DEMOCRATIC DELEGATES

Are Gathering at Columbus For the State Convention.

By Associated Press.

Columbus, O., July 8.—Although the Democratic State convention does not convene until Wednesday morning the leaders and some of the delegates have already arrived here. The delegates meet by congressional districts on Tuesday, when members of committees will be selected.

As no effort is now being made to endorse McLean, Johnson or any one else for Senator, and as the nomination of Colonel James Kilbourne for governor is assured, no general interest is being taken in the committee on credentials. Contesting delegations come from Montgomery, Union, Portage and Butler counties.

In Montgomery there is an old fight against Joseph Dowling. The anti-Dowling delegates were this time elected under the supervision of county and city boards of election at Dayton. These boards refused to recognize the Dowling county committee, which is called the McLean organization in that county.

In Butler county the old fight between the Schwab and Gray factions will be heard before the committee on credentials, possibly before the convention. The Schwab delegates will be headed by ex-Governor James E. Campbell.

From Union county the Powers and McCloud factions will be the contesting delegations, while similar conditions exist in Portage county. From Pike county the question is raised as to whether the delegates should be selected by the central or executive committee.

Preference for candidates or for planks in the platform are not involved in any of these contests and contentions are mostly for recognition in the party organizations.

Much interest is being taken in the selection of the members of the State central committee, on which McLean had the majority. In this Colonel Kilbourne and Tom L. Johnson, of Cleveland, as well as John R. McLean and others are involved in the new state organization.

McLean will not be here, but his friends are looking after the re-organization. Mayor Johnson, chairman of the Cuyahoga delegation, will not be here, owing to the death of his brother last week. His friends are looking out for the committee on resolutions, as well as the state committee. Nearly all the leaders of the gold Democrat delegates to the convention are here, and they are opposing the platform views of Mayor Johnson and Mayor Jones of Toledo, as well as any reference whatever to the free silver question.

The Hamilton county delegation from McLean's home at Cincinnati selected Charles W. Baker, as chairman and Judson Harmon and Harlan Cleveland, as members of the committee on resolutions for their respective districts. Baker was the leader for Palmer and Buckner. Judge Harmon was attorney general in Cleveland's cabinet, and Harlan Cleveland, was United States district attorney under the same administration. There has been an active canvass for months for the gubernatorial nomination. W. J. Zimmerman, J. C. Welty, Isaac Sherwood, A. W. Patrick and others were in the field against Kilbourne. All have withdrawn except Zimmerman, who will be here with his followers. As the Kilbourne men claim 200 votes more than a majority on first ballot, it is not known what play the Zimmerman men expect to make. Welty didn't withdraw until today. The name of Walter B. Ritchie, of Lima, has also been mentioned, but he has made no canvass for the nomination.

For lieutenant governor State Senators Long, Cohen and Brorein declined the nomination, as did also Henry Ketter. The names of M. Heisley and Joseph Poe, of Cleveland, have been mentioned for that place also as well as those of Anthony Howells, C. F. Peoples, Dennis Donavin, C. B. Smith, William Denman, John Casady and Mayor Hoskins. It is believed that a Kilbourne man will be selected for second place.

There will be free-for-all contests for other places on the state ticket by the following contestants:

For Judge of the Supreme Court.—E. B. Finley, Joseph Hidy, S. W. Court-right, G. M. Stoltzgarber, Frank Southard and Edward Dempsy.

For Attorney General.—F. S. Monnett, Harry A. Mykranitz, B. M. McCarthy and E. C. Burns.

For State Treasurer.—P. Page Ale-shire and J. H. Morris.

For Clerk of the Supreme Court.—Justus D. Smoots, David Fisher, Franklin P. Edison.

For Member Board of Public Works.—James Holman, Frederick Leets and T. Dwight Paul.

RUTTER'S SUCCESSOR

Will not be Chosen For Some Little Time Yet.

Special to the Leader.

Columbus, O., July 8.—It is learned from an authentic source that one of the trustees of the Ohio Epileptic hospital has visited Gallipolis for the purpose of notifying Dr. Rutter that his services are no longer needed as Superintendent of that institution, and that an assistant has been empowered to perform all the duties imposed on the superintendent. It is understood that under the circumstances the superintendent will take his immediate departure from the institution as soon as he can put his personal affairs in such shape that he can go.

Governor Nash has given it out that the new superintendent will not be appointed until after his return from the Buffalo exposition on the 18th instant. And even then he will probably take considerable time in making it reasonably certain that a first-class man is selected. The governor has given it out that a first-class business man will be required in addition to capabilities as a physician. No attempt will be made, it is understood, to secure an expert in epilepsy, for there appears to be no such person on earth up to this time.

