TUPELO MISS, FRIDAY, MARCH 7, 1913

NO. 50

Call for the Children.

The Tupelo high school is well equipped for the entertainment of the boys and girls of the high school. Basket ball, foot ball, shot put, hammer throwing, hurdling, high jump and races are provided for the older pupils, and the school is well equipped with all the necessary items for the playing of these games. The little fellows are not provided with anything of a similar character, but must content themselves to look on and get their enjoyment from seeing the games of the other pupils. Prof. Windham has called our attention to this inequality and we are going to make an appeal to the patrons and friends of the school to come forward with enough money to buy all the playthings the little fellows need. It is too much trouble to make a personal canvass asking for the funds necessary, and we are going to open a popular subscription and ask that you come forward and give whatever you feel able to give to this cause. It should be a pleasure to get close to these little fellows with a subscription and we want to hear from you promptly. The Journal opens the subscription. Who will be the next?

The Tupelo Journal \$ 5 00

February Weather.

The rainfall for the month of February was 5.21 inches, exceeding the amount for the corresponding month of last year by 1.72 inches. Rain fell on 9 days, the greatest amount occurring on the 27th, when the precipitation was 2.79 inches, practically all of this falling during the twelve hours succeeding 5 p. m. on the 26th, and being accompanied by a very severe electrical disturbance. A very slight trace of snow showed on the morning of the 8th. There were 13 clear days, 12 cloudy, and 3 partly cloudy. The prevailing wind direction was north. The maximum temperature was 55.10 degrees, minimum 35.54. The thermometer recorded the highest, 75, on the 17th, and the lowest, 20, on the 13th. The average temperature for the month was 45.33.

WM. S. VINCENT, Observer.

Largest Side-wheeler In The World

The new side-wheel steamer "Seandbee," which will be placed in service between Cleveland and Buffalo this year, will be the largest and most luxurious passenger steamer on the Great Lakes and the largest side-wheeler in the world. A picture of the vessel appears in the March Popular Mechanics Magazine. The length on deck will be 500 ft., and the breadth on deck 96 1-2 ft. The main propeller engines, which are of 12,000 hp., will drive feathering paddle wheels 32 ft. in diameter. These wheels, turning at only 30 revolutions per minute, will drive the vessel at a speed of 22 miles an hour. The reason why side-wheel propulsion is adopted for such a large ship is that this system affords the maximum comfort for the passengers, the vibration being negligible.

The "Seandbee" has stateroom accommodation for 1,500 passengers, and will have a government permit to carry about 6,000.

A classified ad. will bring results.

Board of Supervisors meet.

The regular monthly meeting of the Board of Supervisors consumed four days to get through with the business coming before it. President Parker was present and presiding; F. M. Roper, second district, W. T. Pounds, third, W. D. McGaughey, fourth and I. B. Coggins, fifth. Mr. Pound was present Monday and Tuesday, but owing to sickness he was unable to attend the meetings further and went home Tuesday afternoon.

There was a large volume of business before the board which was dispatched promptly as it came up.

A preliminary order was made in the matter of issuing bonds in the second district for the construction of good roads. The order is published in this issue. The matter of purchasing road machinery was also taken up but as some of the companies manufacturing this machinery was not represented the matter was continued until the next meeting.

SHERMAN.

Thomas Rogers visited his parents here the first of the week. Mr. John Mills, of New Albany, visited in town Monday and Tuesday.

Mrs. Maggie Sandifer, of Potts Camp, was the guest of her niece, Mrs. Jones, Sunday and Monday. She was accompanied home by Miss Madge Jones, who expects to spend the remainder of the week in Potts Camp.

Miss Lucile Sullivan, of Euru, was the guest of Miss Annie Hancock Saturday and Sunday of the past week.

Mr. John Witt transacted business in New Albany Monday.

Misses Cherry and McCollough, of this place, are guests of relatives in Birmingham.

A. C. Taylor, of Tupelo, visited in town Friday.

Mrs. Martin left Saturday for Bell Buckle, Tenn., where she expects to pay a visit to relatives.

