

WEATHER FACTS. WASHINGTON, Feb. 8.—(Ohio) State of snow, followed by fair weather; lower temperature; with a cold wave.

SPRINGFIELD, O., February 8, 1887.

Weather's on your Side PRICES, TOO.

It requires very little ready money to procure When Overcoats at this time. We are very anxious to see them go, and therefore see that the main hindrance is made as light as possible.

More goodness for \$8 than you ever saw before is in any one of the hundred overcoats now in sight and to go for that amount of cash. See index of these comfortable garments in window today.

Your attention is called to unboiled shirts at 50 cents and one dollar, either of which are the best for the price to be found in any market.

New half hose today, 10 cents to a dollar. Read, see, choose. Pay whatever price you please, and feel assured your next door neighbor has not bought the same goods for less money.

Handkerchiefs by the thousand, 5c to a dollar. Suspenders of consequence, 10 cents or five times that amount.

Scotch caps, stock still reasonably complete. Underwear, see window for 35 cent choice, behind the window for qualities upward.

Children's long stockings, 10 cents to \$1.25. Overalls, 25 cents to 85 cents, of our own careful making.

THE WHEN, Springfield's Only One Price Clothiers,

25 and 27 West Main Street.

LADIES Will find these forms at the BUTTERICK PATTERN OFFICE, No. 18 S. Limestone St.

N. E. C. WHITNEY, Sole Importer of American and Foreign PATENTS AND COUNSELLOR IN ALL PATENT MATTERS. Room 5 Arcade Building, SPRINGFIELD, O.

Dr. Frank C. Runyan, DENTIST.

OUT OF BONDAGE.

A Colored Man, a Slave Since the War, Learns That He is Entitled to Freedom.

The Great New York Strike Nearing an End—Seems to be a Question of Days—An Amateur Impresario—General News by Wire.

By the Associated Press. New York, Feb. 8.—A special from Charles S. C. says: Information of a reliable character has just been received of the discovery of a negro man in one of the narrow villages near Hogback mountain, not far from Greenville, who has just learned of his emancipation. His story is that since the war he has been waiting for Mr. Holly and that he was not allowed to come back to his kindred; that he was bought by his master, who gave him no money for few clothes. The man's name is Calvin Garmany. He ran off to the mountains just after the war, and was only rescued by his brother, who lives near Greenville, and who rescued him from servitude last week.

CONGRESS.

Second Session—Forty-Ninth Congress. WASHINGTON, Feb. 7.—SENATE.—The credentials of Francis B. Stockbridge as senator from Michigan were presented. Resolutions of the Kansas legislature for the organization of the territory of Oklahoma were also presented and referred to the committee on territories.

Mr. Plumb (who presented a duplicate of these resolutions) said that the legislation asked for was, in his opinion, in accordance with the highest public policy. But, according to the reported position not only of the executive, but of the attorney general and (practically) of congress, there remained in certain Indian tribes an interest in the lands sought to be opened to settlement, and before that difficulty could be removed negotiations of some kind should take place.

The senate being about to take up house bills on the calendar, Mr. Hawley moved to proceed to the consideration of the bill to encourage the manufacture of steel for modern army ordnance, armor and other army purposes and to provide heavy ordnance adapted to modern warfare.

That the secretary of war be and he is authorized to erect at the Watervliet arsenal, West Troy, N. Y., an armory for the manufacture of breech-loading rifles, in quantity not to exceed ten thousand gross, in quality and dimensions conforming to specifications, subject to inspection and approval of the manufacturer, and including all the parts of each caliber specified; provided, that no money shall be expended except for steel received and delivered to each bidder shall contract to erect in the United States a suitable plant, including the best modern appliances capable of producing the quantity of rifles intended in accordance with the contract, and agree in the case of an ordnance contract to deliver yearly a specified quantity of each caliber, the time of delivery of the smaller calibers to commence at the expiration of not more than eighteen months, and that of the larger calibers at the expiration of not more than three years from the date of the acceptance of the contract; and that all the forgings shall be manufactured in the United States.