About one dozen aspirants are in the field for the position of superintendent, and it is known that some of them are strongly recommended by leading men throughout the state, among others several members of congress. The outcome of the matter will be watched with interest as the state is annually dropping into that institution several hundred thousand dollars in the way of expenses and the construction of new buildings which are the finest in the state.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

HAND BANK

Containing One Hundred Dollars Left at a Groceryman's Door.

Special to the Leader.

Youngstown, O., July 8.—J. B. Mallis berry, a grocer, received a telephone message that there was an express package at his door and that the owner desired that he should take care of it. The woman at the other end of the line refused to give her name.

When he found the package and discovered that it was a hand bank issued by a local savings bank he reported it to the police. The bank contained \$100 and belonged to Laura B. Hoar. She could not be found at her residence, and the police are trying to solve the mystery.

Another Link.

Special to the Leader.

Wapakoneta, O., July 8.—It is now almost certain that the Western Ohio Electric Railway Company will parallel the Cincinnati, Hamilton & Dayton Railway from Wapakoneta to Sidney.

This will form another link in the north and south line to Toledo, and in connection with the line now being constructed from this city through St. Marys, Minister and New Bremen to Sidney will form a belt line through Auglaize and Shelby counties. The latter line is being extended to Piqua. The large car barns and power house at St. Marys are rapidly nearing completion.

Lancaster Boys Arrested.

Special to the Leader.

Bellefontaine, O., July 8.—Chester Garling and Clem Grabriel, aged 15 and 17, and claiming to hail from Lancaster, O., were arrested here today and are held for advices from Lancaster. They were traveling by freight although the Garling boy had \$33 in gold. They said they were going to Union City, Ind., to work in a harvest field.

Ten Per Cent Advance.

Special to the Leader.

Steubenville, O., July 8.—The La Belle Iron Company and their Amalgamated workers agreed on a scale to-night which gives the workmen ten per cent. advance.

RED LETTER DAYS.

What the Patrons of Husbandry Propose to do at Ohio Exposition.

The greatest and most influential of all agricultural organizations, the Ohio State Grange, is to take an active part in the Ohio Exposition as the following letter from Master F. A. Derrthick makes plainly evident:

Mantua, O., June 28, 1901.

"Dear Patrons: The Ohio Exposition Grange Reunion for 1901 falls on Wednesday and Thursday, August 28 and 29. These two days will be made 'Red Letter Days' in the history of Grange Reunions. Prominent patrons will be in attendance and we expect to furnish the most interesting program ever offered on the Exposition grounds.

"While special effort will mark the two days named, open house will be the order during the continuance of the Exposition, August 26 to September 7. Well-known patrons will be present at Grange Building, from the beginning to the close of the Exposition, to respond to every pull of the latch string. They will be full of information regarding programs and points of special interest about the grounds and buildings, among the state institutions and in the capital city. They will take charge of our wraps and bundles, and be our hosts in every sense.

"By extending the time of the Exposition, the management has made it possible for many more patrons than usual to arrange their work and business as to attend. One of the compensations of farm life is that we can more nearly command our own time than those in any other vocation. We are entitled to an outing. Let us take it and greet thousands of our brothers and sisters, and rejoice with them over a happy, prosperous, contented husbandry, and in the meantime enjoy the greatest Agricultural and Industrial Exposition ever made in Ohio.

"Details of the 'Big Reunion' will be given from time to time in the Grange press. Reunions will be continued and programs prepared for the second week of the Exposition. Grange Building will be headquarters, during the entire period for all patrons in attendance, so that interest will continue throughout.

"Matters of importance to farmers and to the Grange in particular are to be discussed and location of next annual session of the State Grange is to be fixed, and I hope to meet large delegations of our membership from every part of the State.

Fraternalty yours,
F. A. DERRTHICK,
Master Ohio State Grange."

As there are 418 lodges or separate Grange organizations in the State of Ohio, and each one active in furthering the Exposition, the exhibitors throughout the country, and the business men of Columbus can readily see what a powerful factor the State Grange of Ohio is in making the coming Exposition a pronounced success.

The Flag Grocery, No. 2 at 313 Greene street, will be ready for business on Tuesday next.

Our Greatest Year.

June thirtieth ended the Government's fiscal year, and though it will be a few weeks before we have the exact figures concerning the commerce and finance, enough is known to show that it will prove to be Uncle Sam's greatest year. Our export trade of \$1,000,000,000 is not only a home record but a world's record, and Uncle Sam is the greatest salesman on earth.

But that \$1,000,000,000 is not so great, after all, when we consider that Uncle Sam's folks have traded among themselves to the amount of over \$100,000,000,000, as shown by the bank clearings. Why, Johnny Bull and the Czar and Emperor William and the frog-eaters just stand amazed at those figures. And how they would like a slice of it. Wouldn't they. They just get a taste as it is, for Uncle Sam has learned to make about everything he needs, and he not only feeds himself but half the rest of the world.

