## PROHIBITIONISTS.

The Leaders Meet in Chicago for the Purpose of Nominating a National Ticket.

MANY DELEGATES IN ATTENDANCE.

The Delegation from the New England States Marched into the Hall With Canteens.

The Letters "U. S." Were Inverted—They Also Carried the Legend "Anti-Canteens"—Were Liberally Applauded.

Chicago, June 28.—The national convention of the prohibition party met Wednesday in the 1st regiment armory, Sixteenth street and Michigan avenue. Of the 1,034 delegates who were entitled to seats in the national convention, more than three-fourths were in attendance when Chairman Stewart of the national committee, called the convention to order, and it is expected that by Thursday, when the nominations for president and vice president will be made, that nearly a thousand representatives of the party will be present to take part in choosing the national leaders. The eastern and central and western central states had full delegations present, the absentees being southern and Pacific states.

It was exactly 10:30 a. m. when Chairman Stewart, of the national committee, rapped for order. At that time nearly all the delegates were in their seats, while the galleries surrounding the big drill room of the 1st regiment were filled with spectators. Just previous to the fall of the gavel the delegates from the New England states marched into the hall in a body, each delegate carrying a canteen with the letters "U. S." inverted and bearing the legend, "Anti-Canteens." They were liberally applauded. After the convention had come to order, Chairman Stewart proceeded to deliver his formal address.

Mr. Stewart referred to the different presidential candidates, and his statement that the party would loyally support the standardbearer of the party were heartily cheered, applause lasting for several minutes greeting his reference to his "neighbor and worker from Chicago" (John G. Woolley). Hundreds of the delegates standing on their chairs and waving flags. At the conclusion of Chairman Stewart's address, Dr. J. Wesley Matwell, of Greensburg, asked Divine blessing on the convention.

Chairman Stewart then introduced Dr. John H. Hill, of Chicago, who

delivered a lengthy address of welcome. Chairman Stewart then announced temporary officers as follows: Chairman, Samuel Dickie, of Michigan; Secretary, A. E. Wilson, Chicago; Assistant Secretary, Col. Jellis, Tennessee, and E. B. Sutton, Idaho. Chairman Dickie made a brief speech outlining the work to be done by the convention. Mr. Dickie bitterly assailed the administration for its position on the canteen law and charged it with "debauching the people of its new possessions in the Philippines."

He also accused the government with using its consular service for gathering information for the use of distillers and brewers. At the conclusion of Chairman Dickie's speech the rules and order of business were adopted and the roll of states was called for the appointment of committees.

A somewhat heated debate took place at the meeting of the committee on resolutions relative to the instructions to be given the sub-committee on platform, the discussion being over the point of single issue or broad platform. The sentiment appeared to be nearly equally divided. A resolution was finally passed to the effect that it was the sense of the committee that the platform should have "no plank that did not touch upon the liquor question." This was regarded in the nature of a compromise as it was stated that planks on woman suffrage, the Sunday question and other issues would be included, but be subordinated to the liquor question.

**Boxing at the Convention.**

## QUIETING DOWN.

Except for the Boycott and Extra Policemen But Little Evidence of the St. Louis Strike Remains.

St. Louis, June 28.—Except for the boycott and 300 extra policemen on duty, but little evidence of the great strike on the St. Louis Transit Co.'s system, inaugurated May 8, remains. Cars are in operation on all the lines without hindrance, and are well patronized, except on those running north and south. Many thousand persons, because of the boycott and through sympathy for the strikers, patronize wagons and buses manned by ex-street railway employees. This is especially true in the north and south sections of the city.

Wednesday, the remainder of the force of Sheriff Polmann's posse comitatus, about 600 men, was mustered out of service, the board of police commissioners deciding they were no longer needed. It was at first intended that all but 1,000 men should be discharged, half of which would be retained for active service, the whole number to be called on for duty on July 4 to suppress any trouble that might occur then.

## CAPT. POWERS RELEASED.

County Judge Cornett Honored the Pardon Issued Some Time Ago by Gov. Taylor.

