PETITION FOR PARDON.

To His Excellency, Governor Earle Brewer, Jackson, Miss.

"We, the undersigned petitioners, residents of Oktibbeha and Winston counties, being well and intimately acquainted with J. H. Hildspeth, who was convicted at the October term of the Oktibbeha County Circuit Court, under a charge of obtaining money under false pretences, do earnestly petition your excellency to grant to the said Hildspeth a pardon and release him from the one year's sentence imposed upon him by the Court. We believe the applicant for this pardon is innocent of the crime charged against him. He has a wife and six children, the two oldest being girls, one son who is suffering from heart trouble and unable to work, and three small children not large enough to make a living. He is a very poor man and his family is in needy condition, and we know him to be honest and sincerely believe him to be innocent of the charges for which he has been convicted. Respectfully submitted,

Dave Struggling,
J. R. Arden,
J. T. Perkins,
D. A. Willis,
And many others.

GOOD ADVICE

W

HEN YOU send your family washing "out," where does it go?

Does it find the wholesome, sanitary surroundings your intimate garments should have?

Is it dumped in with the clothes from families under conditions that may easily carry disease back to your home?

Is the work done in a clean, well ventilated place, by modern processes that both cleanse and save your garments and linens?

You can answer each one of these questions as it should be answered, if you send all of your laundry to us.

It will pay you to investigate the way in which we care for every part of a family's washing.

The leader of Beat 4 is offering a prize each to the girl and boy of the beat who sends to this meeting the best booklets on any subject. But it is suggested that these subjects be selected, Trees, Tomatoes and Corn, as those are the subjects Miss Powell prefers.
