### DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

### THE DEATH PENALTY.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklin's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c at Bowers & Comstock's drug store.

Nash and our county officials, and we hereby pledge ourselves to support all the regular nominees of our party and to labor earnestly for their election.

We denounce every attempt of any party or individual to undermine and destroy the unparalleled era of prosperity which, under Republican rule has made our nation great in the eyes of the governments of the world, has freed our state from debt for the first time in its history and has made Wood a banner county of the state.

The work of the afternoon opened with vigor by the nomination of S. W. Bowman for his second term as Recorder. He very promptly acknowledged his thankfulness.

The announcement of candidates for Treasurer came next and the names of Geo. W. Fernside, S. R. Case, J. C. Solether, Thos. J. Chilcote and A. R. Williams were mentioned and the balloting commenced. It took eight ballots to settle the contest which resulted in the nomination of Fernside.

Commissioner came next and the contest was a long and hard fight resulting in the nomination of Mack Gorrill of Middleton township.

Mack was called and acknowledged his thanks very gracefully.

The convention had thus far been a long, hard fought battle and the finish was soon made by the nomination of Hon. F. P. Riegler for Representative and S. B. Rinker for Infirmary Director by acclamation.

S. J. Jones of North Baltimore was then nominated for Coroner and the convention adjourned.

During noon hour the Central committee organized by electing P. C. Prentiss, Chairman, and Spencer Canary, Secretary.  
The report of ballots is given in tabulated form on eighth page.

"I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Bowers & Comstock.

## BADLY INJURED

### While Blasting in a Sugar Ridge Quarry.

Julius Snyder, of Sugar Ridge, met with a terrible accident Tuesday afternoon while at work in A. T. Christman's quarry at Sugar Ridge.

Snyder had just started to place the tamping upon fourteen pounds of dynamite, placed in a hole, when the charge let go, hurling him backward and filling his hands, wrists and forearms full of small particles of stone, besides cutting his face in many places, says the Tribune. The tamping bar was thrown a considerable distance by the force of the blast and the wonder is how Snyder escaped immediate death.

Dr. Pope, who was at Dunbridge, was called and the wounds were temporarily bandaged. The injured man was then driven to Bowling Green, the small particles of lime stone which had been imbedded in his flesh were removed. They state that they dug out at least 50 pieces and that several times that many must have struck the man and inflicted wounds. One thumb was broken and the tendons of one finger were cut off.

Unless blood poisoning sets in it is thought that he will recover and will escape with both thumbs and all his fingers.

A physician who was called fixed up the afflicted parts and she was getting along fine till Saturday evening. Then as she was going home from one of the neighbors she fell through a foot bridge and went to the bottom of the ditch, spraining her ankle badly.
