LOCAL INTELLIGENCE.

—A number of locals are deferred until tomorrow's issue.

—Attention is called to the auction sale advertised for this morning, by Tom Winter, auctioneer.

—The sheriff has commenced distraining property for personal taxes. We advise everybody to settle up this week and save costs.

—Judge Mulkey received the full vote of his party, in Cairo, on Monday; and, wonderful to relate, the support of about twenty-five Republicans.

—Step up to the captain's office—Captain Jack Hodges'—and pay your personal taxes if you want to save trouble and costs. This is your last chance.

—James Robinson the bare back rider with his great 25 cent show will be here week after next. This is about as complete a genuine circus as there is on the road, with the very best ring performances.

—It was reported yesterday evening that St. Clair county had given Judge Mulkey a majority of nearly 2,000, his majority in East St. Louis being over 600. The Judge's majority in Clinton county is over 400.

—There is a hand car—pchaps a number of them—in use on the Cairo and Vincennes railroad that is constructed somewhat on the principle of a velocipede. In propelling it the feet as well as the arms are made to do service. It is a cumbersome thing, however, and raquires a great deal of power to move it. It is used, chiefly, we hear by telegraph repairers.

—Rev. Mr. Bennett, Baptist minister at Anna, and Rev. Mr. Richardson, of Villa Ridge, are in the city, sent here by the mission board, to try to revive the Baptist work here in Cairo. They will hold meetings every evening this week, and next Sabbath morning at Turner hall.

—Dr. Huggins, the celebrated dentist has arrived from the State of Tennessee, after having completed a tour of the states. He has a new process for extracting teeth, causing no pain. He will remain in this city a few weeks only. Teeth extracted for poor people free of charge.

—The funeral ceremonies over the body of Rev. Dillon-Lee, deceased, in the Church of the Redeemer, yesterday morning, were very solemn and impressive. The building was draped in mourning, and the crowd present furnished ample testimony of the high esteem in which deceased had been held, and how sincerely his death is mourned. The Knights Templar, of which deceased was a member, were present in full uniform, and with many friends, accompanied the remains to the cemetery.

—A dispatch received by Judge Baker, late yesterday evening, says that Wabash county (Green's home county) gives Green a majority of 212 votes, and Edwards a majority of 480. Judge Mulkey's majorities as far as could be learned up to ten o'clock last night, were as follows: Franklin 270, Union 1135, St. Clair, 1652, with two precincts to hear from; Hamilton county 390; Gallatin county 300; Monroe 692; Jefferson about 400. Mr. Mulkey's election by a majority of from 3,000 to 5,000 may be put down as a certainty.

—The Republican majority in Cairo, as shown by the returns of Monday's election, is about 65 votes. About three hundred and fifty voters, at least three hundred of whom are whites, remained away from the polls. Business men passed and re-passed the polls in all the wards of the city, but were so completely absorbed in their own affairs, and so utterly indifferent respecting public affairs that they did not feel called upon to step twenty or thirty feet out of their way, to discharge what every right-thinking citizen esteems a sacred duty. Such men are "noodles."

—It is claimed by yellow fever augurers that the weather of the past week has operated as a set-back to the development of germs, etc. In New Orleans the Board of Health is doing good work. It has perfected arrangements by which the sewers of the city are doused every morning with great streams of fresh water, drawn from the river by powerful steam pumps. The streets are swept daily by horse sweepers, and the rubbish gathered, is thrown into boats and towed to a point several miles below the city, where it is thrown into the river. A little re-energized whooping up in Cairo would not come amiss, just now. Mr. Wooten, what say you?

—The Democracy have achieved another glorious victory in Chicago. At the Judicial election held there on Monday, Judge Dickey for Supreme Judge, received 23,261 votes; Dent, Republican, received 14,472. For Circuit Judges Rogers received 27,254; McAllister 28,194; Barnum 22,918; Moran 22,450; Tuley 21,120. All these men are Democrats. The vote given the four Republican candidates is as follows: Booth, 14,828; Rosenthal 14,167; Buell 13,619; Williams 12,556; Reed 10,730. The county precincts of Cook county will give the Republican candidates a majority of about 2,000, leaving the Democratic majority ranging from 7,000 to 10,000. Both parties had a regularly nominated ticket in the field, and it was a square party fight.