Harlan C. H., Ky., June 28.—Capt. John Powers, of Barbourville, Ky., who was arrested here Tuesday on the charge of complicity in the murder of Gov. Goebel, was Wednesday released. His attorneys instituted habeas corpus proceedings Tuesday afternoon, and after a hearing before County Judge Cornett, Powers produced a pardon signed by Gov. Taylor on March 6, 1900 offering it as a bar to prosecution and arrest. Judge Cornett honored the pardon and Powers was ordered released from custody.

This is the second time Powers has been arrested on the same charge and released on Gov. Taylor's pardon in the mountain counties of Kentucky, the former trial taking place in Knox county. Capt. Powers is a brother of Secretary of State Powers, who is now being held in jail at Georgetown on the same charge.

## IN THE FAR EAST.

It is Thought Adm. Seymour and the Legations Will Reach a Place of Refuge.

THEY HAVE LEFT PEKIN IN SAFETY.

The Fight Between the Allied Forces and Boxers and Chinese Soldiery Lasted for Several Hours.

The Americans and British Had the Honor of First Entering Tien-Tsin—It Was a Neck and Neck Race.

London, June 28.—The foreign office has issued the following telegram received from Mr. W. E. Carles, the British consul at Tien-Tsin, undated, but probably sent June 24, and forwarded from Che-Foo, June 27:

"A note has been received by the commissioner of customs here from Inspector General Hart (Sir Robert Hart), at Peking, dated June 19, stating that the foreign legations had been ordered to leave Peking within 24 hours."

Washington, June 28.—The following cablegram was received at the navy department late Wednesday afternoon:

"Che-Foo, June 27.—Secretary navy, Washington: Peking force and military reported with Peking relief expedition entrenched eight miles from Tien-Tsin."

London, June 28.—A special dispatch from Che-Foo says:

"The fight of the allied forces against the combined Boxers and Chinese soldiery, barring the road to Tien-Tsin, opened at daybreak. One hundred and fifty Americans were among the 2,000 international troops. The Chinese soon broke under heavy shelling, and then the arsenal was attacked and the guns were gradually silenced. The fight was practically over at noon."

"The keen, friendly rivalry for the honor of first entering the city resulted in the Americans and British going in neck and neck, with the others close up."

The cable messages from the far east Wednesday are so conflicting in their tenor that almost any desired view of the situation is deducible therefrom. On the whole, however, the news is encouraging, and it seems safe to assume that Vice Adm. Seymour and the legations, whether together or separately, will ultimately reach a place of safety. Various reports locate the legations at divers places, but it seems agreed that they are safely away from Peking.

The latest Shanghai reports say Prince Tuan (the head of the Chinese foreign office, and father of the heir apparent) has sent the legation to Sian-Fu under escort, and adds that Sian-Fu will be the new capital in the event Peking being occupied by the international forces.

Adm. Seymour, it is asserted, succeeded in getting a message into Tien-Tsin Monday, according to which he was then eight miles westward, terribly harassed, could only hold out another two days, and had 63 killed and over 200 wounded. He did not mention the ministers or others from Peking.

It is thought at Shanghai that now Tien-Tsin is relieved, the combined international forces will have no difficulty in reaching Peking, though it is expected it will be found that all the foreigners have already left. It is claimed that the reports as to the damage done at Tien-Tsin and the casualties among the foreign residents have been highly colored.

The exodus of Chinese from Shanghai is unabated. Every steamer is thronged and the authorities have been obliged to resort to the use of the fire hose to prevent the fugitives from overcrowding the vessels. The commander of the British first-class cruiser Undaunted, however, has landed large supplies of rifles and ammunition, and guns have been placed in position at commanding points with the result that the foreigners are confident they can overcome any attack on the settlement, into which the foreigners from the outposts are rapidly congregating.

According to a dispatch from New Chwang, the Russians there are barely able to cope with the situation. The Chinese, it appears, are burning all the railroad material, killing isolated Russians at every opportunity, and destroying the coal mines.

The St. James Gazette expresses the opinion that "China is teaching America the impossibility of a great trading nation avoiding imperialism," adding: "America's experience will teach her it is not the desire to grab distant lands; but unavoidable destiny that drives Great Britain ever forward. Washington had no choice but to protect the imperiled American citizens, and having once interfered in China to protect her interests, she shall never be able to shake from her shoes the dust of the Celestial empire."

