For your protection, Mrs. Housekeeper, we have just installed

The McCASKEY SYSTEM

The One Writing Method of handling accounts.

With each purchase, our customer receives a sale slip showing the goods purchased, the price of each article and the balance previously owed—all footed up. With the McCaskey System YOU ALWAYS KNOW WHAT YOU OWE.

Your account cannot grow over night. You always have the opportunity of checking each item from your sale slip to see that everything has been delivered and that the price of every item is correct.

We furnish a slipholder to each customer. File the slip in this holder, the last slip at a glance will tell you what you owe. By preserving these slips you will have the same record of your account as we.

AND IN THE SAME HAND WRITING

We shall be glad to explain The McCaskey System to you.

TABLE SILVER

THERE is a vast difference in silverware that a good jeweler sells and the kind bought from mail order houses or department stores or given away as premiums with soap wrappers. One kind is made to sell, and the other kind is made to wear and look nice. You need only to inspect our stock and the distinction will be clear to you the moment you lay your eyes on our goods.

KEYS & LOCKS

YOU buy them for protection and a good lock is the cheapest protection in the world.

A GOOD lock will last nearly a life time. Isn't the difference it affords in safety over the cheaper lock worth many times the small difference in price? What a different feeling you have, especially when you are aay and your family is at home, with a lock on your door that only your key will open, than when you have a flimsy lock that any skeleton key will open or that any tramp can force in a few minutes.

STILL one of our locks it readily opened with the proper key without any groping, fumbling, or aggravating twisting and turning. A house with good things inside and a cheap lock is like a lot of money in a pocket with a hole in it.

We have padlocks too, which protect your other buildings in the same way.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But, Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all druggists.