—We spoke yesterday of the arrest of a colored man named George Hopkins, under a charge of larceny. A colored woman made oath that George had stolen her watch. George gives a very plausible explanation of the matter, and shows that the prosecution is the suggestion of jealousy and resentment. George says, so we are told, that he had worn the watch some time, with the colored woman's consent. That quite recently he commenced paying his addresses to another sun-masked damsel, whereat damsel No. 1 became, as George alleges, furiously jealous, and demanded a return of the time-piece. George concluding he would withhold the watch until No. 1 regained her equanimity of temper, refused to hand it over. Wherefore the irate and jealous damsel sued.

—We were not a little diverted Monday night, by the sayings and doings of a group of a half dozen colored men and women who had gathered about the building where the negro man Newman was killed, better known as the "auger hole." Confident that the bloody dead man would return and groan and rattle chains about the building, the inmates got out the day following the murder, and ever since then the upper portion of the house has remained vacant. The colored men, Monday night, were trying to screw their courage to the point of exploring the room wherein Newman was killed. A colored woman declared that not twenty minutes before that time she had heard the dead man "turn over and groan three times." Finally one of the men asked a woman in the crowd to blind-fold him. Then turning to another colored man he said, "I'm no coward; I'll go right up and sit down in that room—if you'll go with me." The party addressed promptly resented the idea that he was a coward, and demanded that the other be blind-folded. He'd go with him, and stay there all night. And then the women tried to dissuade the daring fellows, but all to no purpose; they'd made up their minds to go and go they would if they died for it; and then arm in arm the two entered the passage. But right here a dispute arose as to who should ascend the stairs first. The blind-folded man had made the banter and it was his "right" to go first. "No it wasn't," and "yes it was," passed and repassed a half dozen times; and but for the circumstance that an alarmed cat dashed down the stairs, and caused the unbandaged darkey to dash headlong for the street, a fight would probably have ensued right there, within plain view of Newman's bloody ghost. Then both of the men declaring that they were ready to stay all night in that room any time, separated, each disposed to tantalize the other on the score of his cowardice. That the room is haunted by Newman's ghost is religiously believed by half the colored folks of the entire neighborhood.

—We have scarcely returns enough to speak confidently concerning the result of Monday's election in this Judicial circuit, but it seems to us quite impossible that the 2,400 majority received by Judge Browning in Union and Franklin counties can be overcome. We take it for granted, therefore, that he is elected. Mr. Baker's election we also put down as a fixed fact. The struggle for the third place is between Harker and Crawford, with the chances, as we now look at it, in favor of Crawford. Mr. Crawford will go out of Union with 1,200 majority. He has greatly reduced the Republican majority in Massac, and will receive a majority of not less than 200 in Hardin. Unless Harker obtains an unexpected majority in Saline county, and unforseen results are brought about in Williamson and Jackson, Crawford will be elected by a majority of 200 to 300 votes. This would be an equitable division of spoils, and not an inapt one as regards the needs of the people.

—The Republican vote on Monday is represented by the 668 votes given to Judge Harker. No Democrats voted for him, and he was entirely acceptable to the Republicans. Putting the Republican vote at 668, it is fair to assume that 650 Republicans supported Judge Baker. A few colored men who had tasted his justice and were deservedly punished by him, voted against him If then, 650 votes represents the Republican support given to Mr. Baker, it follows that his total of 918 votes was completed by the support of 268 Democrats. It becomes interesting, therefore, to know from whom these 268 Democratic votes were drawn. The Democratic vote, as nearly as it can be ascertained, was 602. Mr. Lansden received 566, which shows that he was scratched by 36 Democrats. After ten o'clock there was a strong fight made against Mr. Lansden by two or three influential Democrats, who argued, (but incorrectly,) that the contest was between Baker and Lansden. It is safe to assume, therefore, that of the 36 Democrats who scratched Mr. Lansden 30 of them substituted the name of Mr. Baker. Sixty-five Democratic voters scratched the name of Judge Crawford, and it is safe to say that sixty of these voters substituted the name of Judge Baker. The name of Judge Browning was scratched 191 times, and the name of Judge Baker substituted as often, certainly, as 178 times. We have, therefore the following showing:

