above as part of his motto. He says that he will not only carry a full line of groceries all the time but will also sell them cheaper than groceries were ever sold in Sturges before, and his present prices look as if he meant to keep his word. For the past two or three years Mr. Edwards has been acquainting himself with the business methods of the "Fast West" where the aim is "Quick sales and small profits" and we are glad to have him introduce those methods in our town.

The Childrens' Day exercises at the Baptist Church Sunday was a great success. The children knew their pieces well and delivered them nicely. The house was full and all seemed to enjoyed the program. The ladies who trained the children deserve sincere congratulation, and we also wish to say amen for the last "little boy" who spoke. His piece was instructive as well as entertaining. Yes, Brother Phillips gave us a fine talk and we enjoyed it much. The day was well spent and we hope that the Methodist Church will soon give us a similar treat.

Miss Ethel Dodds and her mother left Tuesday for their old home in Crider, Ky. They were here only a short time but left many friends who will be glad to have them come again.

Mr. J. N. Hall, County Surveyor, was in Sturges last Monday on official business. Mr. Hall is a Sturges boy and his community should feel proud of him. He belongs to that self-made class and secured his education under the most adverse circumstances. He is young and fresh from college, full of life and information, and is thoroughly prepared to be of great service to his people. Such men always come to the front.

To the Farmers.

Science has at last found a practical Cotton Chopper. Invented by T. J. King, the originated the King Cotton. This chopper is