Mrs. W. L. Austin, of Pontotoc, was the guest of her parents, Mr. and Mrs. Lom Parks, Saturday and Sunday.

Miss Nannie Wood, of Birmingham, visited relatives here Sunday.

Misses Myrtle Powell and Callie Smith, of Poplar Springs, visited in town Tuesday.

Eight-Hour System Inaugurated.

The local postoffice under the direction of the Postal Department, inaugurated the eight hour system for the clerks of the office. It is the policy of the government in offices of this class to limit the hours of service to eight hours a day. The change necessitated the addition of another clerk who was selected under the civil service rules. The new clerk is Leland Epting of the First District. The eight hour law does not apply to the postmaster nor the assistant postmaster.

Spring Millinery.

We have just returned from St. Louis where we made our selection of Early Millinery. While there we had the advantage of two demonstrations a day by the well known designer, Oza One of New York.

We have new ideas than we have this season, and feel that with the advantage of this great designer, and our certificate showing that we had this advantage, we will be able to please all who may give us their orders.

We have with us this season Mrs. Annie Lou Hutchins, who in her pleasing manner will be glad to have all her friends call in to see her, and will be ever ready to show them through.

MRS. A. E. SIVLEY.

Mayor And Aldermen Meet.

At a meeting of the Board of Mayor and Aldermen Tuesday night an order was made to issue bonds for the erection of an additional school building. This is the preliminary step in the matter and at the next meeting an election will be ordered to be held to determine the wishes of the voters of the city on the matter.

The contractors, Messrs. Leake & Goodlett, were directed to proceed with work of putting down the curb and gutters on Main street. There will be a park way in the center of Main street as far west as the residence of W. H. Topp. This will be devoted to trees, grasses and shrubbery.

The lease for Park Lake for the ensuing two years was put up to the highest bidder and knocked off to the Tupelo Gun Club at \$160 per annum for two years. All ordinances will govern the lessees, who agree to maintain and preserve the property up to its present condition. One afternoon in each week will be reserved for the gun shoot.

Silos For The Farm.

Atlanta, Ga., February, 26th. —How the average farmer, using ordinary farm tools, at an expense of only \$65.00 can construct a silo with a capacity of 55 tons—enough silage to feed 20 cows 40 pounds per day for four months—is told in a booklet just gotten out by the Live Stock Department of the Southern Railway, a copy of which will be mailed free to any farmer addressing request for same to Mr. F. L. Word, live stock agent, Southern Railway Bldg., Atlanta, Ga.

"Where there is Live Stock on the Farm There Should be a Silo" is the title of this booklet which tells of the advantage to the farmer having a silo and the great saving which it enables him to make in the cost of winter feeding for his live stock. The figures given are taken from the practical experience of a Tennessee farmer who built a silo on the lines indicated twenty years ago, who finds it as good as new to-day, and feels that it has paid for itself many times over every year.

Secretary of Agriculture Wilson has recently declared that the Southeastern states constitute the ideal section of the United States for live stock raising and must be looked to in future years for the nation's food supply. To stimulate interest in the live stock industry and to aid farmers to successfully follow this line, the Southern Railway has established its Live Stock Department which is giving undivided attention to this work.

Distance never lends enchantment to the office seeker's view.

Christian Church Directory.

Bible school Sunday morning at 9:30. Communion service 11 o'clock Sunday morning. Preaching following. Sermon Sunday night at usual hour. Christian Endeavor one hour before sermon. Prayer meeting Friday evening. Everybody welcome. W. F. Mott.

Clayton Sworn In.

Judge Claude Clayton was sworn in Monday at Aberdeen as judge of the First Circuit Court District of the state and entered upon a four year term. Judge Clayton ascends the bench with every incentive to measure up to the high standard that has been established by a long line of illustrious predecessors, and his friends feel that he will fully maintain himself in his responsible position. He will have three weeks of court at Aberdeen and will next hold court in Tupelo.

