#### Mitchell Post Meeting.

The benefit of the encampment last week is already manifest in the meetings of Mitchell post No. 45, G. A. R. In accordance with suggestions made by the speakers at one of the officers' meetings on the grounds, it was decided last night that the last meeting of the post in each month should be devoted to a camp-fire, at which the exercises shall consist of talks by the boys who "fit in the wah." reading of papers on appropriate topics, singing of war and patriotic songs, and occasionally a hard-tack and baked bean spread. The post officers were appointed a committee to arrange a programme for next Thursday evening, when there will be no muster or routine business, and to publish the same in

The drill corps of McCoy post, Columbus, seems to have made a hit here last week and some of the veterans of Mitchell post have determined to see what they can do in the same line. The Symptoms of Liver Complaint

are uncasiness and pain in the side, sometimes pain in the shoulder, and is mistaken for rheumatism; the stomach is affected with loss of appetitie and sickness; lowels, in general, cotive, sometimes alternating with lax; the head is woulded with pain and dull, heavy sensation of having left undone something which ought to have been done; often complaining of weakness, debility and low spirats. Sometimes many of the above symptoms attend the disc se and at other times very few of them—but the Liver is generally the organ most involved.

REGULATE THE LIVER AND PREVENT Dyspepsia, Constipation, Jaundice, Bil-lious Attacks, Chills and Fever, Headache, Colle, Depression of Spirits, Sour Stomach, Heartburn,

Tonic, Alterative and Cathartic ! Simmons Liver Regulator, purely vegetable, is the medicine generally used in the South to arouse the torpid Liver to healty action.

It acts with extraordinary power and efficacy on the Liver and Eidneys! The action of the Regulator is free from nausea or griving. It is most effective in starting the secretions of the Liver, causing the bile to act as a cathartic. When there is an excess of bile in the Stomach, the Regulator is an active purge; after the removal of the bile it will regulate the bowels and impart vigor and health to the whole system. and the leader a pony. LOCAL NOTICES.

The symptons of that most distressing complaint, asthma, are difficulty in breathing, or power to inspire sufficient air to fill the lungs. Although a nervous affection, it is also often connected with actual changes in the lungs themselves. The oppression in breathing is sometimes affected by very slight causes, such as changes in the weather, auxiety, fatigue, errors in diet, etc. The affection as a rule is more apt to occur in middle age, and men are more liable to it than women. Mishler's Herb Bitters has an extra good record in relieving asthmatic patients.

What the Shakers Believe About Disase.—They have learned from many years' experience, that nine-tenths of all the disease mankind arise from imperfect digestion of food; for this reason they have spent years of labor in preparing the Shaker Extract of Roots (Siegel's Syrup) and it opperates like a charm in all cases of indigestion.

It is not what we cat that makes us strong,

but that which we digest. This is the doc-trine of the Mount Lebanon Shakers. People who are weak and languid, tired and feeble often wonder. The reason is that the food enten does not give strength because it is not digested. The Shaker Extract of Roots is not digested. The Shaker Extract of Roots (Siegel's Syrup) will restore the digestion to a healthy condition and drive away the head-ache, the pains in the side and back, the dis-tress after esting and make the sleep afford