Baker received of Republican votes	650
" drew from Browning	178
" " " Crawford	60
" " " Lansden	30
Total vote for Baker	918

This, we think, is a fair showing of the Democratic vote given to Mr. Baker. Tickets with Mr. Baker's name substituted for Mr. Lansden's, were plentiful, and there was, during the latter part of the day, an industrious effort made to get a large number of them into the ballot box. But for Mr. Lansden's high standing as a citizen and as a lawyer the number voted would not have been limited to thirty, nor twice thirty. But enough of details. From a party point of view the result of the election will tell powerfully against the Democracy of Cairo in the future. Our fellow Democrats abroad, conceding to the Cairo Democracy two places on the ticket, they had a right to look not only for unity and harmony, but an enthusiasm that would center on the ticket every Democratic vote in the city. We'll "catch the devil;" and we confess that all the weapons of defence have been snatched from our hands.

COUNCIL MEETING LAST NIGHT.

The council meeting last night was protracted until nearly midnight, and the reader will therefore excuse us if we omit details.

The bid of Albert Smith to remove garbage during the months of June, July and August for $45 per month and the balance of the season for $35 per mouth, was accepted.

Petition of the Delta City fire company, praying for the appropriation of $100 to assist in building public cistern, was presented by Alderman Halliday who moved that the prayer of the petition be allowed, and that cistern be built under the direction of the street committee. Agreed to.

The city treasurer reported a balance in the treasury of $12,065.65

The petition of sundry property holders asking the reconstruction of sidewalks on the easterly side of Commercial avenue, between Sixth and Eighth streets, was referred to the committee on streets.

The advance agent of Robinson's circus asked that inasmuch as the price of admission to his circus was only 25 cents, and as the champion rider of the world was connected with it, that the price of license be reduced from $50 to $25. Tabled.

Petition asking council to declare Baumgard rookery a nuisance was referred to city Marshal, to examine premises and report.

The ordinance prohibiting the running at large of horses, cattle or boar hogs south of Thirty-fourth in the platted portion of the city, was passed by a vote of 8 to 1.

The salary bill with the exception of amounts due Sheehan and Taylor was passed. Consideration of excepted items deferred until next meeting.

Bills for reconstructing sidewalks, to the amount of $2,100 were presented and referred to the committee on claims.

The committee on streets was directed to perform certain work at Cache bridge and to advertise for 1,800 to 2,000 yards of filling at the approaches.

The official bonds of W. B. Gilbert, F. S. Smith, J. C. LaHue, J. P. Hogan, W. W. Wooton and W. F. Schuckers were presented and approved.

And now at this juncture commenced "the circus." The Mayor assigned his reasons for removing policemen Wilson and Olmstead, and jailor Mahoney, which were, in brief, that the officers named were not in harmony with his administration, and that the term of their appointment by the former administration, had virtually expired. Whereupon Alderman Patier moved the adoption of the following resolution:

Resolved, That the Mayor's communication be referred to a special committee of three, to consist of O'Callahan, Linegar and Smith who shall consider of the same and report at next meeting. The Mayor addressing the Alderman remarked that he thought his resolution out of order. Before a vote was taken upon Mr. Patier's resolution, Alderman Halliday moved, as an amendment, that the action of the Mayor in removing the officers named be not approved. Upon this motion the vote stood 5 ayes and 4 noes, Whereupon the Mayor decided that "two-thirds of the councilmen elect having failed to disapprove his action, the same stood approved." Mr. Linegar insisted that the vote was simply to determine if the amendment should become a part of the original motion, and that the vote upon the action of the Mayor had not been reached. Mr. Halliday argued that his motion operated as a substitute for Mr. Patier's motion, and being of a higher privilege, the vote upon it was an expression of the council upon the Mayor's action. And then there was firing and cross firing, and the result was that no further action on the Mayor's communication was had during the evening. There were sharp passages, one or two of which were visibly spiced with ill humor.