An Important Decision in a Railroad Case. CINCINNATI, Feb. 8.—A decision has been rendered by Judge Huston, of the common pleas court, this county, dissolving the injunction restraining Emory, Dissol, of this city, from attaching the property of the Cincinnati, Hamilton & Dayton Railroad company found in the state of New York in 1882. The amount involved is \$121,000, with interest. The claim is for unpaid interest on bonds of the Cincinnati, Hamilton & Dayton railroad, executed by the Cincinnati, Hamilton & Dayton company.

An Unknown Migrant Fire in a Passenger Car. CINCINNATI, Feb. 8.—As the Cincinnati, Hamilton and Indianapolis train was about crossing the state line from Indiana into Ohio, yesterday, a bullet fired by some unknown person, came crashing through a window of a passenger car, passing close in front of the head of Mr. P. Mitchell, of the firm of Vallette & Mitchell, of New York City, and burying itself in the wood-work on the other side of the car. No claim to the migrant has been found.

The Great New York Strike About Ended. NEW YORK, Feb. 8.—It is generally believed that the great strike is about to come to an end. The Times says that the fact is that the freight handler's strike is confessed to be a failure even by themselves. They were resolved to work for a week, but the Pennsylvania and Jersey Central probably had the most offers of this kind. Class of green hands.

An Anarchist City Editor in Serious Trouble. MILWAUKEE, Feb. 8.—Edward Lowme, assistant editor of the Arbeiter Zeitung, was yesterday sentenced by Judge Sloan to thirty days' labor in the house of correction for contempt of court in refusing to be published in a case of a doctored frame house owned by Pat Bolan, on Monroe street. The house was not damaged.

Death Claimed Here. CLEVELAND, Feb. 8.—Detective Hurligan, one of the police officers assaulted by the rioters at Rainana, died at 9:30 o'clock this morning.

Called to His Long Home. The Venerable Robert Brown Passes Peacefully Away. Last evening Mr. T. G. Brown, manager of the Republic, received a telegram announcing the death of his father, Mr. Robert Brown. The particulars of his death are contained in the following, taken from today's Xenia Telegraph.

By Knife and Rope. "D." Phillips, a well known character in police circles, made a double attempt to commit suicide in the county jail last (Monday) night, a little before 10 o'clock. He fumbled at his throat for some time with a dull pocket-knife, but succeeded in cutting several slight but

NOT ACCEPTED.

Superintendent White's Resignation Referred to the Teachers' Committee For One Week.

Temporary Arrangements Made For Performing the School Work. Portrait of Superintendent White to be Published in the Annual Report.

School board met in special session last night with President Lenz in the chair. Those present were Beck, Bell, Brigham, Barnes, Coles, Morrow, Cox, Holden, Kearns, Kelley, Miller, Corcoran, Egan, Hickey, Shrimpf, Troy and the president, Martin-Blind being the only member absent.

In the lobby were seen Principals Weir, Clifton, Central, Pearce, of the Eastern Keeseecker, of the Clifton street; Zack Taylor, of the Pearl street; Mr. Davidson, of the High school; Professor Hoskinson, of Wittenberg college, and others, among them several candidates for the soon to be vacant superintendency.

The president briefly stated that the objection to Mr. Weir's resignation was not well aware, was for the purpose of hearing the reading of the unexpected

LETTER OF RESIGNATION of Superintendent White, which was in the hands of the clerk, who would read it. The clerk then read the letter, which has already been published in full in the REPUBLIC.

Mr. Beck moved that the resignation be referred back to the committee on teachers, to report at the next meeting, which was carried without an opposition.

Mr. Morrow moved that a committee of five, with the president as chairman, be appointed to take charge of the schools, until a superintendent is selected, to attend to such matters as could not be properly deferred to await a successor; that the principals be required to report at each meeting of the board.

The president stated that it was a very important matter, and he hoped the members would call on the principals present to express their views on the subject.