So he is paying off his debts at home and abroad and piling up the surplus for a rainy day. He has done so well that on July 1st he stopped internal revenue to the amount of about \$45,000,000 a year. And all the time John Bull is squeezing his subjects as hard as he can, and yet he cannot begin to meet expenses.

Not only has Uncle Sam had the greatest year since he has been in business, but all his great financial family are breaking records, too. The farmers never did so well, nor the manufacturers. The railroads are as busy as they can be hauling all kinds of freight, while the millions of laborers of all classes are busy and well paid; happy and prosperous. If anyone ever doubted that Protection and prosperity went together he has only to study the figures of 1898, 1899, 1900 and 1901.

FAITH REARS CHURCH

Pentecost Band at Indianapolis Depending Wholly Upon Prayer.

Massive Stone Building Reared Itself Almost as by a Miracle—Stone and Labor Donated—Money for Lot Raised by Prayer.

A massive stone building, 50 by 70 feet and 20 feet high, with another structure to the rear 50 by 36 feet, two stories high, and to contain 19 rooms, is being erected on North New Jersey street, between Ohio and New York streets, through the prayers of 60 persons in Indianapolis and bands of the same organization which are praying in various places in Indiana, Illinois and Ohio.

The rear structure is nearly completed and the chapel in front is well under way, while enough stone is now on the ground to carry out the work. Not a particle of the stone was paid for, nor did the transportation from the Bedford stone quarries cost the little band of workers a cent, and it is being hewn and placed in position also without the expenditure of money. Three men and a boy are at work with tolerable regularity at the building, and when asked how they were progressing one of them replied:

"Oh, we get along all right. The workers are praying this mission out, and they will get everything they pray for. Nobody gets any salary. Nobody has anything except it comes by prayer."

The work has been undertaken by the Pentecost band and is directly in charge of Rev. Thomas Nelson, who is the minister of the little flock. They felt that a mission was necessary and started out to pray for it. Some of the band thought a frame church with a frame annex for living rooms for members of the band was about all they should pray for, but Mr. Nelson declared that God could give them stone just as easy as wood and experience has demonstrated that his faith was not in vain.

INNOCENT WOMAN IN JAIL.

Crime of Theft Fastened Upon Young Married Woman, and the Real Thief Confesses at Last.

A special to the New York World from Poughkeepsie, N. Y., says: Elizabeth Doyle, a young married woman of this city, will be released from the house of refuge at Hudson as soon as possible, after an incarceration of five years for a crime which she did not commit.

Her mother, Mrs. Mary Jackson, went to Chief of Police McCabe recently and told him that she had learned of her daughter's innocence. In 1896, when Mrs. Mary O'Brien, of Union street, lost a valuable ring, Mrs. Doyle was arrested and sentenced to the house of refuge. Edmund Doyle, father of the convicted woman's husband, on his deathbed confessed that the ring had been stolen by his granddaughter, Maggie Allen. This was two years ago, and Edmund Doyle's widow kept the secret until recently, when she repeated the confession to Mrs. Jackson.

It was learned that Maggie Allen, who had been sent later to the house of refuge at Rochester, wrote to her grandfather, telling him that Elizabeth Doyle was innocent. "It was I that stole the ring," she wrote, "and I want Elizabeth set free." Her grandfather kept this information to himself until a few hours before his death. The ring in the meantime had been sent to Chicago, and Mrs. Jackson wrote there and caused its return to Mrs. O'Brien.

CRUISING HOTELS.

John Arbuckle Explains Use of Fleet He Is Fitting Out for Summer Recreation.

John Arbuckle, the sugar manufacturer of Brooklyn, who is fitting out a fleet of "cruising hotels" for service this summer in the waters about New York, explained the other day some of the features of his novel enterprise.

"I have often thought that if young brain workers could be given a chance to get rest and recreation it would be a great benefit. On the first Saturday that the ships are ready I will take out all the women and children around our factories, give them a lunch, and a good time generally, and bring them back to a point near their homes."

"I propose to repeat this kind of excursion through the summer. There will be no charge whatever for these trips. We will take the crowds on Saturday afternoons to Newport, Shelter Island, Atlantic City and other places and bring them back by six o'clock on Monday morning. The proceeds of the first paid excursion will go to the Consumptives' home here."

Patti Fears Aerial Trip.

Patti accepted an invitation to a balloon trip with a party comprising Muriel Wilson, the duchess of Sutherland; Princess Polignac, born Singer; Grand Duke Alexis and Edouard Daudelle, but when the hour to start came Patti's heart failed her, and she begged to be excused. She drove home confessing sheer fright. The rest of the party went up, but owing to a slight accident remained only 40 minutes, landing within ten miles of the starting place.

A WORTHY SUCCESSOR.

"Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES," the GUARANTEED CATARRH CURE, and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.
