OUR COUNTRY : First, Last and Forever.

N. WEBSTER MAJOR, one of the editors of the Pottsville Chronicle, is said to be a candidate for the Legislature in the Fourth district, subject to Republican rules. His home is at Port Carbon, and he has a host of friends who believe he would make a strong candidate and an able repre- introduced in the Virginia legislature.

Sibley's Change of Faith.

Mr. Sibley, former apostle of free silver, and idol of the Bryan followers in this state, has changed his views on the financial question and is now in accord with Republican doctrines. He says, in an authorized interview, that his direful predictions in 1896 have failed, and that the gold standard and William McKinley brought prosperity to the whole country, which in his opinion is permanent.

Mr. Sibley's change of attitude may be better appreciated when it is realized that he was the favorite Eastern candidate of the silver wing of the Democratic party for the Presidential nomination in 1896, and that he could have been nominated for Vice-President if he would have consented to become a candidate.

Speaking of his unfulfilled predictions he said : "Bimetalism was a living issue in 1896, but the conditions have changed. In that year I publicly predicted that if McKinley and the gold standard were successful prices would fall, with a corresponding increase in the purchasing power of the gold dollar and we would have Crown Point, Ind., Dec. 13.—Judge an era of hard times and commercial Gillett yesterday decided that a nondepression such as this country has union workman, discharged at the beseldom witnessed.