Professor Davidson, being called on, stated that as he was well known, he was not a principal and should not say anything. But before further pressed, he said he thought the principals of the general buildings could manage the schools very well, temporarily.

Mr. Weir, in response to a call, said that there was one matter that would demand immediate attention—namely, the spring examinations, which are now only about one month away. He said it was generally necessary to begin the examination in reading at about this time. Matters of discipline and other minor questions could be attended to by the principals in their respective schools.

Principals Keeseecker and Pearce also spoke in the same tenor. The former called attention especially to the fact that many new scholars enter in the spring and should be provided for.

The motion was finally put and prevailed unanimously. The president stated that he would announce the committee later in the meeting.

Mr. Beck moved that all questions that had been reported to the superintendent be reported to the PRINCIPALS OF THE RESPECTIVE BUILDINGS.

Mr. Morrow wanted to know what the committee was to do then. The motion prevailed.

Mr. Miller, of the committee on teachers, called a meeting of the committee, and held Saturday evening to arrange for the opening of the new Pearl street house. He could only say that a committee, consisting of Mr. Weir, Mr. Taylor, Mr. Davidson, of the Central, and Mr. A. E. Taylor, of the Western, was appointed to attend to the opening.

SEEEN BY A SPRINGFIELDER.

Mr. A. M. Crothers' Impressions of Los Angeles, California—A Matter of Much Interest.

Last July Mr. A. M. Crothers, a prominent and substantial business man of this city, who for years had been a conspicuous figure in the commercial circles of Springfield, removed with his young wife—formerly Miss Stella Reid—to Los Angeles, California, to take up his permanent residence. Since that time several conflicting reports have been received as to how "Mit," as he was popularly known, was pleased with Los Angeles and the Pacific slope generally.

Some of these rumors intimated that he was in the city of the angels, and thought strongly of coming back. Some extracts from a private letter from Mr. Crothers to a friend here, received last week, not only effectively settle this point forever, but will be of much local interest here, as the impressions of a keen, observant, well-traveled Springfielder concerning a place about which there is much diverse comment.

Mr. Crothers says in his letter, "I had you to realize, but no harder than I had to realize that Ohio is wrapped in the snow and ice of a bitter Boreas winter."

And that is one matter that would demand attention—namely, the spring examinations, which are now only about one month away. He said it was generally necessary to begin the examination in reading at about this time.

Mr. Beck moved that the resignation be referred back to the committee on teachers, to report at the next meeting, which was carried without an opposition.

Mr. Morrow moved that a committee of five, with the president as chairman, be appointed to take charge of the schools, until a superintendent is selected, to attend to such matters as could not be properly deferred to await a successor; that the principals be required to report at each meeting of the board.

The president stated that it was a very important matter, and he hoped the members would call on the principals present to express their views on the subject.

Professor Davidson, being called on, stated that as he was well known, he was not a principal and should not say anything. But before further pressed, he said he thought the principals of the general buildings could manage the schools very well, temporarily.

Mr. Weir, in response to a call, said that there was one matter that would demand immediate attention—namely, the spring examinations, which are now only about one month away.

Principals Keeseecker and Pearce also spoke in the same tenor. The former called attention especially to the fact that many new scholars enter in the spring and should be provided for.

The motion was finally put and prevailed unanimously. The president stated that he would announce the committee later in the meeting.

Mr. Beck moved that all questions that had been reported to the superintendent be reported to the PRINCIPALS OF THE RESPECTIVE BUILDINGS.

Mr. Morrow wanted to know what the committee was to do then. The motion prevailed.

Mr. Miller, of the committee on teachers, called a meeting of the committee, and held Saturday evening to arrange for the opening of the new Pearl street house. He could only say that a committee, consisting of Mr. Weir, Mr. Taylor, Mr. Davidson, of the Central, and Mr. A. E. Taylor, of the Western, was appointed to attend to the opening.

Mr. Beck moved that the resignation be referred back to the committee on teachers, to report at the next meeting, which was carried without an opposition.

GETTING TO THE FRONT.

