

LAXAKOLA

THE GREAT TONIC LAXATIVE

If you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or any symptoms and disorders which tell the story of bad bowels and an impaired digestive system, Laxakola Will Cure You.

It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels move regularly, your liver and kidneys cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, will find Laxakola an ideal medicine for children. It keeps their bowels regular without pain or griping, acts as a general tonic, assists nature, aids digestion, relieves restlessness, clears the coated tongue, reduces fever, causes refreshing, restful sleep and makes them well, happy and hearty. *Children like it and ask for it.*

For Sale by **A. J. RICHARDS, W. H. SYER.**

Laxakola is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz. laxative and tonic, and at one price, 35c. or 50c. At drugists. Send for free sample to THE LAXAKOLA CO., 122 Nassau Street, N. Y., and mention the name of your druggist. We will express to any address on receipt of 10c. In stamps or post note, all charges prepaid. Family size bottle of Laxakola, sufficient to last for a long time.

OIL NEWS

From the Wild and Rugged Hills of Monroe County.

CALAIS FIELD.

Hurrah for Seneca and sister Summit, too, for everything is northwestward from Sistersville via Lewisville to Calais and Temperanceville for oil. From Fred Spirry's to John Brister's to Temperanceville and the center of Rock River. Everything is out of sight in oldland and our hills and valleys now are full of oil vendors and seeking every foot of land that is not leased. Rock River has never been touched with the drill and its leases are in the hands of all kinds of operators and speculators, and it will require the formation of a syndicate or trust combination to get all the leases united, although a good organizer could do so by proper management. They want it drilled.

The John Brister well is south of the Calais three and one-half miles and in Seneca township. This well was shot a few days ago and is expected to have been cleaned out and in producing operation. The company that drilled this well have made two locations one on Biedenbaugh north of Brister and one west of Brister. Each location is something like a half mile from the Brister well.

On the Stephen leasehold the Fisher's and the Guffey's and the Sun Oil company and many more companies had their agents in Seneca all last week. The Macksburg oil men were here most all last week.

J. R. Stephen well is about three miles from the Brister well and three-quarters of a mile east of Calais south one-half mile. This well will be shot and fixed up this week or next.

Recently the Guffey Company paid up all rentals on the J. N. Stephen block. Surely they will be driving their work soon.

LEWISVILLE FIELD.

Last Sunday was a big day at the Spirry oil well. The B. Z. & C. R. R. ran two excursion trains here to see the gusher. There were eleven coaches filled to overflowing besides there were a great many people from the surrounding country who came in buggies, surreys, on horseback, on bicycles and on foot. The crowd was estimated at from 800 to 1000 people. After the trains had arrived the well was opened and allowed to flow up in the rig. This was a fine sight to those who never saw a flowing well. The picture men were one hand with their cameras ready to take a snap shot at everything worth viewing.

U. G. Decker commenced spudding on his big well on the Henry Dillon farm near the big gusher. He will give his men a premium of \$25 each if they put the well down in twelve days. Watch the result.

The land between the Spirry well and the George Reed farm at the head of the Muskingum Valley a distance of six miles is under lease with few exceptions.

The R. Clegg well drilled by Long-fellow is dry in the sands but a good gasser. They have tubed the well and will use the gas in the field.

The Shawmut Oil company is drilling at their Ludwig No. 2. The same company are rigging up their Burkhardt No. 1.

The Carter Oil Company have made a location on the John A. Burkhardt farm near Burkhardt Station.

WAY FIELD.

There have been two rigs brought from Graysville to the Whitacre oil field and some more to come. This looks as though we may have quite a little field here.

The same company have the rig up for No. 4 on the Whitacre Heirs and are waiting on the drillers. They also have No. 5 on the same farm located.

The Associated Producers intend drilling their No. 4 on the Whitacre Heirs at once. This farm is looking better than it did a year ago.

The Traders Oil Company's E. J. Hall is drilling at a depth of 1200 feet. They will reach the sand the first of this week with no bad luck.

EDWINA FIELD.

Galey's Baker No. 4 is good for about six or eight barrels. The oil field is dull here. About all that is doing is the pumping. If the Baker well had been a better well, it would have caused more wells to have been drilled but it looks now as if there was not going to be much drilling done here for some time.

The Standard Oil Company is laying a four-inch line from Henry Dougherty's to Lewisville. The line they had to Lewisville was too small to carry all the oil from the Decker and Spirry well.

It will give employment to about 40 men.

CAMERON FIELD.

The Jennings Brothers well on the G. W. Ross farm will be due about Wednesday. They put the 6 1/2 casing in Friday evening.—Derrick.

Pepsin Syrup Co.
Dear Sirs:—For the past ten years I was troubled with my stomach. About 4 years ago was taken down with rheumatism; was not able to do a day's work for 3 years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Yours respectfully,
ELWOOD MCCRACKEN.

The French military authorities are considering the formation of six railway regiments. The Boer war has shown the importance of railway operations, and the new regiments will be recruited from railway servants, who will be drilled in running trains, destroying and repairing tracks, telegraphing and other duties.

How is the Ticket?

Does it suit you? Well, we are not all alike, you know, in this world, and it is hard to please everyone, but the favor is unanimously for Dr. Caldwell's Syrup Pepsin as it is guaranteed to cure Constipation, Indigestion, Sick Headache and Stomach Trouble. In the production of common watch glasses the glass is blown in a sphere about a meter in diameter, sufficient material being taken to give the desired thickness, as the case may be. Discs are then cut from the sphere with the aid of a common pair of compasses having a diamond at the extremity of one leg. There is a knack of detaching the disc after it has been cut. A good workman will, it is said, cut 6,000 glasses in a day.

A deposit of lithographic stone has been found near Mt. Sterling, Ky., which Eugene Leary of the United States geological survey, who had been sent to examine it, says he would rather own "than any gold mine he ever heard of. There is no reason why the quarry should not control the market in this country. There is no lithographic stone anywhere else, so far as known, and there will be no difficulty in competing with the German product."
