STARKVILLE, MISS. OCT. 31, 1915

Sister Pankhurst is really an improvement on the late Carrie Nation.

The most useful member of society is the person who makes others happy.

Three things to take: Take comfort--within reason. Take time to be polite and pleasant, and take this paper.

Meet trouble like a man. Don't go whining about when it comes, but shut your mouth and stand up under it rosolutely

Take offence only at things worth being offended at. It is a sure evidence of a small mind to be over sensitive and notice trifles.

You can at least be thankful that the Thanksgiving turkey is cheaper than bacon and beef unless a "turkey trust" is organized before the 27th of November.

It is said that Murphy and his gang own and control the New York legislature. If Sulzer succeeds in breaking into that body, he might succeed in putting a spider in Murphey's dumpling.

It is said that 3,000 Methodist preachers in this country live on less than \$600 a year. At the present prices of the necessities, it must require considerable Faith, Hope and Charity for these good men to make ends meet.

There must be some of Starkville's old inhabitants still living who, by refreshing their memories, can recall the fact that the Illinois Central and Mobile & Ohio railroad companies once upon a time, announced to the public that they intended to build a Union depot at Starkville.

A Memphis woman sued the New York Life Insurance Co, for a \$10,000. It took the jury just ten minutes to award the woman money. Life insurance is a species of gambling and the companies are going to evade payment whenever a legal technicality permits unless the beneficieries are protected by the courts and juries.

There are some people in this world of ours that can Court of sale County, rendered in the above styled cause on the 20th day of September, A. Circuit Judge Paul Johnston, of the Hattiesburg district is being investigated by the legislative committee, charged wish tyrany, favoriteism, etc. To an impartial and disinterested outsider who views the matter impersonally, it looks like the only thing this Judge has been ganty of is a too strict entorcement of the law, and violators of the law are the most active in pushing the charges.

On November 12th Starkville will be visited by about one hundred of the leading business men of New Orleans who are making their annual "Trade Extention Tour" through Mississippi. The party is composed of Mayor Beh, m in and other officials and business men. The train bearing this party will arrive here at noon and will be here for two hours. Let us sustain Starkville's reputation for nospitality and give the distinguished gentlemen a right hearty and royal well come.

When a man dies many people have good words to say. of him and perform in an ostentatious maner many kind acts. His former competitors in business attend, the funeral and perform many offices for the dead when he is fairly out of the way. Now it these kind words were said when he was alive and pulling hard against the stream, he would have appreciated it more. But we have noticed at funerals, men who a few days or weeks before could not find words plean enough to use against the poor man-in the coffin. The kindly offices are not appreciated by the man in the box. Give your good words when they are needed. Do your good works when they will do good. Do not throw on the thin gauze at the funeral; everybody can see through it.
