Some people think 'tis only made For cleansing goods of heavy grade, For washing down the walls or stairs, The bureau, tables, and the chairs, But folks do well to change their mind; Tis not to things like these confined, And not alone the kitchen maid And laundress prize its friendly aid:

I find it just the nicest thing For toilet use and barbering. The slightest touches will suffice To make a foamy lather rise, That holds the beard till smoothly laid. However dull may be the blade. In short the tale is ever new That tells what IVORY SOAP will do."