Advantages to be Derived From Western Connections by the Bee Line.

The board of directors of the Missouri Central railroad, elected at St. Louis last Tuesday, will organize at New York this week. It is through connection with this road that the Bee Line, which now runs to East St. Louis, expects to get to Kansas City.

An entrance to St. Louis will be effected over the St. Louis & Kansas City Short Line, connecting with the Missouri Central, which has acquired terminals in that city.

The relations between the Missouri Central and the Bee Line are said to be through a Wall Street "new," are to be through a traffic agreement, but eventually, in accordance with the progress of the times, there is no doubt that the Bee Line will be connected with the Missouri Central.

The Missouri Central will prove to be a very valuable connection of the Bee Line. Kansas City has become the distributing point for an immense traffic, which will be reached directly by the Bee Line through the Missouri Central.

It will also receive a large volume of business from this line. The Bee Line will benefit by a large traffic between Chicago and the southwest, securing a haul between Chicago and St. Louis, via the Missouri Central. It will be completed during the present year. The bridge at Alton it will probably take a year to complete, but work will be commenced and pushed all along the line.

AT REST. Funeral of Miss Carrie E. Smalley on Monday Afternoon.

At two o'clock yesterday, from the family residence, 229 West Pleasant street, occurred the funeral of Miss Carrie Smalley, whose death the REPUBLIC has previously noticed. At the appointed hour a circle of friends gathered to pay the last tribute to the one so dearly loved by all who knew her.

Rev. Dr. Fullerton, pastor of the Second Presbyterian church, of which Miss Smalley was a member, conducted the services. He read from her Bible selection, which were marked, and then, at her request, based his remarks on the twenty-third Psalm, fourth verse.

In feeling terms he spoke of the beautiful Christian character of the now departed saint of God, who, by her cheerful disposition during her long illness, had been to him a source of comfort and joy.

Dr. Fullerton was followed by Rev. Dr. Luntz, of Central M. E. church, in a few well chosen words, and who offered a closing prayer.

A quartette, composed of Misses Alice Bennett and Anna Showers and Messrs. C. E. Sellers and Orrin Hayes, sang with much feeling two songs—The Selection, "Miss Smalley," "I would not live again," and "Safe in the arms of Jesus."

The floral emblems were beautiful and expressive of the tender regard in which the deceased was held by her associates and friends.

The services were concluded at Fernellif, which all that was mortal of sweet-spirited Carrie Smalley was laid away to await the last trumpet on the resurrection morn.

SEVERE SENTENCES. Mayor Goodwin Makes the Petit Offenders Go to the Workhouse.

An unusually large number of petit offenders were arraigned before Mayor Goodwin yesterday afternoon, but most of the cases were continued.

BASEMENT OF THE LAGONDA HOUSE TO BE TRANSFORMED INTO BUSINESS ROOMS.

Immediate Steps are to be Taken For Another Building, Commencing at the Corner of Limestone and extending west about one hundred and fifty feet.

The basement of the Lagonda House to be transformed into business rooms. Immediate steps are to be taken for another building, commencing at the corner of Limestone and extending west about one hundred and fifty feet.

The excavation will be three feet in width, the limit allowed by the city ordinance. The excavation will be three feet in width, the limit allowed by the city ordinance.

Mr. Bookwater's purpose is to convert the entire basement of the Lagonda house into high street into business rooms, similar to those of the Lagonda house. They will have glass fronts and communicate with the pavement by stairways descending at intervals.

An iron railing will separate the pavement from the depressed space from which the rooms will be lighted. It is understood that it is proposed to put in a large restaurant and dining hall, similar to the one in the "celebrated 'dairy lunches' of Chicago."

Mr. Bookwater has other important improvements in contemplation which cannot be published.

Director Blumenschein Detained at Home by a Sick Child.

There was no meeting of the Orpheus society last (Monday) evening, the occasion of the regular weekly session. The society assembled at Temperance hall, according to arrangement, but word was received from Director Blumenschein that he could not be present, being detained at his home at Dayton by a very sick child.