Two thousand three hundred love letters written by six different girls, were found in the room of a bachelor who died recently in Melbourne, Australia, at the age of eighty-two. The letters, which were preserved in an ivory casket, were tied with jeweled silver chains in bundles of 50.

To keep the members of his congregation from enjoying poor health, an eastern preacher has his services printed and sent to them when they are too sick to attend church.—Toledo Blade.

Pauline, the white house cow, will be the only member of the outgoing administration to join the back to the farm movement.—Wall Street Journal.

The loftiest and purest love too often does but inflame the cloud of life with endless fire of pain.—John Ruskin.

It is best to love wisely, not doubt; but to love foolishly is better than not to be able to love at all.—Thackeray.

The average man has a lot more to say about what he is going to do than about what he has done.

Have you seen the fine Dictionary we are offering to subscribers of the Journal? It is a rare bargain; better investigate it.

Non-Resident Notice.

State of Mississippi.

This 13th day of February, A. D., 1913.
John M. Witt, Clerk.
Sam P. Long, Solicitor complis. 50-3t

DO YOU ENJOY EATING

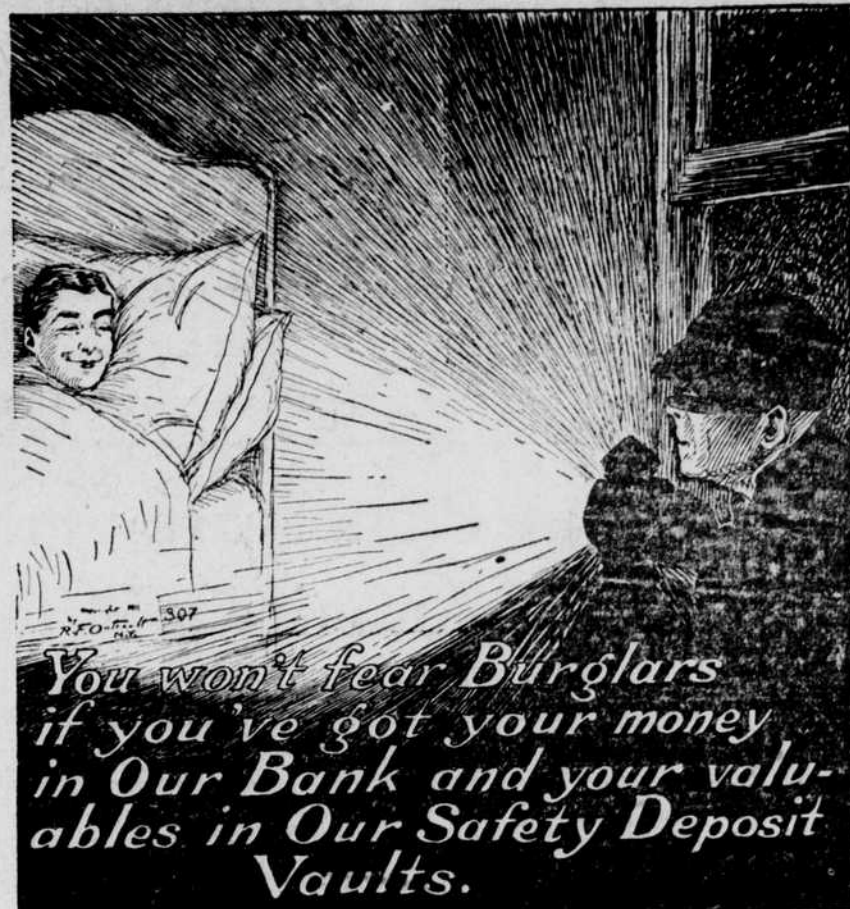

Or Does Everything You Eat Distress You?

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions also usually go together.

John Lind, of Oneonta, N. Y., says: "I have been troubled with a bad stomach trouble for fifteen years, and became so weak that I could hardly walk or do any work. My appetite was very poor, and it seemed impossible to get any relief. Since taking two bottles of Vinol I find that it has already made a remarkable improvement in my health; my digestion is much stronger, and I have gained in weight."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.
