

Under Ohio Skies

AS TOLD BY THE CONSERVATION DIVISION

WITH THE SPORTSMEN'S CLUB

A 900 pound eight point moose was downed with one shot by Harry Lewis, Allen Count Coronor, on a recent 10-day hunt in the vicinity of Oba, Ontario.

The huge animal was tracked for a half mile thru the snow before Lewis and his partner, Burley Cridder from Cridersville, finally spotted animal 300 hundred yards ahead in the snow. Lewis shot the bull with a clean hit in the neck.

The men butchered the animal on the spot, carrying the 400 pounds of meat and the head back to Lake Kaby, three miles away.

Lewis also told of an encounter of huge fish with a bunch of otters. Lewis snagged the fish which weighed 25 pounds and later discovered the big fish had swallowed another 4-pound fish. The men had to chase the otters away and then were able to grab the fish from the water.

The head of the bull moose is being mounted by a taxidermist and will be on display in the Lewis trophy room.

Reports on the season's hunting of upland game adds up to contradictory theories. Many hunters and farmers say there is a greater abundance of ringnecks and pheasants, while on the other hand a group report a lack of game in many choice areas.

To sum it up, the consensus of opinion seems to be the game is spotty with some areas practically devoid of birds and rabbits. There are not as many hunters this year to scatter the game and keep it moving, as a result, game run out of good hunting grounds, does not immediately get chased back in again, causing a spotty condition.

A big problem confronts the local

hunters and farmers. A good many of our birds are shot by the hunters from the city. These folks do nothing to help in restocking plans of the Sportsmen's club and perhaps the answer in the future will be to lease the hunting right from the farms, then work out a system where-by the city sportsmen will contribute on a cash basis for the privilege of hunting.

Up near Bowling Green the Center Webster Game Ass'n has now under their control 17,000 acres of land. This means that every person not being a member of the association has to pay \$5.00 for a season permit to hunt.

The season runs this year from November 19 to Dec. 4th, the dates for the open season on pheasants. The money taken in from the hunters goes for restocking purposes.

Wood county has the best pheasant hunting in this part of the country, the reason for it is apparent, the hunting areas are controlled. We need control of our lands here near Bluffton if we are going to protect the farmers from hunters treading down his fences and running over his land.

More "No Hunting" signs are being posted every year, and although local sportsmen are respectful of the farmer and ask for the privilege of hunting, many of the outsiders are not, and as a result considerate sportsmen have to suffer along with the bad ones.

A controlled leased acreage will relieve the farmer of the responsibility of who will be permitted to hunt. Those trespassing will have credentials to show before they are permitted to trespass. Perhaps such a plan could be considered in our community and be put into operation.

College Beavers To Open Basketball Season Against Ohio Northern Dec. 1

Three lettermen form the nucleus of an abbreviated cage squad which Coach A. C. Burcky is whipping into shape at Bluffton college for 1943-44 play, it was learned this week.

Opening game for the Beavers will be a contest with Ohio Northern's veteran outfit at Ada on Wednesday, Dec. 1. A return game with Northern and two contests with Ashland are the only tilts carded so far for the locals, but others will be added to the schedule, the Bluffton mentor said.

Although his squad is short in manpower because of depletion in ranks resulting from calls into the services,

Coach Burcky has nine promising candidates about whom this year's team can be built.

As a starting point he has three lettermen: Howard Baumgartner, Ellis Guthrie and Ellwyn Hartzler from last year's squad.

To fill other positions on the team the Bluffton mentor can draw from a group composed of Lehman, a squad member last year; and Landis, Berky, Beery, Smucker and Herr, first-year men at the local school.

Ohio Northern, the Beaver's first foe, has six veterans from last year's team.

Bluffton High Will Open Cage Play In Tilt With St. John's Wednesday

Two veteran outfits will clash here this Wednesday night in the Bluffton High gymnasium when the Pirates tangle with Lima St. John's in the season opener for both schools.

Bluffton has only four lettermen to match against five veterans on the St. John's squad, and all in all the Pirates should not expect too easy going in their initial start of the season.

MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS

One man recently stated that for 10 long years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking ERB-HELP and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP. Hausenstein's Drug Store.