The Mayor then announced that he would place in nomination for the position of city jailor, the name of Daniel McCarthy, and the vote upon confirmation stood: ayes 3, nays 6. There was an attempt at applause among the spectators when the result was announced, but it was promptly quelled.

The Mayor then nominated for the same position, Michael E. Powers, Rejected; ayes 4 nays 5. The name of John Sullivan was submitted. Rejected: ayes 4 nayes 5. Warren Wims was nominated. Rejected—ayes 3, nays 6. John Tyler was then nominated, and he too was rejected by a vote of 4 to 5. The two last named are colored men.

The Mayor then announced that he had no further nominations to make, and the council adjourned.

ELECTION RETURNS.

The election returns received in detail, yesterday, give no indication of the final result. Unauthenticated reports seemed to indicate the election of Judge Mulkey by a majority of 4,000 or 5,000 votes. Reports current at 5 o'clock placed the majority for the Democratic ticket in Union county at over 1,100 votes, Judge Baker running 100 or more ahead of his ticket.

Mounds Junction gave the Republican ticket 67 majority.

Ullin gave the Democratic ticket 13 majority.

In Harrisburg, Saline county, Mulkey received 74 votes, Green 215; Baker 240, Harker 206, McCartney 199, Crawford 90, Browning 72, Lansden 52.

Franklin county, with two precints to hear from, gives Judge Mulkey 379 majority; Baker received 709 votes, Harker 578, McCartney 333, Browning 1,425 Crawford 447, Lansden 473.

Metropolis, Massac county, gave Green 381, Mulkey 323; Browning 244, Crawford 303, Lansden 213; Baker 421, Harker 384; McCartney 492.

ALEXANDER COUNTY.

The returns from the country precints of Alexander county are meager. Baker's majority in the county will probably reach 500. In Thebes Baker received 51, Harker 44 and McCartney 43; Crawford 16, Lansden 12 and Browning 10.

In Beech Ridge precinct the Republican candidates received 62 votes and the Democratic candidates 7 votes each.

Hodges Park gave Mulkey 52 and Green 41. Baker received 63 votes, Harker 41 and McCartney 40. Crawford received 51; Lansden 52 and Browning 30.

LATER.

Later and complete returns from Franklin county show the following result: Mulkey's majority over Green 270. Baker received 969 votes, Harker 898, McCartney 330, Browning 1,706, Lansden 559, Crawford 500. Browning's majority over McCartney in Franklin and Union is swelled by these returns to over 2,500 votes, which indicates his election by at least 1,000 majority. But a more unfavorable aspect is put upon the contest between Harker and Crawford, by these later returns. Unless Crawford receives as many votes in Pope and Saline as are given to Harker, (which we confess is not likely) Mr. Harker will be elected.

The returns from Pulaski county are scattering; but indicate a Republican majority of about 300. In Mound City Green received 184 votes and Mulkey 114. Crawford 113, Lansden 110, Browning 99. Baker 205, McCartney 181, Harker 187. Pulaski precinct gave the Republican candidates an average majority of 20. Grand Chain a Republican majority of 40, and Caledonia about 40, Mr. Baker running a little ahead of his ticket and McCartney behind.

Johnson county gives the Republican ticket a majority of about 350 votes, viz: Green 945, Mulkey 627. McCartney 920, Harker 1021, Baker 1000, Crawford 649, Lansden 578, Browning 644.

For the following additional returns we are indebted to Judge Harker:

Saline county: Green 727, Mulkey 680. Harker 729, Baker 794, McCartney 595; Crawford 776, Browning 719, Lansden 590.

Williamson county: Green 1214, Mulkey 1041. Harker 1253, Baker 1286, McCartney 1162, Crawford 1049, Browning 1102, Lansden 976.

THE DEATH RATE OF our country is getting fearfully alarming, the average of life being lessened every year, without any reasonable cause, the death resulting generally from the most insignigcant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever and Lung trouble has already set in. Thousands loose their lives in this way every winter, while had Boshee's German Syrup been taken a cure would have resulted, and a large bill of a doctor been avoided. For all diseases of the throat and lungs. Boschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine.