Berlin, June 28.—The German consul at Che-Foo confirms the contents of the message from Vice Adm. Seymour which reached Tien-Tsin Monday, saying he was then eight miles westward of that city, terribly harassed, could only hold out another two days, and had 63 men killed and over 200 wounded, and adds that the admiral asked for the dispatch of a relief column of 2,000 men. This column left Tien-Tsin during the

morning of June 25 under Russian command.

London, June 28.—The British consul at Amoy telegraphs Wednesday morning that the Europeans at Peking are reported to be safe.

## MORE OUTRAGES.

The Protestant Mission at Wei Shih Burned Down by the Rebels Last Monday Night.

London, June 28.—A dispatch from Tien-Tsin, dated Tuesday, says that the Protestant mission at Wei Shih was burned down by the rebels Monday night last.

A special from Shanghai, dated Tuesday evening, says that communication with Adm. Seymour was opened by the Tien-Tsin relief force Sunday. Adm. Seymour was at that time said to be ten miles from Tien-Tsin. Three hundred of the members of his party reported sick and wounded; only a few had been killed. They were short of provisions, and were returning without having rescued the legations.

Shanghai, June 28.—A German paper has credited statement to the effect that Adm. Seymour is eight miles from Tien-Tsin, with 62 killed and 200 wounded.

Washington, June 28.—The Chinese minister has just received a telegram from Peking, via Che-Foo, dated June 19, saying that the ministers and foreigners in Peking were safe there and well, and that arrangements were being made to provide them with an escort out of the city.

## RELIEF OF TIEN-TSIN.

A British Column Under Maj. Maurice and a Naval Brigade Entered the City June 23.

London, June 28.—The parliamentary secretary of the foreign office, Mr. Wm. St. John Brodick, in the house of commons Wednesday said he was at last able to announce the receipt of information of the relief of Tien-Tsin. He added that the government had received two telegrams. One from the British consul at Tien-Tsin, wired June 23, by way of Che-Foo June 27, announced that a British column, under Maj. Maurice, of the Welsh Fusiliers, and a naval brigade, under Com. Craddock, had arrived at noon, 5:30 morning. The message also said that 1,500 Russians were reported to be at the Tien-Tsin railroad station, and that 150 Americans and 50 Italians had also arrived.

The second telegram was from Rear Adm. Bruce, dated Taku, June 23. It added to the above that Vice Adm. Seymour was reported to be ten miles from Tien-Tsin, hampered with sick and wounded and engaged with the enemy.

## OUR TROOPS SAIL.

Transport Legions, With the 9th Infantry and Supplies, Are En Route to Che-Foo, China.

## REV. ELLIS' MURDER.

A Graphic Account of the Tragedy Told by an Eye-Witness to the Terrible Atrocity.

Victoria, B. C., June 28.—The Shanghai Mercury says that a member of the Boxers' society, who saw the murder of Rev. Mr. Ellis, of the London mission, and of a Chinese missionary at Kung Tsun, gave the following account of the tragedy to a friend:

"On the 12th day of the fourth moon the Boxers, numbering 57, crossed the river Tse Tsun and met the two missionaries in a boat. They knew the Chinese was a Christian, and at once attacked him, wounding him with their swords. Then they dragged him out of the boat and tied him to a tree at the river-side. Then Mr. Ellis was tied with him, and Mr. Chao, another missionary, was found. His toes and thumbs were bound together and he was carried to a tree near where the others were hung up. The arms of the missionaries were cut off, their heads hewn off, and after the bodies had been disemboweled, they were cast into the river. The chapel of the mission was demolished, the Boxers went on their way."

This was but one of many such outrages.

## AN EXTRA SESSION POSSIBLE.

The Ohio Legislature May Be Called Together to Act on the Toledo Centennial Bill.

Columbus, O., June 28.—The supreme court having knocked out the \$500,000 appropriation for the Toledo centennial, there is a probability that Gov. Nash will call an extra session of the legislature to straighten out the middle.

The faulty appropriation was a result of the fight in the legislature over who should spend the money. Gov. Nash insisted on a new commission, and Toledo people insisted that the old commission should be continued. Failure to take any action seems to be construed by the supreme court as an evidence that the legislature intended to abandon the centennial.

While Gov. Nash said some time ago that he would not call an extra session, he now says that he will not make up his mind in the matter until he has read the opinion of the court and made a thorough canvass of the whole situation.
