READ THE FOLLOWING TESTIMONIALS:

As all parties manufacturing Sewing Machines are obliged to pay Mr. Howe a fee for each Sewing Machines sold, and are also compelled to make quarterly returns to him, stating, under oath, the number sold, his books give a correct statement of the actual number of Machines sold by the different manfacturers. From this reliable source we have obtained the following reliable statistics, showing the number of Sewing Machines disposed of during the last year reported. The principal companies making them are Wheeler & Wilson, I. M. Singer & Co., and Grover & Baker. Of the Machines sold there were sold—

By WHEELER & WILSON.....21,305
By I. M. Singer & Co.,..... 10,953
By Grover & Baker,..... 10,280

Showing the sales of Wheeler & Wilson to be double of any other company.—N. Y. Observer.

We have personally examined the various Machines before the public, with an anxious desire to place before our readers reliable information. As the result of such examination, we unhesitatingly recommend Wheeler & Wilson' Sewing Machines as the Machine for family use. —Western Christian Advocate.

My little daughter, of nine years takes on Machines—Wheeler & Wilson's—apart, oils it, and puts it in place easily and readly ajusts its parts, and performs with it all ordinary work. She can make her own dresses, including hemming, gathering and setting in the sleeves. Four month' use in my family has made it a necessity and a luxury.

**THEY CURE**

The well known Dr, WARREN, of Boston says of these Pills, "They have the finest effect upon the Liver and digestive organs of any medicine in the world and are the most perfect purgative which has ever yet been made by anybody. The effect have abundantly shown to the community how much they excel the ordinary medicines in use.—They are safe and pleasant to take, but powerfull to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge, out the foul humors that breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produced powerful effects, they are at the same time, in dimished doses, the safest and best physic that can be employed for children, and being purely vegetable are free from any risk or harm.

The most remarkable feature of these pills is the perfection with which they act on extremely dissimilar chronic diseases THE SAME DOSES CURE Diarrhœa or Dyspepsia, in either case restoring the organs to healthy and natural condition, which cannot be said of any other medicine in existence."

They create pure blood and remove all impurities from the system, hence are a positive cure for.
